# Sierra Plumas Joint USD District Technology Use Plan

### **District Profile:**

In rural Sierra County, Sierra-Plumas Joint Unified School District and the Sierra County Office of Education serve the entire student population of the county, approximately **398 students**, in grades K-12. The county is extremely rural, not well funded, and sparsely populated. The economy is based on cattle, timber, and the recreation industries. It is not uncommon for students to spend between one and two hour's daily in transit to and from school. The chart below indicates the district schools with respective student population and number of certificated teachers (CBEDS 2010).

School	Students Pop.	Staff Certificated	School	Students Pop.	Staff Certificated
Loyalton High	114	12	Downieville K-6	30	2
Loyalton Middle	49	8	Downieville 7-12	26	7
Loyalton Elem	165	11	Sierra Pass Cont.	7	1

### **County Overview:**

In rural Sierra County, the Sierra County Office of Education serves the entire student population of SDC and other special needs students, approximately **4 students**, in grades K-12. The county is extremely rural, not well funded, and sparsely populated. The economy is based on cattle, timber, and the recreation industries. It is not uncommon for students to spend between one and two hour's daily in transit to and from school. **All SCOE students are integrated into the single District (Sierra-Plumas JUSD) school sites.** The following plan was jointly developed by both the Sierra County office of Education and the Sierra-Plumas Jt Unified School District due to the tightly integrated nature of this one county, one district LEA. County certificated staff are held to the same standards and offered opportunities as District certificated staff. County classroom technology is funded separately, but all students are able to access any school student computer. The Technology Director is a full time County employee but serves the District as well.

The chart below indicates the district schools with respective SCOE students and certificated teachers.

School	SCOE Students Pop.	SCOE Staff Certificated	School	SCOE Students Pop.	SCOE Staff Certificated
Loyalton High	2	1	Downieville K-12	2	1
Loyalton Middle	0	0	Sierra Pass	0	0
Loyalton Elem	0	0			
Sierra Crest Ind St	0	0			

### 1. Plan Duration

July 1, 2013 – June 30, 2016

### 2. Stakeholders

The stakeholders directly affected by this technology plan are the people within the school district and the community. They will benefit from the implementation of this technology plan and the use of current technology resources. The Technology Planning Team includes the Technology Director, the Curriculum Coordinator, three principals and one site tech. This plan was reviewed by the Curriculum Council, which is made up of the County and District superintendents, site principals, three teachers and the curriculum coordinator. Input from the community/parents was received via each site's Site Council and through the Board adoption process.

### 3. Curriculum

3a. Description of teachers' and students' current access to technology tools both during the school day and outside of school hours.

Students have access to computers throughout the day, and after-school as arranged with staff. The overall student to computer ratio in classrooms is 3.2:1 in K-6, 1.4:1 in 7-8, and 2.1:1 in 9-12. Each classroom has at least one computer connected to the Internet. Each school's computers and peripheral devices are from one to four years old, vary in configuration and platform, but generally run current software and tend to function dependably. All of the computers have been upgraded with memory and operating systems to keep up with current demands. There is a small library at each site that is equipped with at least one computer and all are connected to the Internet. The site libraries serve as both resource learning centers and traditional collections. Students have come to rely on the Internet as an important research resource since local public libraries have even fewer offerings. The closest university libraries are at least 50 miles away. Students with advanced learning needs access a variety of AP courses through the University of California Office of the President (UCOP). AP classes are held in varying locations from site to site. All high school sites have student laptop computers on a wireless network for AP course access if needed. Loyalton High and Downieville High students use the new Mobile Learning Lab(s). Loyalton High School and Downieville Schools both have computer labs as well. All teachers have been issued a laptop computer for their immediate use as a tool to manage their classroom and curriculum

Site	Number of	Platforms	Student:	Library

# 3b. Description of the district's current use of hardware and software to support teaching and learning.

Due to the District's geographic isolation, technology has become an important educational tool. Because SIERRA PLUMAS JOINT UNIFIED SCHOOL DISTRICT provides standards-based instruction K-12, technology must be integrated into all core areas. Our secondary schools utilize Internet and Video Conferencing services to provide core, AP courses and elective courses that would otherwise be unavailable due to the lack of fully qualified teachers. School libraries District-wide have limited print resources; therefore, online access and software purchases allow students much better research opportunities.

Through a variety of enrichment and remediation software programs (STAR Math, Accelerated Reader, LinkIt!), teachers can do regular assessments and provide focused interventions. Students in grades K-12 regularly use the technology resources for enrichment, skills development, and performance-based assessments. Special needs students' benefit through purchases of textbooks/novels on CD. Students 2 -12 receive training in the use of computers and attendant software beginning in the second grade. English/language arts students have word processing standards beginning in grade 6. Science, beginning in 5<sup>th</sup> grade, has investigation and experimentation standards requiring technology use. Information literacy skills are integrated into History/Social Studies through research reports and projects beginning as early as the 4<sup>th</sup> grade. However, more emphasis is needed in all areas: in the arts; painting, drawing, movie production, music production, in the sciences; data management project presentations, in the technology classes; programming, web page production at all grade levels.

The staff at all sites is fully committed to using Powerschool student information system for attendance, grades and disciplinary management. The District has also been using Edusoft and LinkIT!, as student performance management tools with success in gauging students overall knowledge on core subjects. The purchase of two 30 laptop mobile labs (Downieville High School and Loyalton High School), along with the purchase of a 30 ipad mobile lab at Loyalton Middle School has allowed the students to fully integrate technology into their daily lives. The mobile labs are readily available for research and learning purposes.

School Program	Typical Uses of Technology	Typical Frequency
Loyalton Elementary School	Accelerated Reader/Microsoft Office Suite	2 times each wk.
Loyalton Middle School	Edusoft/Microsoft Office Suite/AppleWorks/LinkIT!	3 times/Wk
Loyalton High School	UCCP/Microsoft Office/PhotoShop/iPhoto	3 times/Wk
Downieville High School	UCCP/Microsoft Office/PhotoShop/iPhoto	3 times/Wk
Downieville Elementary	Accelerated Reader/Edusoft/Microsoft Office/AppleWorks/LinkIT!	2 times/Wk
Sierra Pass Cont.	Microsoft Office/AppleWorks	3 times/Wk

### 3c. Summary of the district's curricular goals that are supported by this tech plan.

The Sierra-Plumas JUSD curricular documents emphasize the need for every student to achieve at his/her fullest potential.

- 1. Provide a general educational background in oral and written English, natural sciences, reading, mathematics, and social sciences.
- 2. Provide a program of advanced academic subjects to prepare students who are planning to attend institutions of higher learning.
- 3. Develop intellectual curiosity and a positive attitude toward continuing education.
- 4. Develop problem solving competence and the ability to evaluate constructively and objectively.
- 5. Provide, within available resources, a program of elective subjects and extra-curricular activities which will permit each student to pursue his/her interests, develop his/her talents, and acquire useful skills.
- 6. Develop flexibility and appropriate attitudes toward change.

All curricular materials are purchased aligned to California State Content Standards. Annually the district reviews student achievement scores and reviews progress and emerging trends in student achievement. Students have made significant gains in their reading skills. However, review of recent testing data noted a need for increased attention to Math and Science. In

addition, writing continues to be identified as the skill focus for all students K-12. As a result Sierra-Plumas Joint Unified School District has targeted math and science as the core subjects to be emphasized for improvement. CST (California Standards Test) scores in grades 9-11 in math and science show the smallest number of proficient students of the core subjects. The district also strives to continue offering alternative classes within the district to students through the distance-learning program outside of those already being offered. The potential for students in Loyalton and Downieville to take classes in otherwise unavailable areas is now beginning to become a realization

3d. List of clear goals, measurable objectives, annual benchmarks, and an implementation plan for using technology to improve teaching and learning by supporting the district curricular goals.

**Goal 3d:** 100% of students K-12 will use technology resources to achieve CA Content standards in math.

### **Objective 3d.1:**

By June 30, 2016, 100% of students K-12 will use technology resources to achieve CA Content standards in math.

**Year 1 Benchmark:** By June 30, 2014, 75% of students K-12 will use technology resources to achieve CA Content standards in math.

**Year 2 Benchmark:** By June 30, 2015, 90% of students K-12 will use technology resources to achieve CA Content standards in math.

**Year 3 Benchmark:** By June 30, 2016, 100% of students K-12 will use technology resources to achieve CA Content standards in math.

### **Objective 3d.2:**

By June 30, 2016, 100% of the students in grades K-12 will utilize technology resources to demonstrate improvement their writing proficiencies.

**Year 1 Benchmark:** By June 30, 2014, 75% of the students in grades K-12 will utilize technology resources to demonstrate improvement their writing proficiencies.

**Year 2 Benchmark:** By June 30, 2015, 90% of the students in grades K-12 will utilize technology resources to demonstrate improvement their writing proficiencies.

**Year 3 Benchmark:** By June 30, 2016, 100% of the students in grades K-12 will utilize technology resources to demonstrate improvement their writing proficiencies.

### **Objective 3d.3:**

By June 30, 2016, 100% of students K-12 will use technology resources to achieve CA Content standards in social studies.

**Year 1 Benchmark:** By June 30, 2014, 75% of students K-12 will use technology resources to achieve CA Content standards in social studies.

**Year 2 Benchmark:** By June 30, 2015, 90% of students K-12 will use technology resources to achieve CA Content standards in social studies.

**Year 3 Benchmark:** By June 30, 2016, 100% of students K-12 will use technology resources to achieve CA Content standards in social studies.

### **Objective 3d.4:**

By June 30, 2016, 100% of the students in grades K-12 will utilize technology resources to demonstrate improvement in science.

**Year 1 Benchmark:** By June 30, 2014, 80% of the students in grades K-12 will utilize technology resources to demonstrate improvement in science.

**Year 2 Benchmark:** By June 30, 2015, 90% of the students in grades K-12 will utilize technology resources to demonstrate improvement in science.

**Year 3 Benchmark:** By June 30, 2016, 100% of the students in grades K-12 will utilize technology resources to demonstrate improvement in science.

As a small district with extremely limited resources, there is a need to prioritize according to areas of greatest need. This educational technology plan will emphasis the academic areas of math, science, social science and writing as indicated by review of student test scores.

3e. List of clear goals, measurable objectives, annual benchmarks, and an implementation plan detailing how and when students will acquire the technology skills and information literacy skills needed to succeed in the classroom and workplace.

The use of information literacy as a research process needs is as a way to enhance students' safe and effective use of the Internet for research purposes. SIERRA PLUMAS JOINT UNIFIED SCHOOL DISTRICT recognizes the need to adopt a continuum of technology proficiencies to guide and assess the introduction and development of technology proficiencies for all students.

Staff will continue to develop their own skills with the Big 6 and Big 3 processes and effective strategies for integration into the curriculum.

Staff will look at a variety of technology proficiency continuums and begin the process of adopting a continuum for developing and assessing technology proficiencies that is appropriate for SIERRA PLUMAS JOINT UNIFIED SCHOOL DISTRICT students. The use of the current, updated technology that has been installed throughout the district enables students to have a virtually endless stream of information and data at their fingertips. Teachers will facilitate the literacy information in a way that students can use critical thinking skills to plan and conduct research, manage projects, solve problems, and make informed decisions using appropriate digital tools and resources, while understanding the human, cultural, and societal issues related to technology and practice legal and ethical behavior.

Goal 3e: Students will acquire the technology skills and information literacy skills needed to succeed in the classroom and workplace.

### **Objective 3e.1:**

By June 30, 2016, 100% of students will demonstrate understanding of grade level technology and information literacy skills.

Year 1 Benchmark:

By June 30, 2014, 85% of students will demonstrate understanding of grade level technology and information literacy skills.

Year 2 Benchmark:

By June 30, 2015, 95% of students will demonstrate understanding of grade level technology and information literacy skills.

Year 3 Benchmark:

By June 30, 2016, 100% of students will demonstrate understanding of grade level technology and information literacy skills.

Implementation Plan				
Obj. # (Optional)	Activities	Schedule/Timeline		
3.e.1	All students in grades 6-8 will complete a research project in at least two of the core content areas.	June 2014		
3.e.1	All students in grades 4-5 will complete a research project in two or more of the content areas and all students in grades 6-8 will complete a research project in each of the content areas.	June 2014		
3.e.1	All students in grades 4-8 will complete a research project in all of the content areas and continue this annually.	June 2014		
3.e.1	All students in grades 2-12 will have curriculum that includes the use of SmartBoards, Scientific Probeware, Web Research and Applications and Presentation and Multimedia Software.	June 2014		

Monitoring and Evaluation					
Obj. #	Tool/Data Source	Schedule/Timeline	Title of Person(s) Responsible		
3.e.1	Teacher lesson plans and other curriculum documents; student work	June 2014, annually thereafter	Teachers Site administrators		
3.e.1	Grade level and staff meeting agendas	June 2014, annually thereafter	Teachers Site administrators		
3.e.1	Technology committee meeting agendas Revised standards and proficiencies document	June 2015	Superintendent Site administrators Teachers		

Over the three-year duration of this plan, the Technology Department, in continued collaboration with the Curriculum Council, will develop lessons that focus specifically on technology resources and information literacy to help our students meet and surpass the District Technology standards for students. Principals will use the Technology Standards for Students in working with teachers to ensure technology is used on a consistent basis and that information literacy skills are incorporated into lessons throughout the year. Principals will review the ISTE Technology Standards for Students during at least one staff meeting by June 30 of each year of this plan. Teachers will discuss the integration of the standards in at least two Professional Learning Communities (PLC) meetings by June 30 of each of this plan. Principals and teachers will review the Standards for Students to ensure appropriateness. Information on 21<sup>st</sup> century learning skills will be distributed to all teachers and administrators posted on the District Website.

### **Evaluation Instruments, Procedures and Responsibility:**

- 3.1 Updates to the District Technology Standards for Students will be reviewed by the staff listed above and posted to the District website by June 30 of each of this plan. The Technology Department and site administrators will present the Student Standards and schools will keep the attendance logs from the annual meetings. Principals will keep an attendance sheet of staff meetings where the Standards are reviewed. **Responsibility**: Technology Director, Teachers, and Site Administrators.
- 3f. List of goals and an implementation plan that describe how the district will address the appropriate and ethical use of information technology in the classroom so that students can distinguish lawful from unlawful uses of copyrighted works, including the following topics: the concept and purpose of both copyright and fair use; distinguishing lawful from unlawful downloading and peer-to-peer file sharing; and avoiding plagiarism. (AB 307)

Action Plan (for both goals)	Timeline

a	The district will review its formal policy on copyright, fair use, and teacher-owned software. Will revise as necessary and disseminate to teachers.	daily/ weekly monitoring through walkthroughs; reviewed in spring of each year.
b	The district will continue its standard process for monitoring AUP compliance and disseminating permissions information to all staff and students.	Annual check.
С	Sierra Plumas Joint Unified School District will require signed AUP and other required documents from all teachers upon hire, and include 3f/g information during new hire orientation. Supervised by district with central office support in the new hire process.	Ongoing upon hire; October and annually thereafter.
d	Sierra Plumas Joint Unified School District will require signed AUP from all students/parents upon enrollment and then every year. Tracked at the site level.	Ongoing, October and annually thereafter.
e	Issues of legal and ethical use of technology and Internet safety will be addressed for all age groups in the Information/Technology literacy skills embedded in the Instructional Guides  Teachers/Teacher Librarians will utilize national and state developed materials such as iSafe, the CTAP Region 4  CyberSafety resources, including Cyber Predators, Piracy & Plagiarism, Social networks, Inappropriate Content, Internet Safety and Cyber Bullying, and/or others as appropriate to instruct students.	Skills embedded by Instruction ongoing according to state content standards/Instructional Guides.
f	Sierra Plumas Joint Unified School District will provide iSafe, other relevant Internet Safety and ethics professional development to teachers.	Annually, all schools; roll out TBD
g	Sierra Plumas Joint Unified School District will provide iSafe, other relevant Internet Safety and ethics training to students.	See Item e
h	Sierra Plumas Joint Unified School District will provide iSafe, other relevant Internet Safety and ethics (e.g., responsible use) training to parents via Parent Centers and other mechanisms, as per a collaboration with the Districts; School Family & Community and Parent Services Division and the Educational Technology Group.	Annually, all schools; roll out TBD.

Person Responsible	Monitoring, Evaluation, and Program Modification Process
Students	• Sign AUP, take annual <u>Student Survey</u> in EdTechProfile (Gr 5, 8, 11)

D	M'4' F
Person Responsible	Monitoring, Evaluation, and Program Modification Process and demonstrate knowledge of ethics and safety in work samples.
Teachers	<ul> <li>Take/update the EdTechProfile <u>Technology Assessment Profile</u> annually between August and October (used to monitor and demonstrate teacher and student proficiency/knowledge/practice with CCTC Standard 9, knowledge of law, safety, and acceptable use policies, questions 1, 3)</li> <li>Monitor student use of computers and other technology, including compliance with Acceptable Use Policy.</li> </ul>
Site administrators	Monitor compliance with district policy on copyright, fair use, and teacher-owned software via classroom walkthroughs
	Sign Administrator Certification Form (October and April)
	Monitor classroom instruction, including teaching of relevant ethics, Internet safety and copyright policy in lessons (e.g., classroom walkthroughs, formal or informal observations, review of lesson plans).
	Run and review site-level Technology Assessment Profile reports annually
District staff	Monitor and track staff AUP and other required Bulletin signing.
	Produce and analyze anonymous aggregation of <u>Technology Assessment Profile</u> results
	Will supervise process of making sure the required subjects are in Instructional Guides
Chief Technology Director, Educational	Will review district policy on copyright, fair use, and teacher-owned software as appropriate for update each year as per legislative and district mandates.
Technology Group	Working with site principals, will monitor standard process for monitoring AUP compliance
	Will review records to ascertain number of teachers and other staff taking i-Safe or similar training.
	As needed, will add courses needed for teachers/staff to learn/practice the CCTC standards 9i (1) and (3)

**Goal 3f**: All students will be able to distinguish lawful from unlawful uses of copyrighted works, including the following topics: the concept and purpose of both copyright and fair use; distinguishing lawful from unlawful downloading and peer-to-peer file sharing; and avoiding plagiarism.

Implementation Plan					
Activities	Timeline	Person(s) Responsible	Monitoring & Evaluation		

Update present Internet Acceptable Use Policy to include copyright, plagiarism, and unlawful downloading. Parents and students sign each year.	September 2013 Annually thereafter	IT Director	Review of AUP
Library/Media Specialists attend RIMS CTAP train the trainer Information Literacy/Internet Safety workshop.	Fall 2013	Library/Media Specialists	Attendance Verified
Library/Media Specialists deliver staff training and student lessons on Information Literacy/Internet Safety.	Jan 2014 Jan 2015 Jan 2016	Principals Library/Media Specialists	Lesson plans and training logs.
Students receive lessons on copyright, fair use, plagiarism, and unlawful downloading from classes	Fall 2014 Fall 2015	Grades 4-12 teachers	Principal review of lesson plans
Students incorporate appropriate copyright and fair use into their projects.	Winter 2014 Winter 2015	Grades 4-12 teachers	Teacher and administrators review projects.
Staff collects examples of student projects and review for use of appropriate and ethical use and copyright.	Annually, each Spring	Staff & Admin.	Student technology work is reviewed and assessed by staff and admin.
Teachers will be trained to implement an Information Literacy/iSafe curriculum, which includes copyright and fair use and ethical uses of technology.	Fall 2013	Staff & Administrators	Principal will review teacher participation in online iSafe training.
Students will take the iSafe pre- and post-assessment.	Pre- assessment every fall Post- assessment every spring	Teachers and Administrators	Student work is reviewed and monitored by staff.
Annually, district will evaluate the student post-assessment data to determine modifications to the instructional program to better ensure understanding of copyright and fair use, legal and illegal downloading and P2P file sharing, and avoiding plagiarism.	Annually, every spring	Director of Curriculum and Instruction	Principal will review student data and lead staff in program modification.

Goal 3g: All students will be able to apply Internet safety rules, including how to protect their online privacy and avoid online predators when they are using the Internet.

Implementation Plan						
Activities	Timeline	Person(s) Responsible	Monitoring & Evaluation			
Update present Internet Acceptable Use Policy to include online safety. Parents and students sign each year.	Sept 2014 Sept 2015 Sept 2016	IT Director	Review of AUP

## 3h Description of the district policy or practices that ensure equitable technology access for all students.

Equitable access to technology is important to the Sierra-Plumas Joint Unified School District. The deployment of multiple laptop carts and "high-access" programs (like the different 1:1 laptop programs), give all students SIERRA PLUMAS JOINT UNIFIED SCHOOL DISTRICT access to technology. Throughout the year, the Technology Director and Site Tech's will assess the opportunity for all students to have access to technology regardless of achievement level, language ability, or special needs.

# 3i. List of clear goals, measurable objectives, annual benchmarks, and an implementation plan to use technology to make student record keeping and assessment more efficient and supportive of teachers' efforts to meet individual student academic needs.

One hundred percent of District schools currently use *PowerSchool* keep track of student records, attendance, benchmarks, and statewide assessment data. Teachers in the Middle and High Schools use Power Teacher Grade book as a means for updating and tracking student grades. Parents can request online access to grade data in *Powerschool Guardian portal*. The use of technology has helped site and district administrators, teachers, and other district personnel have easy access to tracking student achievement and growth.

The District puts an emphasis on the use of data-driven decision-making. On-going upgrades to the Powerschool Server allows for consistent data collection. Site administrators and teachers will continue to spend time analyzing results of benchmarks and statewide testing to ensure that students are exhibiting growth and instruction is focused on what students need. In Professional Learning Communities, teachers will be able to analyze test results and determine specific students who may need modification, re-teaching, and reinforcement. Additionally, teachers will be given time to determine if there are any specific areas to re-teach the entire class.

Goal 3i: Use technology to make student record keeping and assessment more efficient and supportive of teachers' efforts to meet individual student academic needs.

### **Objective 3i.1**

By June 30, 2016. 100% of the staff will demonstrate understanding of the use of technology to make record keeping and assessment more efficient.

Year 1 Benchmark: By June 30, 2014, 75% of the staff will demonstrate understanding of the use of technology to make record keeping and assessment more efficient.

Year 2 Benchmark: By June 30, 2015, 90% of the staff will demonstrate understanding of the use of technology to make record keeping and assessment more efficient.

Year 3 Benchmark: By June 30, 2016, 100% of the staff will demonstrate understanding of the use of technology to make record keeping and assessment more efficient.

#### **Implementation Plan:**

The Technology Director will collaborate with the PROFFESIONAL LEARNING COMMUNITY meeting attendees, Site Tech's and Site administrators to continue to provide support for using Powerschool and Edusoft along with current installed technology.

Activities	Timeline	Person(s)	Monitoring & Evaluation
		Responsible	
Train Site Tech's in how to analyze	June 30,	Tech.	Use sign in sheets for
Edusoft and Powerschool Data.	2013	Coordinator	Edusoft and Powerschool
			to track support.
Site Tech's to train teachers and staff	June 30,	Tech. Coord.	Use sign in sheets for

		Curriculum	within curriculum.
		Council	

### **Evaluation Instrument(s)** — Data To Be Collected:

The IT Department and site administrators will utilize PROFFESIONAL LEARNING COMMUNITY notes to ensure that information from

*Edusoft and Powerschool* is being analyzed to help guide instruction and keep track of student growth. **Responsibility:** 

Classroom teachers, Site Tech's, Curriculum Council and Tech. Coordinator.

# 3j. List of clear goals, measurable objectives, annual benchmarks, and an implementation plan to use technology to improve two-way communication between home and school.

Sierra Plumas Joint Unified School District has strived to develop new ways and refine traditional methods of improving the communications between home and school. From PDF's of the Board Agenda on the District Website to server space for individual teacher Websites, SIERRA PLUMAS JOINT UNIFIED SCHOOL DISTRICT provides communication to parents in a variety of ways. In addition to school and classroom Websites, and traditional newsletters mailed home, every teacher and school has access to *PowerSchool* to share information about student data and achievement with all parents through the school bulletin.

### Goal 3j:

Objective 3j.1: By June 30, 2016, the number of parents accessing Powerschool Parent Portal will increase by 75% from school baseline's recorded June 2009.

Year 1 Benchmark: By June 30, 2014, the number of parent accesses to Powerschool (via Web access and email subscriptions) will increase by 10% from school baselines recorded June 2009.

Year 2 Benchmark: By June 30, 2015, the number of parent accesses to Powerschool (via Web access and email subscriptions) will increase by 20% from school baselines recorded June 2009.

Year 3 Benchmark: By June 30, 2016, the number of parent accesses to Powerschool (via Web access and email subscriptions) will increase by 25% from school baselines recorded June 2009.

**Implementation Plan:** The Tech. Coordinator will collaborate with site administrators and teachers to ensure that training is provided on a variety of means for communicating with parents (blogs, web sites, *PowerSchool*, etc.). Special emphasis will be placed on additional training in *PowerSchool* so that parents will understand how to access the *PowerSchool* site to be aware of school bulletins or track student progress. They will also have the option of signing up for email updates.

Activities	Timeline	Person(s)	Monitoring & Evaluation

Powerschool information			home at each Quarter.

### **Evaluation Instrument(s)** — Data To Be Collected:

The IT Department will study how many parent accesses per year are made via email or visits to the *PowerSchool* website. This amount will serve as the benchmark for improvement. At the end of each Semester, the IT Department will check the accesses to determine if more training is necessary.

Responsibility: Tech. Coordinator.

The IT Department will train all teachers and site administrators in utilizing *PowerSchool*, and other digital tools (blogs, websites, etc.) to strengthen the home-school connection and provide information to parents on their student's achievement. Site administrators will also keep track of the different digital means for contacting and informing parents.

**Responsibility**: Site administrators and IT Department.

3k.Describe the process that will be used to monitor the Curricular Component (Section 3d-3j) goals, objectives, benchmarks and planned implementation activities including roles and responsibilities.

The Technology Director will be responsible for monitoring implementation of the goals that are in the curriculum component. Site principals and the Teacher-in-Charge will be involved in the monitoring of technology integration into the teaching process through the teacher observation process. Technology use information gathered during classroom visits for the evaluation of grants, such as the two Enhancing Education Through Technology competitive grants, will also be used. The Technology Director and Site Admin's will review student achievement data collected by the District and the State for technology integration impact.

### 4. Professional Development

# 4a. Summary of teachers' and administrators' current technology skills and needs for professional development.

As SIERRA PLUMAS JOINT UNIFIED SCHOOL DISTRICT is a remote rural district, professional development usually takes place in other locations such as Sacramento or through the Sierra County Office of Education. This usually precludes the full staff from attending, especially when professional development activities are held in the late afternoons. When teachers were surveyed regarding their technology professional development needs, their universal request was that the activities happen at their site with their equipment. A review of EdTech Profile data (2012) indicated that 70% of teachers were comfortable with word processing and Internet search skills. There is a strong need for training in spreadsheets, data bases and the current new technology that has recently been installed (SmartBoards, Polycom Distance Learning Systems, etc...) Administrators are included within this data since some of them also teach regular classes at their site.

# Teacher and administrator's current technology skills and needs for professional development.

The Tech Plan Committee identified "Instructional Technology" as the highest priority for professional development.

While staff is aware of regional California Technology Assistance Project (CTAP) offerings, few have taken advantage of CTAP Online courses (noting that they have trouble with the online connection) or the Educational Technology Academy. While some teachers are proficient in specific areas and are taking graduate level courses as part of their personal development, there is currently no school-wide strategy to advance technology proficiencies of the total staff. Higher priority is placed on curriculum alignment with California Content Standards and instructional strategies that do not depend necessarily on technology. There are currently no local professional development opportunities available to teach curriculum integration of technology applications, nor are their formal plans for the evaluation, modification or refinement of technology training for staff. The District has joined an association with the Placer County

office of Education to provide for our professional development for new teachers and to provide staff development in accordance with our current staff development plan..

Interviews with staff indicated that all would like to use more technology resources in teaching, but they felt limited by a several factors:

- Insufficient **on-site training time** to acquire needed knowledge and skills, and to do the planning required to integrate technology into current curriculum,
- Insufficient knowledge of software applications and websites specifically related to teaching California Content Standards,
- An overwhelming emphasis on teaching academic content and rising tests scores.

### 4.b and c. Goals and benchmarks for professional development:

4b. List of clear goals, measurable objectives, annual benchmarks, and an implementation plan for providing professional development opportunities based on your district needs assessment data (4a) and the Curriculum Component objectives (sections 3d through 3j) of the plan.

Goal 4b: Teachers will integrate technology into classroom teaching and learning to improve academic achievement.

### **Objective 4b.1:**

4.b.1 By June 2016, 100% of the staff will demonstrate increased use of technological learning resources to organize, teach and assess student learning in California Content Standards

### Year 1 Benchmark:

By June 2014, 75% of the staff will demonstrate increased use of technological learning resources to organize, teach and assess student learning in California Content Standards

#### Year 2 Benchmark:

By June 2015, 90% of the staff will demonstrate increased use of technological learning resources to organize, teach and assess student learning in California Content Standards

### Year 3 Benchmark:

By June 2016, 100% of the staff will demonstrate increased use of technological learning resources to organize, teach and assess student learning in California Content Standards

### **Objective 4b.2:**

By June 30, 2016, 100% of the staff will take the EdTechProfile and demonstrate improvement

Year 1 Benchmark: 80% of the staff will take the EdTechProfile and demonstrate improvement

Year 2 Benchmark: 90% of the staff will take the EdTechProfile and demonstrate improvement

**Year 3 Benchmark:** 100% of the staff will take the EdTechProfile and demonstrate

improvement

**Objective 4b.3:** By June 30, 2016, 100% of the staff will be take professional development in training on a variety of means for communicating with parents (blogs, web sites, *PowerSchool*, etc.). (3j)

**Year 1 Benchmark:** By June 30, 2014, 80% of the staff will be take professional development in training on a variety of means for communicating with parents (blogs, web sites, *PowerSchool*, etc.).

**Year 2 Benchmark:** By June 30, 2015, 90% of the staff will be take professional development in training on a variety of means for communicating with parents (blogs, web sites, *PowerSchool*, etc.).

**Year 3 Benchmark:** By June 30, 2016, 100% of the staff will be take professional development in training on a variety of means for communicating with parents (blogs, web sites, *PowerSchool*, etc.).

<b>Evaluation Instru</b>	ment(s) — Data	To Be Col	llected: EdT	echProfile,	<b>PowerSchool</b>	training

					resources;
	The district will research and				
	obtain the appropriate system				
4.b.3	Staff will be take professional				
	development in training on a				
	variety of means for				
	communicating with parents				
	(blogs, web sites, <i>PowerSchool</i> ,				
41.1	etc.). (3j)	D : 1/	I 2015	NT/A	01 4:
4.b.1	Staff integrates at least three	Principal /	June 2015	N/A	Observation
	lessons incorporating technology-	Supt.			and evaluation of
	learning resources in their teaching per week.				lessons
4.b.1	1	Tech Dir.	A navally anah	N/A	
4.0.1	A menu of opportunities* for staff development based on the EdTech	rech Dif.	Annually each	1N/A	Handouts, lists, notes
	development based on the Ed Lech		spring for		nsis, notes

	Profile survey are researched and presented to staff. On site workshops will be featured *At least 15 hrs/annually		summer / school year. implementation		from staff meetings
4.b.1	Faculty will take advantage of online technology in-service, such as CTAP Online and the Educational Technology Academy via individual professional development plans derived from EdTech Profile and other resources.	Tech Dir.	Annually per above	Title II if available	Teacher's individual professional development plans; certificates of completion;
4.b.1	Teachers will be allowed to use one day of professional development to visit schools identified by CTAP that demonstrate exemplary use of technology to support the academic core curriculum. Each teacher will report to a faculty meeting on the program visited and how it might be utilized at SPJUSD	Curriculum Council	Annually per above	Title II	Travel documents and faculty meeting notes
	Staff & stakeholder meeting to review effectiveness of Staff Development plan and make recommendations for new additions / strategies / formats	Curriculum Council	Fall 2014	N/A	Notes from staff meeting; recommendat ions; review of results from CTAP2 survey
	Staff integrates at least four lessons incorporating technology learning resources in their teaching; adding at least one technological learning resource to their teaching repertoire annually thereafter.		June 2016		

**Resources and budget required to implement these goals.** In addition to using Title I & II funds, the District will utilize a portion of its Small Rural School Achievement grant and allocated technology budget resources to fund the technology plan.

We will depend on Region 3's California Technology Assistance Project, CLRN and State Adoptions for information on California Content Standards aligned software and appropriate staff development opportunities. Professional development activities will include CTAP sponsored activities, the Educational Technology Academy, and other capacity building professional development opportunities provided by CTAP3.

Benefits from professional development based on staff needs assessment. Teachers clearly want to apply technology tools to improve student learning in California's core academic content areas. The goal is to improve test scores as indicators of student learning. Benefits of professional development related to integrating technology into core curriculum areas include

- Time to visit existing exemplary programs and effectively replicate them,
- Time to acquire in-depth knowledge of technological learning resources in order to integrate them into current curriculum,
- More technology-related teaching tools in each teacher's repertoire of instructional strategies, ultimately resulting in improved student learning and higher test scores.

### Infrastructure, Hardware, Technical Support, and Software

5a. describe the existing hardware, Internet access, electronic learning resources, and technical support already in the district that will be used to support the Curriculum and Professional Development Components of the plan.

### **Existing Hardware:**

The District would like to maintain a ratio of at least one computer for each 5 students and has so far accomplished this goal. Each classroom has at least one computer (most have two or more), and every classroom is connected to the Internet with at least one computer. The entire inventory, including peripherals needs to be re-documented and cataloged. The high school sites have labs that are used by ROP Classes and shared by the rest of the site when no ROP classes are being taught. All labs and classrooms are connected to the Internet and all students save their work on a designated server. All computers are at one to six years old. Many have 3-year service agreements, which have helped to keep repair costs down. Most of the District computers have been replaced and upgraded within the last two years. There has been a district wide purchase of upgraded printers and scanners for each site, along with LCD projectors and smartboards for every teacher.

### **Existing Internet Access:**

Classroom connectivity is via the Digital California Project nodes within the County. The connection speed varies from 100 Mb to 5 Mb depending on the site proximity to the node site. Currently 3 sites, Loyalton Middle, Loyalton Elementary and Downieville K12, are connected via a 100 Mb wireless and fiber optic links respectively. This has provided a long-term cost effective access, and has reduced ongoing costs significantly. The district has upgraded the

wireless antennas to all Loyalton Schools (2012) and is currently awaiting a fiber optic 1 GB connection to be installed in the Loyalton High School network room, provided through a grant from Plumas Sierra Rural Electric.

The district has begun to upgrade all necessary infrastructure as budgeting permits. Two new Cisco 3800 Series routers were purchased and installed in August 2012. Four new 2600 Series Cisco switches were purchased and installed in 2012 for installation at each site. Currently the district has roughly 15 Cisco switches in operation. The iPrism web filter/firewall is currently running the latest software version and the contract with St. Bernard was extended through 2016. Currently otwo domain controllers exist. They are located at the District Office and at the Downieville Tech Shack. Also at Downieville is the Exchange Server and DNS Server installed in 2011. The Exchange, DNS and Domain Server are currently filtered through an EdgeWave Email Filter. All school sites have Mac OS X 10.6 or newer Servers running the individual network accounts at the school sites and each server is less than 4 years old. Additionally wireless upgrades have been made at each school site to the newer Airport Wi-Fi 801.2 g/n' which allow greater access speed to the Internet for both staff and students. Total number of airports has also increased to allow for connections in areas of the school otherwise unable to get a signal in the past.

### **Existing Electronic Learning Resources:**

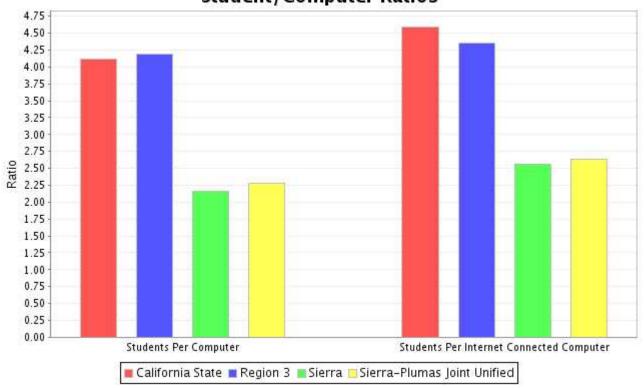

Most Macintosh operating systems in the District have been upgraded to 10.7 or newer. Current systems and servers are now running system 10.5.6 or newer. All sites have Microsoft Office 2011 installed on all computers that are newer than 2007. Older computers have Microsoft Office 2008 or have been upgraded to 2011. All sites K-12 have access to Accelerated Reader, Star Math and Star Reading.

### **Existing Technical Support:**

Currently the Technology Director over see's all sites and the District Office for all technology purposes. Each school site has a designated Site Tech to help with minor technology issues (printers, wireless, etc..).

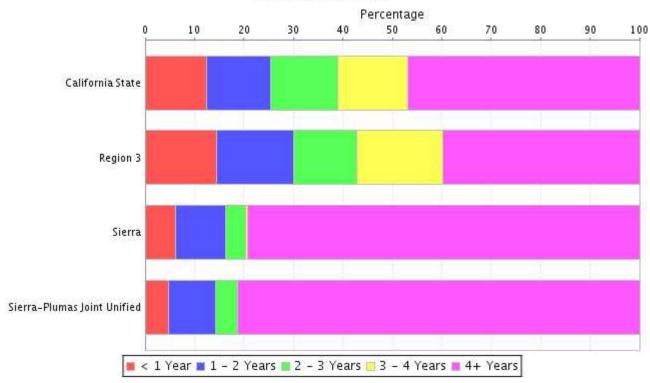

School Technology Survey: Equipment

## 6. Funding and Budget

6a. List of established and potential funding sources.

**ERATE Match 65%** 

Microsoft Voucher Fund

### **Established Funding Sources:**

As this is a small, rural district, the Superintendent is responsible for budget development and allocation of funds to implement the goals set by the Board. The Superintendent attends workshops to stay current on categorical programs and their uses and consults with the County Office of Education about the state funding levels. He maximizes the use of categorical funds in order to have general funds available for technology purchase and upkeep.

General Fund

Categorical Funds

### **Potential Funding Sources:**

### **REAP Grant**

The district will look to CTAP to provide cost effective staff development, advice on hardware and software purchases and to help train our site tech support cadre. CalSave.org is one resource that we have used and will be part of the process we will use to maximize expenditures.

The District is putting together the REAP/LEAP plan with will allocate funding toward the goals set in the technology plan. The funding is to be allocated over a three-year period and requires the matching goals of the technology plan to implement.

### 6b. Estimate annual implementation costs for the term of the plan.

Budget	Item Descriptions	Est.	Est.	Est.	E-rate
Category		Year 1	Year 2	Year 3	Eligible
		Cost	Cost	Cost	Amount
1000-	Site Tech Stipends (3 Sites)	3,000	3,000	3,000

### 6c. Describe the district's replacement policy for obsolete equipment.

The District allocates technology funds to each school on an on-going, annual basis. School personnel are urged to utilize available funds for updating and replacing obsolete equipment on an on-going basis. In addition, the receives ERATE funding to help offset cost of telecommunications, therefore freeing up some budget for replacement of equipment.

# 6d. Describe the process that will be used to monitor Ed Tech funding, implementation costs and new funding opportunities and to adjust budgets as necessary.

The Superintendent/Principal admin council team will develop an annual technology budget as part of the annual budget cycle, citing various sources of funding. The district budget is developed in Dec/Jan. The business manager will prepare a mid year report in January of each year to update the Tech Committee, the Board, and the Curriculum council on the progress of funding for technology.

The Superintendent and Business Manager are responsible for monitoring all aspects of the budget. They oversee the day to day budget, plans for the expenditure of the various funds and programs, prepares the monthly budget reports as well as the state required semi annual Interim Reports for the Board, develops the budget annually, and in the process advises the Board about state and grant funds available.

### 7. Monitoring and Evaluation

# 7a. Describe the process for evaluating the plan's overall progress and impact on teaching and learning.

While the district developed a 5-year technology plan in 1997, it focused primarily on the acquisition of equipment and connectivity, and secondarily on the use of technology for teaching and learning. The second plan (04-07) established a set of goals and benchmarks that put much more emphasis on curricular and staff development. The third plan (07-10) focused on current technology needs and implementing the technology into the curriculum. The 2013-2016 Technology Plan updates and revises the previous plan to allow for continued travel towards more technology based curriculum. This plan will be reviewed with staff, the Curriculum Committee and Board of Education each year to determine progress and needs. The current technology planning process needs to address increased use of existing and future technology tools in curriculum, instruction and assessment.

### 7b. Schedule for evaluating the effect of plan implementation.

To monitor adequately the school/district's progress in utilizing technology tools for teaching and learning, data will be collected in the following areas:

- Annual increases in teachers' technology proficiencies per the EdTechProfile assessment;
- Annual increases in teachers' use of technology to enhance curriculum;
- Students' progress in mastering the California Content Standards in Math and Science;
- Students' progress in acquiring technology proficiency skills.
- Annual maintenance and infrastructure upgrade activities.
- Adequacy of Tech Support.

# 7c. Describe the process and frequency of communicating evaluation results to tech plan stakeholders.

The Technology Director and the Superintendent will prepare annual reports of the progress toward meeting stated goals and benchmarks. This report will be in conjunction with the budget development in May/June. The report will be presented to the Tech Committee, the Board and the admin council to at least regularly scheduled meeting.

May annually	The Superintendent and the Technology Director present data and summary of
	progress toward meeting goals at staff, Admin council and Board meetings.
Ongoing	Modifications of the plan and activities are made based on the data gathered,

### 8. Collaborative Strategies with Adult Literacy Providers

If the district has identified adult literacy providers, describe how the program will be developed in collaboration with them. (If no adult literacy providers are indicated, describe the process used to identify adult literacy providers or potential future outreach efforts.)

Sierra-Plumas/Sierra COE does not provide adult education courses. Within the boundaries of Sierra-Plumas/Sierra COE area, adult literacy needs are served through a variety of agencies. The area's community college district, provides adult education classes in basic literacy, GED preparation, and ESL as well as general interest classes. Sierra County ROP offers classes through the high schools in a variety of job and life skills, including technology skills such as basic word processing, home budgeting with spreadsheets and resources on the Internet.

During the spring of 2014, Sierra-Plumas/Sierra COE will consult with local county and community college adult literacy programs and offer to work with them. Such collaboration could include outreach, facilities for classes, and use of equipment.-

### 9. Effective, Researched-Based Methods and Strategies

9a. Summarize the relevant research and describe how it supports the plan's curricular and professional development goals.

Sierra-Plumas/Sierra COE School students have made significant gains in their core subject areas as revealed in California STAR data. The percentage of students at or above the 50% percentile in **reading/LA has increased from 80% to 82%** in **Math from 82% to 84%** (1997 to 2000). Math is an area of relative strength. However, data showed Title I students are in need of improvement in the areas of reading/LA and Math.

This analysis led the school to set improvement goals in reading/LA, targeting Title I students in particular.

To reach the goals, the school embarked on a rigorous staff development program and adopted new reading texts in grades k-6. The board adopted the Open Court reading text for grades kindergarten through 5<sup>th</sup> grade. This is one of only two series approved by the state of California that is aligned with the state standards and thoroughly grounded in research proven methods. Two days of staff development will be provided: one in June and one in August.

Curricular Area	Research Consulted	Annotation
Reading	Research includes:	Researched-based reading strategies can
	• Moats, Educational Leadership,	build a foundation for reading success in
	March 2001 pp 36-39;	students of all ages.
	Reading/Language Arts Framework	These include:

for California Public School Kindergarten Through Grad Twelve. Chapter 4, pp 98-19 • Fielding and Person, Educat Leadership, vol 51, no 5 Fel 1994, pp 62-68 (see extension bibliography of research ref	reading fluency and word recognition; vocabulary and phrase meanings; teaching comprehension; and including writing response to reading.  • Administer measures of assessment

Staff development in teaching writing has focused on teaching the writing process to all students. This strategy is based on years of research and field-testing first by California teachers, then by teachers across the country.

Curricular Area	Research Consulted	Annotation
Writing	See Gray, Thomas, D'Aoust, Willet and others, in Olson, Practical Ideas for Teaching writing as a Process at the Elementary School and Middle School Levels, 1996.  See also the bibliography, including referenced research.  Shelfelbine and others, Reading/Language Arts Framework for California Public Schools, 1999	<ul> <li>Children possess the requisite linguistic knowledge to write.</li> <li>Teachers need to use every possible means to give student confidence in their linguistic knowledge.</li> <li>Writing is a process and teaching writing is the process of helping students use and perfect their linguistic knowledge and get it on paper.</li> <li>Academic language must be taught. Four strategies are suggested: reading aloud; instructional discussions; reading by students; writing by students.</li> </ul>

# 9b. Describe the district's plans to use technology to extend or supplement the district's curriculum with rigorous academic courses and curricula, including distance-learning technologies.

A Technology Audit as well as a Curriculum Audit was conducted in preparation for writing Sierra-Plumas/Sierra COE School's Technology Plan. The results of those audits led to the goals, benchmarks and timelines of the grant. Implementation of the Tech Plan will rely heavily

on California Technology Assistance Project. Its research, models and strategies are the most accessible and reliable research-based and proven information for hardware specifications, standards aligned software, implementation models and instructional strategies. Examples of the type of research CTAP accesses follow:

Component Reinforcement	Page In Plan	Research Source	Research Summary
Curriculum, Reading and Writing Technology skills, Information Literacy Skills History/Social Studies	4, 5, 12, 14, 15 4, 5, 12, 14, 15	Sandholtz, Ringstaff and Dwyer, in Teaching with technology; Creating student-centered classrooms, 1997 Critical Issue: Using technology to improve students achievement, 1999 NCREL web site	"Student engagement remained highest when technology use was integrated into the larger curricular framework, rather than being an "add-on" to an already full curriculum." instruction and time allocations accordingly.  Using technology within the curricular framework can enhance important skills that will be valued in the workplace, such as locating and accessing information, organizing and displaying data, and creating persuasive arguments.
Core content, including Math and Science	4, 5, 12, 14, 15	Sivin-Kachala and Bialo, 2000 research report on the effectiveness of technology in schools, 2000	Computer-assisted instruction and drill-and- practice software can significantly improve students' scores on standardized achievement tests in all major subject areas.
Integration Strategies to Improve Teaching and Learning	4, 5, 12, 14, 15	Dwyer, ACOT: History, findings, impact. 1992	Technologies provided a conceptual environment where children could collect information in multiple formats and then organize, play, visualize, link and eventually construct new ideas about relationships among facts and events. The same technology could then be used by students to communicate their ideas to other students.
Staff Development: Adult Learning Models	12	Schacter, The impact of education technology on student achievement: What the most current research has to say. Milken Family Foundation web site, 1999	The most important staff-development features include opportunities to explore, reflect, collaborate with peers, work on authentic learning tasks, and engage in hands-on active learning.

# <u>Appendix C – Criteria for EETT Funded Technology Plans</u>

1. PLAN DURATION CRITERION	Page in District Plan	Example of Adequately Addressed	Example of Not Adequately Addressed
The plan should guide the district's use of education technology for the next three years. (For a new plan, can include technology plan development in the first year)	1	The technology plan describes the districts use of education technology for the next three to five years. (For new plan, description of technology plan development in the first year is acceptable).  Specific start and end dates are recorded (7/1/xx to 6/30/xx).	The plan is less than three years or more than five years in length.  Plan duration is 2013-2016.
2. STAKEHOLDERS CRITERION	Page in District	Example of Adequately Addressed	Not Adequately
Corresponding EETT	Plan	Addressed	Addressed
Requirement(s): 7 and 11 (Appendix D).			
Description of how a variety of stakeholders from within the school district and the community-at-large participated in the planning process.	1	The planning team consisted of representatives who will implement the plan. If a variety of stakeholders did not assist with the development of the plan, a description of why they were not involved is included.	Little evidence is included that shows that the district actively sought participation from a variety of stakeholders.

3.	CURRICULUM COMPONENT CRITERIA Corresponding EETT Requirement(s): 1, 2, 3, 8, 10, and 12 (Appendix D).	Page in District Plan	Example of Adequately Addressed	Example of Not Adequately Addressed
a.	Description of teachers' and students' current access to technology tools both during the school day and outside of school hours.	4	The plan describes the technology access available in the classrooms, library/media centers, or labs for all students and teachers.	The plan explains technology access in terms of a student-to-computer ratio, but does not explain where access is available, who has access, and when various students and teachers can use the technology.
b.	Description of the district's current use of hardware and software to support teaching and learning.	7	The plan describes the typical frequency and type of use (technology skills/information literacy/integrated into the curriculum).	The plan cites district policy regarding use of technology, but provides no information about its actual use.
C.	Summary of the district's curricular goals that are supported by this tech plan.	8	The plan summarizes the district's curricular goals that are supported by the plan and referenced in district document(s).	The plan does not summarize district curricular goals.
d.	List of clear goals, measurable objectives, annual benchmarks, and an implementation plan for using technology to improve teaching and learning by supporting the district curricular goals.	9	The plan delineates clear goals, measurable objectives, annual benchmarks, and a clear implementation plan for using technology to support the district's curriculum goals and academic content standards to improve learning.	The plan suggests how technology will be used, but is not specific enough to know what action needs to be taken to accomplish the goals.
e.	· · · · · · · · · · · · · · · · · · ·	10	The plan delineates clear goal(s), measurable objective(s), annual benchmarks, and an implementation plan detailing how and when students will acquire technology skills and information literacy skills.	The plan suggests how students will acquire technology skills, but is not specific enough to determine what action needs to be taken to accomplish the goals.

	List of clear goals, measurable objectives, annual benchmarks, and an implementation plan to use technology to make student record keeping and assessment more efficient and supportive of teachers' efforts to meet individual student academic needs.	14	The plan delineates clear goal(s), measurable objective(s), annual benchmarks, and an implementation plan for using technology to support the district's student record-keeping and assessment efforts.	The plan suggests how technology will be used, but is not specific enough to know what action needs to be taken to accomplish the goals.
	List of clear goals, measurable objectives, annual benchmarks, and an implementation plan to use technology to improve two-way communication between home and school.	15	The plan delineates clear goal(s), measurable objective(s), annual benchmarks, and an implementation plan for using technology to improve two-way communication between home and school.	The plan suggests how technology will be used, but is not specific enough to know what action needs to be taken to accomplish the goals.
	Describe the process that will be used to monitor the Curricular Component (Section 3d-3j) goals, objectives, benchmarks, and planned implementation activities including roles and responsibilities.	16	The monitoring process, roles, and responsibilities are described in sufficient detail.	The monitoring process either is absent, or lacks detail regarding procedures, roles, and responsibilities.

4. PROFESSIONAL DEVELOPMENT COMPONENT CRITERIA	Page in District Plan	Example of Adequately Addressed	Example of Not Adequately Addressed
Corresponding EETT Requirement(s): 5 and			

	12 (Appendix D).			
	Summary of the teachers' and administrators' current technology proficiency and integration skills and needs for professional development.  List of clear goals, measurable objectives, annual benchmarks, and an implementation plan for providing professional development opportunities based on your district needs assessment data (4a)	18-19	The plan provides a clear summary of the teachers' and administrators' current technology proficiency and integration skills and needs for professional development. The findings are summarized in the plan by discrete skills that include CTC Standard 9 and 16 proficiencies.  The plan delineates clear goals, measurable objectives, annual benchmarks, and an implementation plan for providing teachers and administrators with sustained, ongoing professional development necessary to reach the Curriculum Component	Description of current level of staff expertise is too general or relates only to a limited segment of the district's teachers and administrators in the focus areas or does not relate to the focus areas, i.e., only the fourth grade teachers when grades four to eight are the focus grade levels.  The plan speaks only generally of professional development and is not specific enough to ensure that teachers and administrators will have the necessary training to implement the Curriculum Component.
c.	and the Curriculum Component objectives (Sections 3d through 3j) of the plan.		objectives (sections 3d through 3j) of the plan.  The monitoring process, roles, and responsibilities are	The monitoring process either is absent, or lacks
	monitor the Professional Development (Section 4b) goals, objectives, benchmarks, and planned implementation activities including roles and responsibilities.	18-19	described in sufficient detail.	detail regarding who is responsible and what is expected.

5. INFRASTRUCTURE, HARDWARE, TECHNICAL SUPPORT, AND SOFTWARE COMPONENT CRITERIA	Page in District Plan	Example of Adequately Addressed	Example of Not Adequately Addressed
Corresponding EETT			

				<del>_</del>
	Requirement(s): 6 and			
	12 (Appendix D).			
a.	Describe the existing hardware, Internet access, electronic learning resources, and technical support already in the district that will be used to support the Curriculum and Professional Development Components (Sections 3 & 4) of the plan.	20	The plan clearly summarizes the existing technology hardware, electronic learning resources, networking and telecommunication infrastructure, and technical support to support the implementation of the Curriculum and Professional Development Components.	The inventory of equipment is so general that it is difficult to determine what must be acquired to implement the Curriculum and Professional Development Components. The summary of current technical support is missing or lacks sufficient detail.
b.	Describe the technology hardware, electronic learning resources, networking and telecommunications infrastructure, physical plant modifications, and technical support needed by the district's teachers, students, and administrators to support the activities in the Curriculum and Professional Development Components of the plan.	21	The plan provides a clear summary and list of the technology hardware, electronic learning resources, networking and telecommunications infrastructure, physical plant modifications, and technical support the district will need to support the implementation of the district's Curriculum and Professional Development Components.	The plan includes a description or list of hardware, infrastructure, and other technology necessary to implement the plan, but there doesn't seem to be any real relationship between the activities in the Curriculum and Professional Development Components and the listed equipment. Future technical support needs have not been addressed or do not relate to the needs of the Curriculum and Professional Development Components.
C.	List of clear annual benchmarks and a timeline for obtaining the hardware, infrastructure, learning resources and technical support required to support the other plan components as identified in Section 5b.	22	The annual benchmarks and timeline are specific and realistic. Teachers and administrators implementing the plan can easily discern what needs to be acquired or repurposed, by whom, and when.	The annual benchmarks and timeline are either absent or so vague that it would be difficult to determine what needs to be acquired or repurposed, by whom, and when.
d.	Describe the process that will be used to	23	The monitoring process, roles, and responsibilities are	The monitoring process either is absent, or lacks

monitor Section 5b &	descr	ibed in sufficient detail.	detail regarding who is
the annual			responsible and what is
benchmarks and			expected.
timeline of activities			
including roles and			
responsibilities.			

6.	BUDGET COMPONENT CRITERIA Corresponding EETT	Page in District Plan	Example of Adequately Addressed	Example of Not Adequately Addressed
	Requirement(s): 7 & 13, (Appendix D)			
a.	List established and potential funding sources.	23	The plan clearly describes resources that are available or could be obtained to implement the plan.	Resources to implement the plan are not clearly identified or are so general as to be useless.
b.	Estimate annual implementation costs for the term of the plan.	23	Cost estimates are reasonable and address the total cost of ownership, including the costs to implement the curricular, professional development, infrastructure, hardware, technical support, and electronic learning resource needs identified in the plan.	Cost estimates are unrealistic, lacking, or are not sufficiently detailed to determine if the total cost of ownership is addressed.
C.	Describe the district's replacement policy for obsolete equipment.	25	Plan recognizes that equipment will need to be replaced and outlines a realistic replacement plan that will support the Curriculum and Professional Development Components.	Replacement policy is either missing or vague. It is not clear that the replacement policy could be implemented.
d.	Describe the process that will be used to monitor Ed Tech funding, implementation costs and new funding opportunities and to adjust budgets as necessary.	25	The monitoring process, roles, and responsibilities are described in sufficient detail.	The monitoring process either is absent, or lacks detail regarding who is responsible and what is expected.

7.	MONITORING AND EVALUATION COMPONENT CRITERIA Corresponding EETT Requirement(s): 11 (Appendix D).	Page in District Plan	Example of Adequately Addressed	Example of Not Adequately Addressed
a.	Describe the process for evaluating the plan's overall progress and impact on teaching and learning.	25	The plan describes the process for evaluation using the goals and benchmarks of each component as the indicators of success.	No provision for an evaluation is included in the plan. How success is determined is not defined. The evaluation is defined, but the process to conduct the evaluation is missing.
b.	Schedule for evaluating the effect of plan implementation.	25	Evaluation timeline is specific and realistic.	The evaluation timeline is not included or indicates an expectation of unrealistic results that does not support the continued implementation of the plan.
C.	Describe the process and frequency of communicating evaluation results to tech plan stakeholders.	26	The plan describes the process and frequency of communicating evaluation results to tech plan stakeholders.	The plan does not provide a process for using the monitoring and evaluation results to improve the plan and/or disseminate the findings.

9.	EFFECTIVE, RESEARCHED- BASED METHODS, STRATEGIES, AND CRITERIA Corresponding EETT Requirement(s): 4 and 9 (Appendix D).	Page in District Plan	Example of Adequately Addressed	Not Adequately Addressed
a.	Summarize the relevant research and describe how it supports the plan's curricular and professional development goals.	26	The plan describes the relevant research behind the plan's design for strategies and/or methods selected.	The description of the research behind the plan's design for strategies and/or methods selected is unclear or missing.
b.	Describe the district's plans to use technology to extend or supplement the district's curriculum with rigorous academic courses and curricula, including distance-learning technologies.	28	The plan describes the process the district will use to extend or supplement the district's curriculum with rigorous academic courses and curricula, including distance-learning opportunities (particularly in areas that would not otherwise have access to such courses or curricula due to geographical distances or insufficient resources).	There is no plan to use technology to extend or supplement the district's curriculum offerings.

### NOTICE OF PUBLIC HEARING

### Notice Is Hereby Given

# Sierra County Office of Education Sierra-Plumas Joint Unified School District Governing Board

will hold a public hearing on Tuesday, September 10, 2013, at 6:00 P.M. at Sierra County Office of Education, 109 Beckwith Rd., Room 4, Loyalton, CA 96118, for the purpose of:

Receiving public comment on textbooks or instructional materials, or both, in each subject that is consistent with the content and cycles of the curriculum framework adopted by the State board.

The Governing Board will also make a determination as to the availability of laboratory science equipment as applicable to science laboratory courses offered in grades 9 to 12 inclusive (Education Code 60119).

The Sierra-Plumas Joint Unified School District will determine through a resolution that they have adhered to all laws and regulations regarding the expenditure of instructional materials funding.

August 28, 2013	
	Dr. Merrill M. Grant
	Superintendent of Schools

### SIERRA COUNTY OFFICE OF EDUCATION

### **RESOLUTION NO. 13-003**

### SUFFICIENCY OF TEXTBOOKS OR INSTRUCTIONAL MATERIALS

**WHEREAS**, the Sierra County Board of Education, in order to comply with the requirements of Education Code 60119, held a public hearing on September 10, 2013, at 6 o'clock, which is on or before the eighth week of school and which did not take place during or immediately following school hours, and;

**WHEREAS**, the Board provided at least 10 days notice of the public hearing by posting it in at least three public places within the district stating the time, place, and purpose of the hearing, and;

**WHEREAS**, the Board encouraged participation by parents/guardians, teachers, members, of the community, and bargaining unit leaders in the public hearing, and;

**WHEREAS**, information provided at the public hearing detailed the extent to which textbooks and instructional materials were provided to all students, including English learners, in the Sierra County Office of Education, and;

**WHEREAS**, the definition of "sufficient textbooks or instructional materials" means that each student, including English learners, has a textbook or instructional materials, or both, to use in class and to take home, which may include materials in a digital format but shall not include photocopied sheets from only a portion of a textbook or instructional materials copied to address a shortage, and;

**WHEREAS**, sufficient textbooks and instructional materials were provided to each student, including English learners, that are aligned to the academic content standards and consistent with the cycle and content of the curriculum frameworks in the following subjects;

**Mathematics** Saxon - Math K-4, Grades K, 1, 2, 3

Macmillan/McGraw-Hill/Glencoe - California Mathematics, Grades 4-7

Prentice Hall - <u>Geometry</u>, Grades 8-12 Prentice Hall - <u>Pre-Algebra</u>, Grades 8-12

**WHEREAS**, sufficient textbooks or instructional materials were provided to each student enrolled in foreign language or health classes, and;

**WHEREAS**, laboratory science equipment was available for science laboratory classes offered in grades 9-12, inclusive:

**THEREFORE, IT IS RESOLVED THAT** for the 2013-2014 school year, the Sierra-Plumas Joint Unified School District, has provided each student with sufficient textbooks and instructional materials aligned to the academic content standards and consistent with the cycles and content of the curriculum frameworks.

PASSED AND ADOPTED at a regular meeting of the Sierra-Plumas Joint Unified School District Governing Board held on September 13, 2013, by the following vote:

AYES:	
NOES:	
ABSENT:	
ABSTAIN:	
VACANT:	
	Patty Hall, Clerk

### MINUTES FOR THE REGULAR MEETING OF THE GOVERNING BOARD OF THE SIERRA-PLUMAS JOINT UNIFIED SCHOOL DISTRICT

AUGUST 13, 2013

Downieville School, Downieville, California This meeting was videoconferenced to Sierra County Office of Education, 109 Beckwith Rd., Room 4, Loyalton, CA 96118

#### A. CALL TO ORDER

President Mike Moore called the meeting to order at 6:30 pm.

#### B. ROLL CALL

PRESENT: Mr. Mike Moore, President

Mr. Tim Driscoll. Vice President Ms. Sharon Dryden, Clerk Ms. Patty Hall, Member Mr. Allen Wright, Member

ABSENT: None

VACANT: None

STAFF: Dr. Merrill M. Grant, Superintendent

Ms. Rose Asquith, Business Manager

Ms. Hannah Tomatis, Administrative Assistant

Ms. Marla Stock, Site Administrator – via videoconference

Mr. Derek Cooper, Site Administrator

Ms. Marlene Mongolo, SELPA Director – via videoconference

### C. APPROVAL OF THE AGENDA

WRIGHT motioned to approve the agenda with Item 1314-037 tabled until September.

MSCU/WRIGHT/HALL

### D. INFORMATION / DISCUSSION ITEMS

### 1. SUPERINTENDENT'S REPORT

- a. Dr. Grant stated that he met with staff, worked with the Leadership Team and toured the district sites and boundaries. He invited the board to the August 22 Back to School Inservice day in Loyalton.
- b. Downieville school leadership coverage will include Mr. Cooper on site on Tuesdays and Thursdays. Dr. Grant will be there Wednesdays and Marlene Mongolo on Fridays. A lead teacher will also be assigned. Dr. Grant will be available to the Loyalton Elementary school on the days Mr. Cooper is in Downieville.
- c. At the September Board meeting Dr. Grant will present his observations including common core, technology and professional development.
- d. A Weekly Update will be emailed to the Board.
- e. Facilities
  - i. Pliocene Ridge Property Escrow closed July 19, 2013.

- ii. Old Loyalton Middle School Restroom Project. The project is near completion; the railings are left to be installed.
- iii. Loyalton High School Roof Project on schedule to finish before school begins on August 26.
- f. Local Control Funding Formula handout was reviewed
- g. 2011-12 No Child Left Behind Requirements met

### 2. BUSINESS REPORT

There were no comments on the Board Report-Expenditures by Object 07/01/12 to 7/13/13.

### 3. STAFF REPORTS

Derek Cooper, Site Administrator for Loyalton Elementary and Downieville School, stated that so far seven new students enrolled in LES and 2 new students enrolled in DVL. Interviews are complete and a secretary will be selected for Downieville School. Interviews for the math and science teacher will be conducted on Thursday, August 15.

Marla Stock, Site Administrator for Loyalton Jr/Sr High School reported that an orientation for the 7<sup>th</sup> and 8<sup>th</sup> grade students' parents was held.

### 4. SPTA REPORTS

There were no reports.

### 5. BOARD MEMBERS' REPORTS

Allen thanked Bernadette Manning for her work in preparing Downieville School for the students. He thanked the Superintendent Search Committee, Sue Roberts and Mike Filippini for their work in securing a superintendent.

### **PUBLIC COMMENT**

**6.** The Public Hearing to receive comment on the Loyalton Jr/Sr High School's block schedule per Education Codes §46160-46162 was opened at 6:52 pm.

Marla Stock explained that the reason for the public hearing was to inform and listen to parents, staff and the public regarding the middle school/high school combination as it introduces the 7<sup>th</sup> and 8<sup>th</sup> grade students to a block schedule.

DRISCOLL commented that the schedule would benefit students in sports. Camille Alfred, 7<sup>th</sup> and 8<sup>th</sup> grade teacher, stated that the students will adapt to the block schedule quickly. She believes that the students will benefit by receiving more elective opportunities.

Rose Asquith thanked Marla Stock for her numerous hours of work creating a functioning schedule.

The public hearing closed at 6:55 pm.

President Moore opened the meeting for public comment at 6:55 pm.

Bernadette Manning, Downieville School custodian, implored the board to hire an evening custodian.

Mary Davey, parent, stated that she agreed with Mrs. Manning and added that security is another benefit of having an evening custodian, in addition to keeping the school sanitized. She expressed concern about the buses running in winter weather. She asked the Board to promote the Downieville community to the public in order for families to move and stay here.

Amber Baca-Sainsbury also supported Bernadette Manning and agreed with her statements.

Ms. Baca-Sainsbury introduced herself as a member of the Sierra Arts Council and stated that they are working on the arts in schools trying to remedy the program's lost funding.

Marla Stock clarified that the "Arts in the Schools" grant was not funded. She informed the public that the Sierra Schools Foundation is committed to support art in the Downieville and the Loyalton schools. A proposed music period at Loyalton High was forfeited for so the money could go toward maintaining the same programs provided by the arts council last year. Seven thousand dollars in matching funding is needed.

Janet McHenry stated a reminder that if any teacher wishes a grant from the Sierra Schools Foundation, they must apply.

Mary Davey asked the Board if the revenue from Pliocene School's sale could fund a custodian at Downieville.

President Moore closed the meeting for public comment at 7:05 pm.

#### E. CONSENT CALENDAR

The following items were included on the consent calendar:

- 1. Approval of the minutes of the Regular Board meeting held July 9, 2013
- 2. Approval of the minutes of the Special Board meeting held July 10, 2013
- 3. Approval of the minutes of the Special Board meeting held July 16, 2013
- 4. Approval of the bill warrants for the month of July 2013
- 5. Assignment of Judith Guidotti to 2013-2014 Junior Varsity Volleyball Coach, LHS
- 6. Assignment of Rhonda McBride to 2013-2014 Cheerleading Advisor, Semester 1 and Semester 2, Loyalton High School
- 7. Assignment of Steve Fillo to Athletic Director, Downieville School
- 8. Assignment of Steve Fillo as California Interscholastic Federation representative
- 9. Approval of Assignment to teach core subjects outside of credential area for 2013-2014 school year (Ed Code 44258.3)
  - Megan Meschery, Loyalton Jr/Sr High School, Grade 9-10 English, 3 sections
  - b. Joanne Nunes, Loyalton Jr/Sr High School, History Grade 7-8; World History, US History Grade 9-12, 6 sections

- c. Clara Schumacher, Sierra Pass Continuation School, English, History, Math, Science, 4 sections
- d. Augustine Corcoran, Downieville High School, Spanish I & II, 1 section WRIGHT motioned that the consent calendar be approved, with the following corrections: July 9, 2013 Regular Board meeting, Public Comment/to reflect MOORE as the president. Item 1314-15 corrected to reflect HALL and MOORE on the Transportation Committee/HALL seconded to approve the Consent Calendar as corrected.

#### F. ACTION ITEMS

### **Old Business**

1314-019 Response to Grand Jury Report

http://www.sierracounty.ca.gov/DocumentCenter/View/431

District Superintendent, Dr. Merrill Grant reviewed the Grand Jury Report and states that the District responds and agrees with the findings. Dr. Grant also commented that the issues of communication are something

that school districts struggle with and stated that he will work to get the public well informed and involved utilizing our technological resources.

#### 2. BUSINESS REPORT

There were no comments on the Board Report-Expenditures by Object 07/01/12 to 7/13/13.

#### 3. STAFF REPORTS

Derek Cooper, Site Administrator for Loyalton Elementary and Downieville School, stated that so far seven new students enrolled in LES and 2 new students enrolled in DVL. Interviews are complete and a secretary will be selected for Downieville School. Interviews for the math and science teacher will be conducted on Thursday, August 15.

Marla Stock, Site Administrator for Loyalton Jr/Sr High School reported that an orientation for the 7<sup>th</sup> and 8<sup>th</sup> grade students' parents was held.

#### 4. SPTA REPORTS

There were no reports.

#### 5. BOARD MEMBERS' REPORTS

Allen thanked Bernadette Manning for her work in preparing Downieville School for the students. He thanked the Superintendent Search Committee, Sue Roberts and Mike Filippini for their work in securing a superintendent.

#### **PUBLIC COMMENT**

**6.** The Public Hearing to receive comment on the Loyalton Jr/Sr High School's block schedule per Education Codes §46160-46162 was opened at 6:52 pm.

Marla Stock explained that the reason for the public hearing was to inform and listen to parents, staff and the public regarding the middle school/high school combination as it introduces the 7<sup>th</sup> and 8<sup>th</sup> grade students to a block schedule.

DRISCOLL commented that the schedule would benefit students in sports. Camille Alfred, 7<sup>th</sup> and 8<sup>th</sup> grade teacher, stated that the students will adapt to the block schedule quickly. She believes that the students will benefit by receiving more elective opportunities.

Rose Asquith thanked Marla Stock for her numerous hours of work creating a functioning schedule.

The public hearing closed at 6:55 pm.

President Moore opened the meeting for public comment at 6:55 pm.

Bernadette Manning, Downieville School custodian, implored the board to hire an evening custodian.

Mary Davey, parent, stated that she agreed with Mrs. Manning and added that security is another benefit of having an evening custodian, in addition to keeping the school sanitized. She expressed concern about the buses running in winter weather. She asked the Board to promote the Downieville community to the public in order for families to move and stay here.

Amber Baca-Sainsbury also supported Bernadette Manning and agreed with her statements.

Ms. Baca-Sainsbury introduced herself as a member of the Sierra Arts Council and stated that they are working on the arts in schools trying to remedy the program's lost funding.

Marla Stock clarified that the "Arts in the Schools" grant was not funded. She informed the public that the Sierra Schools Foundation is committed to support art in the Downieville and the Loyalton schools. A proposed music period at Loyalton High was forfeited for so the money could go toward maintaining the same programs provided by the arts council last year. Seven thousand dollars in matching funding is needed.

Janet McHenry stated a reminder that if any teacher wishes a grant from the Sierra Schools Foundation, they must apply.

Mary Davey asked the Board if the revenue from Pliocene School's sale could fund a custodian at Downieville.

President Moore closed the meeting for public comment at 7:05 pm.

#### E. CONSENT CALENDAR

The following items were included on the consent calendar:

- 1. Approval of the minutes of the Regular Board meeting held July 9, 2013
- 2. Approval of the minutes of the Special Board meeting held July 10, 2013
- 3. Approval of the minutes of the Special Board meeting held July 16, 2013
- 4. Approval of the bill warrants for the month of July 2013
- 5. Assignment of Judith Guidotti to 2013-2014 Junior Varsity Volleyball Coach, LHS
- 6. Assignment of Rhonda McBride to 2013-2014 Cheerleading Advisor, Semester 1 and Semester 2, Loyalton High School
- 7. Assignment of Steve Fillo to Athletic Director, Downieville School
- 8. Assignment of Steve Fillo as California Interscholastic Federation representative
- 9. Approval of Assignment to teach core subjects outside of credential area for 2013-2014 school year (Ed Code 44258.3)
  - Megan Meschery, Loyalton Jr/Sr High School, Grade 9-10 English, 3 sections
  - b. Joanne Nunes, Loyalton Jr/Sr High School, History Grade 7-8; World History, US History Grade 9-12, 6 sections

- c. Clara Schumacher, Sierra Pass Continuation School, English, History, Math, Science, 4 sections
- d. Augustine Corcoran, Downieville High School, Spanish I & II, 1 section WRIGHT motioned that the consent calendar be approved, with the following corrections: July 9, 2013 Regular Board meeting, Public Comment/to reflect MOORE as the president. Item 1314-15 corrected to reflect HALL and MOORE on the Transportation Committee/HALL seconded to approve the Consent Calendar as corrected.

1314-019 Response to Grand Jury Report

http://www.sierracounty.ca.gov/DocumentCenter/View/431

District Superintendent, Dr. Merrill Grant reviewed the Grand Jury Report and states that the District responds and agrees with the findings.

Dr. Grant also commented that the issues of communication are something that school districts struggle with and stated that he will work to get the public well informed and involved utilizing our technological resources.

# Sierra Plumas Joint USD District Technology Use Plan

## **District Profile:**

In rural Sierra County, Sierra-Plumas Joint Unified School District and the Sierra County Office of Education serve the entire student population of the county, approximately **398 students**, in grades K-12. The county is extremely rural, not well funded, and sparsely populated. The economy is based on cattle, timber, and the recreation industries. It is not uncommon for students to spend between one and two hour's daily in transit to and from school. The chart below indicates the district schools with respective student population and number of certificated teachers (CBEDS 2010).

School	Students Pop.	Staff Certificated	School	Students Pop.	Staff Certificated
Loyalton High	114	12	Downieville K-6	30	2
Loyalton Middle	49	8	Downieville 7-12	26	7
Loyalton Elem	165	11	Sierra Pass Cont.	7	1

#### **County Overview:**

In rural Sierra County, the Sierra County Office of Education serves the entire student population of SDC and other special needs students, approximately **4 students**, in grades K-12. The county is extremely rural, not well funded, and sparsely populated. The economy is based on cattle, timber, and the recreation industries. It is not uncommon for students to spend between one and two hour's daily in transit to and from school. **All SCOE students are integrated into the single District (Sierra-Plumas JUSD) school sites.** The following plan was jointly developed by both the Sierra County office of Education and the Sierra-Plumas Jt Unified School District due to the tightly integrated nature of this one county, one district LEA. County certificated staff are held to the same standards and offered opportunities as District certificated staff. County classroom technology is funded separately, but all students are able to access any school student computer. The Technology Director is a full time County employee but serves the District as well.

The chart below indicates the district schools with respective SCOE students and certificated teachers.

School	SCOE Students Pop.	SCOE Staff Certificated	School	SCOE Students Pop.	SCOE Staff Certificated
Loyalton High	2	1	Downieville K-12	2	1
Loyalton Middle	0	0	Sierra Pass	0	0
Loyalton Elem	0	0			
Sierra Crest Ind St	0	0			

## 1. Plan Duration

July 1, 2013 – June 30, 2016

## 2. Stakeholders

The stakeholders directly affected by this technology plan are the people within the school district and the community. They will benefit from the implementation of this technology plan and the use of current technology resources. The Technology Planning Team includes the Technology Director, the Curriculum Coordinator, three principals and one site tech. This plan was reviewed by the Curriculum Council, which is made up of the County and District superintendents, site principals, three teachers and the curriculum coordinator. Input from the community/parents was received via each site's Site Council and through the Board adoption process.

## 3. Curriculum

3a. Description of teachers' and students' current access to technology tools both during the school day and outside of school hours.

Students have access to computers throughout the day, and after-school as arranged with staff. The overall student to computer ratio in classrooms is 3.2:1 in K-6, 1.4:1 in 7-8, and 2.1:1 in 9-12. Each classroom has at least one computer connected to the Internet. Each school's computers and peripheral devices are from one to four years old, vary in configuration and platform, but generally run current software and tend to function dependably. All of the computers have been upgraded with memory and operating systems to keep up with current demands. There is a small library at each site that is equipped with at least one computer and all are connected to the Internet. The site libraries serve as both resource learning centers and traditional collections. Students have come to rely on the Internet as an important research resource since local public libraries have even fewer offerings. The closest university libraries are at least 50 miles away. Students with advanced learning needs access a variety of AP courses through the University of California Office of the President (UCOP). AP classes are held in varying locations from site to site. All high school sites have student laptop computers on a wireless network for AP course access if needed. Loyalton High and Downieville High students use the new Mobile Learning Lab(s). Loyalton High School and Downieville Schools both have computer labs as well. All teachers have been issued a laptop computer for their immediate use as a tool to manage their classroom and curriculum

# 3b. Description of the district's current use of hardware and software to support teaching and learning.

Due to the District's geographic isolation, technology has become an important educational tool. Because SIERRA PLUMAS JOINT UNIFIED SCHOOL DISTRICT provides standards-based instruction K-12, technology must be integrated into all core areas. Our secondary schools utilize Internet and Video Conferencing services to provide core, AP courses and elective courses that would otherwise be unavailable due to the lack of fully qualified teachers. School libraries District-wide have limited print resources; therefore, online access and software purchases allow students much better research opportunities.

Through a variety of enrichment and remediation software programs (STAR Math, Accelerated Reader, LinkIt!), teachers can do regular assessments and provide focused interventions. Students in grades K-12 regularly use the technology resources for enrichment, skills development, and performance-based assessments. Special needs students' benefit through purchases of textbooks/novels on CD. Students 2 -12 receive training in the use of computers and attendant software beginning in the second grade. English/language arts students have word processing standards beginning in grade 6. Science, beginning in 5<sup>th</sup> grade, has investigation and experimentation standards requiring technology use. Information literacy skills are integrated into History/Social Studies through research reports and projects beginning as early as the 4<sup>th</sup> grade. However, more emphasis is needed in all areas: in the arts; painting, drawing, movie production, music production, in the sciences; data management project presentations, in the technology classes; programming, web page production at all grade levels.

The staff at all sites is fully committed to using Powerschool student information system for attendance, grades and disciplinary management. The District has also been using Edusoft and LinkIT!, as student performance management tools with success in gauging students overall knowledge on core subjects. The purchase of two 30 laptop mobile labs (Downieville High School and Loyalton High School), along with the purchase of a 30 ipad mobile lab at Loyalton Middle School has allowed the students to fully integrate technology into their daily lives. The mobile labs are readily available for research and learning purposes.

School Program	Typical Uses of Technology	Typical Frequency
Loyalton Elementary School	Accelerated Reader/Microsoft Office Suite	2 times each wk.
Loyalton Middle School	Edusoft/Microsoft Office Suite/AppleWorks/LinkIT!	3 times/Wk
Loyalton High School	UCCP/Microsoft Office/PhotoShop/iPhoto	3 times/Wk
Downieville High School	UCCP/Microsoft Office/PhotoShop/iPhoto	3 times/Wk
Downieville Elementary	Accelerated Reader/Edusoft/Microsoft Office/AppleWorks/LinkIT!	2 times/Wk
Sierra Pass Cont.	Microsoft Office/AppleWorks	3 times/Wk

#### 3c. Summary of the district's curricular goals that are supported by this tech plan.

The Sierra-Plumas JUSD curricular documents emphasize the need for every student to achieve at his/her fullest potential.

- 1. Provide a general educational background in oral and written English, natural sciences, reading, mathematics, and social sciences.
- 2. Provide a program of advanced academic subjects to prepare students who are planning to attend institutions of higher learning.
- 3. Develop intellectual curiosity and a positive attitude toward continuing education.
- 4. Develop problem solving competence and the ability to evaluate constructively and objectively.
- 5. Provide, within available resources, a program of elective subjects and extra-curricular activities which will permit each student to pursue his/her interests, develop his/her talents, and acquire useful skills.
- 6. Develop flexibility and appropriate attitudes toward change.

All curricular materials are purchased aligned to California State Content Standards. Annually the district reviews student achievement scores and reviews progress and emerging trends in student achievement. Students have made significant gains in their reading skills. However, review of recent testing data noted a need for increased attention to Math and Science. In

addition, writing continues to be identified as the skill focus for all students K-12. As a result Sierra-Plumas Joint Unified School District has targeted math and science as the core subjects to be emphasized for improvement. CST (California Standards Test) scores in grades 9-11 in math and science show the smallest number of proficient students of the core subjects. The district also strives to continue offering alternative classes within the district to students through the distance-learning program outside of those already being offered. The potential for students in Loyalton and Downieville to take classes in otherwise unavailable areas is now beginning to become a realization

3d. List of clear goals, measurable objectives, annual benchmarks, and an implementation plan for using technology to improve teaching and learning by supporting the district curricular goals.

**Goal 3d:** 100% of students K-12 will use technology resources to achieve CA Content standards in math.

#### **Objective 3d.1:**

By June 30, 2016, 100% of students K-12 will use technology resources to achieve CA Content standards in math.

**Year 1 Benchmark:** By June 30, 2014, 75% of students K-12 will use technology resources to achieve CA Content standards in math.

**Year 2 Benchmark:** By June 30, 2015, 90% of students K-12 will use technology resources to achieve CA Content standards in math.

**Year 3 Benchmark:** By June 30, 2016, 100% of students K-12 will use technology resources to achieve CA Content standards in math.

#### **Objective 3d.2:**

By June 30, 2016, 100% of the students in grades K-12 will utilize technology resources to demonstrate improvement their writing proficiencies.

**Year 1 Benchmark:** By June 30, 2014, 75% of the students in grades K-12 will utilize technology resources to demonstrate improvement their writing proficiencies.

**Year 2 Benchmark:** By June 30, 2015, 90% of the students in grades K-12 will utilize technology resources to demonstrate improvement their writing proficiencies.

**Year 3 Benchmark:** By June 30, 2016, 100% of the students in grades K-12 will utilize technology resources to demonstrate improvement their writing proficiencies.

#### **Objective 3d.3:**

By June 30, 2016, 100% of students K-12 will use technology resources to achieve CA Content standards in social studies.

**Year 1 Benchmark:** By June 30, 2014, 75% of students K-12 will use technology resources to achieve CA Content standards in social studies.

**Year 2 Benchmark:** By June 30, 2015, 90% of students K-12 will use technology resources to achieve CA Content standards in social studies.

**Year 3 Benchmark:** By June 30, 2016, 100% of students K-12 will use technology resources to achieve CA Content standards in social studies.

#### **Objective 3d.4:**

By June 30, 2016, 100% of the students in grades K-12 will utilize technology resources to demonstrate improvement in science.

**Year 1 Benchmark:** By June 30, 2014, 80% of the students in grades K-12 will utilize technology resources to demonstrate improvement in science.

**Year 2 Benchmark:** By June 30, 2015, 90% of the students in grades K-12 will utilize technology resources to demonstrate improvement in science.

**Year 3 Benchmark:** By June 30, 2016, 100% of the students in grades K-12 will utilize technology resources to demonstrate improvement in science.

As a small district with extremely limited resources, there is a need to prioritize according to areas of greatest need. This educational technology plan will emphasis the academic areas of math, science, social science and writing as indicated by review of student test scores.

3e. List of clear goals, measurable objectives, annual benchmarks, and an implementation plan detailing how and when students will acquire the technology skills and information literacy skills needed to succeed in the classroom and workplace.

The use of information literacy as a research process needs is as a way to enhance students' safe and effective use of the Internet for research purposes. SIERRA PLUMAS JOINT UNIFIED SCHOOL DISTRICT recognizes the need to adopt a continuum of technology proficiencies to guide and assess the introduction and development of technology proficiencies for all students.

Staff will continue to develop their own skills with the Big 6 and Big 3 processes and effective strategies for integration into the curriculum.

Staff will look at a variety of technology proficiency continuums and begin the process of adopting a continuum for developing and assessing technology proficiencies that is appropriate for SIERRA PLUMAS JOINT UNIFIED SCHOOL DISTRICT students. The use of the current, updated technology that has been installed throughout the district enables students to have a virtually endless stream of information and data at their fingertips. Teachers will facilitate the literacy information in a way that students can use critical thinking skills to plan and conduct research, manage projects, solve problems, and make informed decisions using appropriate digital tools and resources, while understanding the human, cultural, and societal issues related to technology and practice legal and ethical behavior.

Goal 3e: Students will acquire the technology skills and information literacy skills needed to succeed in the classroom and workplace.

#### **Objective 3e.1:**

By June 30, 2016, 100% of students will demonstrate understanding of grade level technology and information literacy skills.

Year 1 Benchmark:

By June 30, 2014, 85% of students will demonstrate understanding of grade level technology and information literacy skills.

Year 2 Benchmark:

By June 30, 2015, 95% of students will demonstrate understanding of grade level technology and information literacy skills.

Year 3 Benchmark:

By June 30, 2016, 100% of students will demonstrate understanding of grade level technology and information literacy skills.

Implementation Plan				
Obj. # (Optional)	Activities	Schedule/Timeline		
3.e.1	All students in grades 6-8 will complete a research project in at least two of the core content areas.	June 2014		
3.e.1	All students in grades 4-5 will complete a research project in two or more of the content areas and all students in grades 6-8 will complete a research project in each of the content areas.	June 2014		
3.e.1	All students in grades 4-8 will complete a research project in all of the content areas and continue this annually.	June 2014		
3.e.1	All students in grades 2-12 will have curriculum that includes the use of SmartBoards, Scientific Probeware, Web Research and Applications and Presentation and Multimedia Software.	June 2014		

Monitoring and Evaluation				
Obj. #	Tool/Data Source	Schedule/Timeline	Title of Person(s) Responsible	
3.e.1	Teacher lesson plans and other curriculum documents; student work	June 2014, annually thereafter	Teachers Site administrators	
3.e.1	Grade level and staff meeting agendas	June 2014, annually thereafter	Teachers Site administrators	
3.e.1	Technology committee meeting agendas Revised standards and proficiencies document	June 2015	Superintendent Site administrators Teachers	

Over the three-year duration of this plan, the Technology Department, in continued collaboration with the Curriculum Council, will develop lessons that focus specifically on technology resources and information literacy to help our students meet and surpass the District Technology standards for students. Principals will use the Technology Standards for Students in working with teachers to ensure technology is used on a consistent basis and that information literacy skills are incorporated into lessons throughout the year. Principals will review the ISTE Technology Standards for Students during at least one staff meeting by June 30 of each year of this plan. Teachers will discuss the integration of the standards in at least two Professional Learning Communities (PLC) meetings by June 30 of each of this plan. Principals and teachers will review the Standards for Students to ensure appropriateness. Information on 21<sup>st</sup> century learning skills will be distributed to all teachers and administrators posted on the District Website.

#### **Evaluation Instruments, Procedures and Responsibility:**

- 3.1 Updates to the District Technology Standards for Students will be reviewed by the staff listed above and posted to the District website by June 30 of each of this plan. The Technology Department and site administrators will present the Student Standards and schools will keep the attendance logs from the annual meetings. Principals will keep an attendance sheet of staff meetings where the Standards are reviewed. **Responsibility**: Technology Director, Teachers, and Site Administrators.
- 3f. List of goals and an implementation plan that describe how the district will address the appropriate and ethical use of information technology in the classroom so that students can distinguish lawful from unlawful uses of copyrighted works, including the following topics: the concept and purpose of both copyright and fair use; distinguishing lawful from unlawful downloading and peer-to-peer file sharing; and avoiding plagiarism. (AB 307)

Action Plan (for both goals)	Timeline

a	The district will review its formal policy on copyright, fair use, and teacher-owned software. Will revise as necessary and disseminate to teachers.	daily/ weekly monitoring through walkthroughs; reviewed in spring of each year.
b	The district will continue its standard process for monitoring AUP compliance and disseminating permissions information to all staff and students.	Annual check.
С	Sierra Plumas Joint Unified School District will require signed AUP and other required documents from all teachers upon hire, and include 3f/g information during new hire orientation. Supervised by district with central office support in the new hire process.	Ongoing upon hire; October and annually thereafter.
d	Sierra Plumas Joint Unified School District will require signed AUP from all students/parents upon enrollment and then every year. Tracked at the site level.	Ongoing, October and annually thereafter.
e	Issues of legal and ethical use of technology and Internet safety will be addressed for all age groups in the Information/Technology literacy skills embedded in the Instructional Guides  Teachers/Teacher Librarians will utilize national and state developed materials such as iSafe, the CTAP Region 4  CyberSafety resources, including Cyber Predators, Piracy & Plagiarism, Social networks, Inappropriate Content, Internet Safety and Cyber Bullying, and/or others as appropriate to instruct students.	Skills embedded by Instruction ongoing according to state content standards/Instructional Guides.
f	Sierra Plumas Joint Unified School District will provide iSafe, other relevant Internet Safety and ethics professional development to teachers.	Annually, all schools; roll out TBD
g	Sierra Plumas Joint Unified School District will provide iSafe, other relevant Internet Safety and ethics training to students.	See Item e
h	Sierra Plumas Joint Unified School District will provide iSafe, other relevant Internet Safety and ethics (e.g., responsible use) training to parents via Parent Centers and other mechanisms, as per a collaboration with the Districts; School Family & Community and Parent Services Division and the Educational Technology Group.	Annually, all schools; roll out TBD.

Person Responsible	Monitoring, Evaluation, and Program Modification Process
Students	• Sign AUP, take annual <u>Student Survey</u> in EdTechProfile (Gr 5, 8, 11)

D	M'4' F	
Person Responsible	Monitoring, Evaluation, and Program Modification Process and demonstrate knowledge of ethics and safety in work samples.	
Teachers	<ul> <li>Take/update the EdTechProfile <u>Technology Assessment Profile</u> annually between August and October (used to monitor and demonstrate teacher and student proficiency/knowledge/practice with CCTC Standard 9, knowledge of law, safety, and acceptable use policies, questions 1, 3)</li> <li>Monitor student use of computers and other technology, including compliance with Acceptable Use Policy.</li> </ul>	
Site administrators	Monitor compliance with district policy on copyright, fair use, and teacher-owned software via classroom walkthroughs	
	Sign Administrator Certification Form (October and April)	
	• Monitor classroom instruction, including teaching of relevant ethics, Internet safety and copyright policy in lessons (e.g., classroom walkthroughs, formal or informal observations, review of lesson plans).	
	Run and review site-level Technology Assessment Profile reports annually	
District staff	Monitor and track staff AUP and other required Bulletin signing.	
	Produce and analyze anonymous aggregation of <u>Technology Assessment Profile</u> results	
	Will supervise process of making sure the required subjects are in Instructional Guides	
Chief Technology Director, Educational	• Will review district policy on copyright, fair use, and teacher-owned software as appropriate for update each year as per legislative and district mandates.	
Technology Group	Working with site principals, will monitor standard process for monitoring AUP compliance	
	Will review records to ascertain number of teachers and other staff taking i-Safe or similar training.	
	As needed, will add courses needed for teachers/staff to learn/practice the CCTC standards 9i (1) and (3)	

**Goal 3f**: All students will be able to distinguish lawful from unlawful uses of copyrighted works, including the following topics: the concept and purpose of both copyright and fair use; distinguishing lawful from unlawful downloading and peer-to-peer file sharing; and avoiding plagiarism.

Implementation Plan			
Activities	Timeline	Person(s) Responsible	Monitoring & Evaluation

Update present Internet Acceptable Use Policy to include copyright, plagiarism, and unlawful downloading. Parents and students sign each year.	September 2013 Annually thereafter	IT Director	Review of AUP
Library/Media Specialists attend RIMS CTAP train the trainer Information Literacy/Internet Safety workshop.	Fall 2013	Library/Media Specialists	Attendance Verified
Library/Media Specialists deliver staff training and student lessons on Information Literacy/Internet Safety.	Jan 2014 Jan 2015 Jan 2016	Principals Library/Media Specialists	Lesson plans and training logs.
Students receive lessons on copyright, fair use, plagiarism, and unlawful downloading from classes	Fall 2014 Fall 2015	Grades 4-12 teachers	Principal review of lesson plans
Students incorporate appropriate copyright and fair use into their projects.	Winter 2014 Winter 2015	Grades 4-12 teachers	Teacher and administrators review projects.
Staff collects examples of student projects and review for use of appropriate and ethical use and copyright.	Annually, each Spring	Staff & Admin.	Student technology work is reviewed and assessed by staff and admin.
Teachers will be trained to implement an Information Literacy/iSafe curriculum, which includes copyright and fair use and ethical uses of technology.	Fall 2013	Staff & Administrators	Principal will review teacher participation in online iSafe training.
Students will take the iSafe pre- and post-assessment.	Pre- assessment every fall Post- assessment every spring	Teachers and Administrators	Student work is reviewed and monitored by staff.
Annually, district will evaluate the student post-assessment data to determine modifications to the instructional program to better ensure understanding of copyright and fair use, legal and illegal downloading and P2P file sharing, and avoiding plagiarism.	Annually, every spring	Director of Curriculum and Instruction	Principal will review student data and lead staff in program modification.

Goal 3g: All students will be able to apply Internet safety rules, including how to protect their online privacy and avoid online predators when they are using the Internet.

Implementation Plan				
Activities	Timeline	Person(s) Responsible	Monitoring & Evaluation	
Update present Internet Acceptable Use Policy to include online safety. Parents and students sign each year.	Sept 2014 Sept 2015 Sept 2016	IT Director	Review of AUP

Annually, district will collect and evaluate data to determine modifications to the instructional program to better ensure understanding of internet safety, online privacy, and avoiding online predators.	Annually	Director of Curriculum and Instruction	Observations, student data, lesson plans	

## 3h Description of the district policy or practices that ensure equitable technology access for all students.

Equitable access to technology is important to the Sierra-Plumas Joint Unified School District. The deployment of multiple laptop carts and "high-access" programs (like the different 1:1 laptop programs), give all students SIERRA PLUMAS JOINT UNIFIED SCHOOL DISTRICT access to technology. Throughout the year, the Technology Director and Site Tech's will assess the opportunity for all students to have access to technology regardless of achievement level, language ability, or special needs.

# 3i. List of clear goals, measurable objectives, annual benchmarks, and an implementation plan to use technology to make student record keeping and assessment more efficient and supportive of teachers' efforts to meet individual student academic needs.

One hundred percent of District schools currently use *PowerSchool* keep track of student records, attendance, benchmarks, and statewide assessment data. Teachers in the Middle and High Schools use Power Teacher Grade book as a means for updating and tracking student grades. Parents can request online access to grade data in *Powerschool Guardian portal*. The use of technology has helped site and district administrators, teachers, and other district personnel have easy access to tracking student achievement and growth.

The District puts an emphasis on the use of data-driven decision-making. On-going upgrades to the Powerschool Server allows for consistent data collection. Site administrators and teachers will continue to spend time analyzing results of benchmarks and statewide testing to ensure that students are exhibiting growth and instruction is focused on what students need. In Professional Learning Communities, teachers will be able to analyze test results and determine specific students who may need modification, re-teaching, and reinforcement. Additionally, teachers will be given time to determine if there are any specific areas to re-teach the entire class.

Goal 3i: Use technology to make student record keeping and assessment more efficient and supportive of teachers' efforts to meet individual student academic needs.

#### **Objective 3i.1**

By June 30, 2016. 100% of the staff will demonstrate understanding of the use of technology to make record keeping and assessment more efficient.

Year 1 Benchmark: By June 30, 2014, 75% of the staff will demonstrate understanding of the use of technology to make record keeping and assessment more efficient.

Year 2 Benchmark: By June 30, 2015, 90% of the staff will demonstrate understanding of the use of technology to make record keeping and assessment more efficient.

Year 3 Benchmark: By June 30, 2016, 100% of the staff will demonstrate understanding of the use of technology to make record keeping and assessment more efficient.

#### **Implementation Plan:**

The Technology Director will collaborate with the PROFFESIONAL LEARNING COMMUNITY meeting attendees, Site Tech's and Site administrators to continue to provide support for using Powerschool and Edusoft along with current installed technology.

Activities	Timeline	Person(s)	Monitoring & Evaluation
		Responsible	
Train Site Tech's in how to analyze	June 30,	Tech.	Use sign in sheets for
Edusoft and Powerschool Data.	2013	Coordinator	Edusoft and Powerschool
			to track support.

		Curriculum	within curriculum.
		Council	

#### **Evaluation Instrument(s)** — Data To Be Collected:

The IT Department and site administrators will utilize PROFFESIONAL LEARNING COMMUNITY notes to ensure that information from

*Edusoft and Powerschool* is being analyzed to help guide instruction and keep track of student growth. **Responsibility:** 

Classroom teachers, Site Tech's, Curriculum Council and Tech. Coordinator.

# 3j. List of clear goals, measurable objectives, annual benchmarks, and an implementation plan to use technology to improve two-way communication between home and school.

Sierra Plumas Joint Unified School District has strived to develop new ways and refine traditional methods of improving the communications between home and school. From PDF's of the Board Agenda on the District Website to server space for individual teacher Websites, SIERRA PLUMAS JOINT UNIFIED SCHOOL DISTRICT provides communication to parents in a variety of ways. In addition to school and classroom Websites, and traditional newsletters mailed home, every teacher and school has access to *PowerSchool* to share information about student data and achievement with all parents through the school bulletin.

#### Goal 3j:

Objective 3j.1: By June 30, 2016, the number of parents accessing Powerschool Parent Portal will increase by 75% from school baseline's recorded June 2009.

Year 1 Benchmark: By June 30, 2014, the number of parent accesses to Powerschool (via Web access and email subscriptions) will increase by 10% from school baselines recorded June 2009.

Year 2 Benchmark: By June 30, 2015, the number of parent accesses to Powerschool (via Web access and email subscriptions) will increase by 20% from school baselines recorded June 2009.

Year 3 Benchmark: By June 30, 2016, the number of parent accesses to Powerschool (via Web access and email subscriptions) will increase by 25% from school baselines recorded June 2009.

**Implementation Plan:** The Tech. Coordinator will collaborate with site administrators and teachers to ensure that training is provided on a variety of means for communicating with parents (blogs, web sites, *PowerSchool*, etc.). Special emphasis will be placed on additional training in *PowerSchool* so that parents will understand how to access the *PowerSchool* site to be aware of school bulletins or track student progress. They will also have the option of signing up for email updates.

Activities	Timeline	Person(s)	Monitoring & Evaluation
		Responsible

information regarding their child's	2013		listed on report cards sent
Powerschool information			home at each Quarter.

#### **Evaluation Instrument(s)** — Data To Be Collected:

The IT Department will study how many parent accesses per year are made via email or visits to the *PowerSchool* website. This amount will serve as the benchmark for improvement. At the end of each Semester, the IT Department will check the accesses to determine if more training is necessary.

Responsibility: Tech. Coordinator.

The IT Department will train all teachers and site administrators in utilizing *PowerSchool*, and other digital tools (blogs, websites, etc.) to strengthen the home-school connection and provide information to parents on their student's achievement. Site administrators will also keep track of the different digital means for contacting and informing parents.

**Responsibility**: Site administrators and IT Department.

3k.Describe the process that will be used to monitor the Curricular Component (Section 3d-3j) goals, objectives, benchmarks and planned implementation activities including roles and responsibilities.

The Technology Director will be responsible for monitoring implementation of the goals that are in the curriculum component. Site principals and the Teacher-in-Charge will be involved in the monitoring of technology integration into the teaching process through the teacher observation process. Technology use information gathered during classroom visits for the evaluation of grants, such as the two Enhancing Education Through Technology competitive grants, will also be used. The Technology Director and Site Admin's will review student achievement data collected by the District and the State for technology integration impact.

## 4. Professional Development

4a. Summary of teachers' and administrators' current technology skills and needs for professional development.

As SIERRA PLUMAS JOINT UNIFIED SCHOOL DISTRICT is a remote rural district, professional development usually takes place in other locations such as Sacramento or through the Sierra County Office of Education. This usually precludes the full staff from attending, especially when professional development activities are held in the late afternoons. When teachers were surveyed regarding their technology professional development needs, their universal request was that the activities happen at their site with their equipment. A review of EdTech Profile data (2012) indicated that 70% of teachers were comfortable with word processing and Internet search skills. There is a strong need for training in spreadsheets, data bases and the current new technology that has recently been installed (SmartBoards, Polycom Distance Learning Systems, etc...) Administrators are included within this data since some of them also teach regular classes at their site.

# Teacher and administrator's current technology skills and needs for professional development.

The Tech Plan Committee identified "Instructional Technology" as the highest priority for professional development.

While staff is aware of regional California Technology Assistance Project (CTAP) offerings, few have taken advantage of CTAP Online courses (noting that they have trouble with the online connection) or the Educational Technology Academy. While some teachers are proficient in specific areas and are taking graduate level courses as part of their personal development, there is currently no school-wide strategy to advance technology proficiencies of the total staff. Higher priority is placed on curriculum alignment with California Content Standards and instructional strategies that do not depend necessarily on technology. There are currently no local professional development opportunities available to teach curriculum integration of technology applications, nor are their formal plans for the evaluation, modification or refinement of technology training for staff. The District has joined an association with the Placer County

office of Education to provide for our professional development for new teachers and to provide staff development in accordance with our current staff development plan..

Interviews with staff indicated that all would like to use more technology resources in teaching, but they felt limited by a several factors:

- Insufficient **on-site training time** to acquire needed knowledge and skills, and to do the planning required to integrate technology into current curriculum,
- Insufficient knowledge of software applications and websites specifically related to teaching California Content Standards,
- An overwhelming emphasis on teaching academic content and rising tests scores.

### 4.b and c. Goals and benchmarks for professional development:

4b. List of clear goals, measurable objectives, annual benchmarks, and an implementation plan for providing professional development opportunities based on your district needs assessment data (4a) and the Curriculum Component objectives (sections 3d through 3j) of the plan.

Goal 4b: Teachers will integrate technology into classroom teaching and learning to improve academic achievement.

### **Objective 4b.1:**

4.b.1 By June 2016, 100% of the staff will demonstrate increased use of technological learning resources to organize, teach and assess student learning in California Content Standards

### Year 1 Benchmark:

By June 2014, 75% of the staff will demonstrate increased use of technological learning resources to organize, teach and assess student learning in California Content Standards

### Year 2 Benchmark:

By June 2015, 90% of the staff will demonstrate increased use of technological learning resources to organize, teach and assess student learning in California Content Standards

### Year 3 Benchmark:

By June 2016, 100% of the staff will demonstrate increased use of technological learning resources to organize, teach and assess student learning in California Content Standards

### **Objective 4b.2:**

By June 30, 2016, 100% of the staff will take the EdTechProfile and demonstrate improvement

Year 1 Benchmark: 80% of the staff will take the EdTechProfile and demonstrate improvement

Year 2 Benchmark: 90% of the staff will take the EdTechProfile and demonstrate improvement

**Year 3 Benchmark:** 100% of the staff will take the EdTechProfile and demonstrate

improvement

**Objective 4b.3:** By June 30, 2016, 100% of the staff will be take professional development in training on a variety of means for communicating with parents (blogs, web sites, *PowerSchool*, etc.). (3j)

**Year 1 Benchmark:** By June 30, 2014, 80% of the staff will be take professional development in training on a variety of means for communicating with parents (blogs, web sites, *PowerSchool*, etc.).

**Year 2 Benchmark:** By June 30, 2015, 90% of the staff will be take professional development in training on a variety of means for communicating with parents (blogs, web sites, *PowerSchool*, etc.).

**Year 3 Benchmark:** By June 30, 2016, 100% of the staff will be take professional development in training on a variety of means for communicating with parents (blogs, web sites, *PowerSchool*, etc.).

<b>Evaluation Instru</b>	ment(s) — Data	To Be Col	llected: EdT	echProfile,	<b>PowerSchool</b>	training
evaluations						

### Timeline for implementing and evaluating planned strategies and activities

Goal	Implementation Plan/Activities	Responsibl	Timeline	Budget	Monitoring
#		e Position		Source*	and
					Evaluation
4.b.1	Site Tech's will be identified to	Principal /	August 2013	SRSA	activities Curriculum
4.0.1	support faculty growth in use of	Supt.	August 2015	SKSA	documents
	technological learning resources.	вири.			illustrating the
					integration of
					technology
					learning
					resources;
	The district will research and				
	obtain the appropriate system				
4.b.3	Staff will be take professional				
	development in training on a				
	variety of means for				
	communicating with parents				
	(blogs, web sites, <i>PowerSchool</i> ,				
41.1	etc.). (3j)	D	I 2015	NT/A	01
4.b.1	Staff integrates at least three	Principal /	June 2015	N/A	Observation and
	lessons incorporating technology- learning resources in their teaching	Supt.			evaluation of
	per week.				lessons
4.b.1	A menu of opportunities* for staff	Tech Dir.	Annually each	N/A	Handouts,
4.0.1	development based on the EdTech	TCH DII.	spring for	11/71	lists, notes
	development based on the Editech		spring for		11515, 110105

	Profile survey are researched and presented to staff. On site workshops will be featured *At least 15 hrs/annually		summer / school year. implementation		from staff meetings
4.b.1	Faculty will take advantage of online technology in-service, such as CTAP Online and the Educational Technology Academy via individual professional development plans derived from EdTech Profile and other resources.	Tech Dir.	Annually per above	Title II if available	Teacher's individual professional development plans; certificates of completion;
4.b.1	Teachers will be allowed to use one day of professional development to visit schools identified by CTAP that demonstrate exemplary use of technology to support the academic core curriculum. Each teacher will report to a faculty meeting on the program visited and how it might be utilized at SPJUSD	Curriculum Council	Annually per above	Title II	Travel documents and faculty meeting notes
	Staff & stakeholder meeting to review effectiveness of Staff Development plan and make recommendations for new additions / strategies / formats	Curriculum Council	Fall 2014	N/A	Notes from staff meeting; recommendat ions; review of results from CTAP2 survey
	Staff integrates at least four lessons incorporating technology learning resources in their teaching; adding at least one technological learning resource to their teaching repertoire annually thereafter.		June 2016		

**Resources and budget required to implement these goals.** In addition to using Title I & II funds, the District will utilize a portion of its Small Rural School Achievement grant and allocated technology budget resources to fund the technology plan.

We will depend on Region 3's California Technology Assistance Project, CLRN and State Adoptions for information on California Content Standards aligned software and appropriate staff development opportunities. Professional development activities will include CTAP sponsored activities, the Educational Technology Academy, and other capacity building professional development opportunities provided by CTAP3.

Benefits from professional development based on staff needs assessment. Teachers clearly want to apply technology tools to improve student learning in California's core academic content areas. The goal is to improve test scores as indicators of student learning. Benefits of professional development related to integrating technology into core curriculum areas include

- Time to visit existing exemplary programs and effectively replicate them,
- Time to acquire in-depth knowledge of technological learning resources in order to integrate them into current curriculum,
- More technology-related teaching tools in each teacher's repertoire of instructional strategies, ultimately resulting in improved student learning and higher test scores.

## Infrastructure, Hardware, Technical Support, and Software

5a. describe the existing hardware, Internet access, electronic learning resources, and technical support already in the district that will be used to support the Curriculum and Professional Development Components of the plan.

### **Existing Hardware:**

The District would like to maintain a ratio of at least one computer for each 5 students and has so far accomplished this goal. Each classroom has at least one computer (most have two or more), and every classroom is connected to the Internet with at least one computer. The entire inventory, including peripherals needs to be re-documented and cataloged. The high school sites have labs that are used by ROP Classes and shared by the rest of the site when no ROP classes are being taught. All labs and classrooms are connected to the Internet and all students save their work on a designated server. All computers are at one to six years old. Many have 3-year service agreements, which have helped to keep repair costs down. Most of the District computers have been replaced and upgraded within the last two years. There has been a district wide purchase of upgraded printers and scanners for each site, along with LCD projectors and smartboards for every teacher.

### **Existing Internet Access:**

Classroom connectivity is via the Digital California Project nodes within the County. The connection speed varies from 100 Mb to 5 Mb depending on the site proximity to the node site. Currently 3 sites, Loyalton Middle, Loyalton Elementary and Downieville K12, are connected via a 100 Mb wireless and fiber optic links respectively. This has provided a long-term cost effective access, and has reduced ongoing costs significantly. The district has upgraded the

wireless antennas to all Loyalton Schools (2012) and is currently awaiting a fiber optic 1 GB connection to be installed in the Loyalton High School network room, provided through a grant from Plumas Sierra Rural Electric.

The district has begun to upgrade all necessary infrastructure as budgeting permits. Two new Cisco 3800 Series routers were purchased and installed in August 2012. Four new 2600 Series Cisco switches were purchased and installed in 2012 for installation at each site. Currently the district has roughly 15 Cisco switches in operation. The iPrism web filter/firewall is currently running the latest software version and the contract with St. Bernard was extended through 2016. Currently otwo domain controllers exist. They are located at the District Office and at the Downieville Tech Shack. Also at Downieville is the Exchange Server and DNS Server installed in 2011. The Exchange, DNS and Domain Server are currently filtered through an EdgeWave Email Filter. All school sites have Mac OS X 10.6 or newer Servers running the individual network accounts at the school sites and each server is less than 4 years old. Additionally wireless upgrades have been made at each school site to the newer Airport Wi-Fi 801.2 g/n' which allow greater access speed to the Internet for both staff and students. Total number of airports has also increased to allow for connections in areas of the school otherwise unable to get a signal in the past.

### **Existing Electronic Learning Resources:**

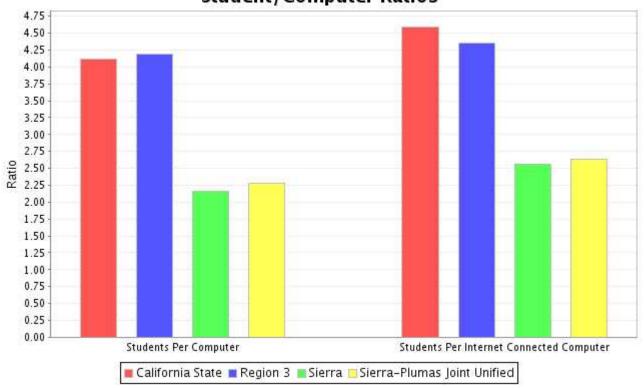

Most Macintosh operating systems in the District have been upgraded to 10.7 or newer. Current systems and servers are now running system 10.5.6 or newer. All sites have Microsoft Office 2011 installed on all computers that are newer than 2007. Older computers have Microsoft Office 2008 or have been upgraded to 2011. All sites K-12 have access to Accelerated Reader, Star Math and Star Reading.

### **Existing Technical Support:**

Currently the Technology Director over see's all sites and the District Office for all technology purposes. Each school site has a designated Site Tech to help with minor technology issues (printers, wireless, etc..).

# 6. Funding and Budget

6a. List of established and potential funding sources.

**ERATE Match 65%** 

Microsoft Voucher Fund

### **Established Funding Sources:**

As this is a small, rural district, the Superintendent is responsible for budget development and allocation of funds to implement the goals set by the Board. The Superintendent attends workshops to stay current on categorical programs and their uses and consults with the County Office of Education about the state funding levels. He maximizes the use of categorical funds in order to have general funds available for technology purchase and upkeep.

General Fund

Categorical Funds

### **Potential Funding Sources:**

### **REAP Grant**

The district will look to CTAP to provide cost effective staff development, advice on hardware and software purchases and to help train our site tech support cadre. CalSave.org is one resource that we have used and will be part of the process we will use to maximize expenditures.

The District is putting together the REAP/LEAP plan with will allocate funding toward the goals set in the technology plan. The funding is to be allocated over a three-year period and requires the matching goals of the technology plan to implement.

### 6b. Estimate annual implementation costs for the term of the plan.

Budget	Item Descriptions	Est.	Est.	Est.	E-rate
Category		Year 1	Year 2	Year 3	Eligible
		Cost	Cost	Cost	Amount

### 6c. Describe the district's replacement policy for obsolete equipment.

The District allocates technology funds to each school on an on-going, annual basis. School personnel are urged to utilize available funds for updating and replacing obsolete equipment on an on-going basis. In addition, the receives ERATE funding to help offset cost of telecommunications, therefore freeing up some budget for replacement of equipment.

# 6d. Describe the process that will be used to monitor Ed Tech funding, implementation costs and new funding opportunities and to adjust budgets as necessary.

The Superintendent/Principal admin council team will develop an annual technology budget as part of the annual budget cycle, citing various sources of funding. The district budget is developed in Dec/Jan. The business manager will prepare a mid year report in January of each year to update the Tech Committee, the Board, and the Curriculum council on the progress of funding for technology.

The Superintendent and Business Manager are responsible for monitoring all aspects of the budget. They oversee the day to day budget, plans for the expenditure of the various funds and programs, prepares the monthly budget reports as well as the state required semi annual Interim Reports for the Board, develops the budget annually, and in the process advises the Board about state and grant funds available.

## 7. Monitoring and Evaluation

# 7a. Describe the process for evaluating the plan's overall progress and impact on teaching and learning.

While the district developed a 5-year technology plan in 1997, it focused primarily on the acquisition of equipment and connectivity, and secondarily on the use of technology for teaching and learning. The second plan (04-07) established a set of goals and benchmarks that put much more emphasis on curricular and staff development. The third plan (07-10) focused on current technology needs and implementing the technology into the curriculum. The 2013-2016 Technology Plan updates and revises the previous plan to allow for continued travel towards more technology based curriculum. This plan will be reviewed with staff, the Curriculum Committee and Board of Education each year to determine progress and needs. The current technology planning process needs to address increased use of existing and future technology tools in curriculum, instruction and assessment.

### 7b. Schedule for evaluating the effect of plan implementation.

To monitor adequately the school/district's progress in utilizing technology tools for teaching and learning, data will be collected in the following areas:

- Annual increases in teachers' technology proficiencies per the EdTechProfile assessment;
- Annual increases in teachers' use of technology to enhance curriculum;
- Students' progress in mastering the California Content Standards in Math and Science;
- Students' progress in acquiring technology proficiency skills.
- Annual maintenance and infrastructure upgrade activities.
- Adequacy of Tech Support.

# 7c. Describe the process and frequency of communicating evaluation results to tech plan stakeholders.

The Technology Director and the Superintendent will prepare annual reports of the progress toward meeting stated goals and benchmarks. This report will be in conjunction with the budget development in May/June. The report will be presented to the Tech Committee, the Board and the admin council to at least regularly scheduled meeting.

May annually	The Superintendent and the Technology Director present data and summary of
	progress toward meeting goals at staff, Admin council and Board meetings.
Ongoing	Modifications of the plan and activities are made based on the data gathered,

## 8. Collaborative Strategies with Adult Literacy Providers

If the district has identified adult literacy providers, describe how the program will be developed in collaboration with them. (If no adult literacy providers are indicated, describe the process used to identify adult literacy providers or potential future outreach efforts.)

Sierra-Plumas/Sierra COE does not provide adult education courses. Within the boundaries of Sierra-Plumas/Sierra COE area, adult literacy needs are served through a variety of agencies. The area's community college district, provides adult education classes in basic literacy, GED preparation , and ESL as well as general interest classes. Sierra County ROP offers classes through the high schools in a variety of job and life skills, including technology skills such as basic word processing, home budgeting with spreadsheets and resources on the Internet.

During the spring of 2014, Sierra-Plumas/Sierra COE will consult with local county and community college adult literacy programs and offer to work with them. Such collaboration could include outreach, facilities for classes, and use of equipment.-

## 9. Effective, Researched-Based Methods and Strategies

9a. Summarize the relevant research and describe how it supports the plan's curricular and professional development goals.

Sierra-Plumas/Sierra COE School students have made significant gains in their core subject areas as revealed in California STAR data. The percentage of students at or above the 50% percentile in **reading/LA has increased from 80% to 82%** in **Math from 82% to 84%** (1997 to 2000). Math is an area of relative strength. However, data showed Title I students are in need of improvement in the areas of reading/LA and Math.

This analysis led the school to set improvement goals in reading/LA, targeting Title I students in particular.

To reach the goals, the school embarked on a rigorous staff development program and adopted new reading texts in grades k-6. The board adopted the Open Court reading text for grades kindergarten through 5<sup>th</sup> grade. This is one of only two series approved by the state of California that is aligned with the state standards and thoroughly grounded in research proven methods. Two days of staff development will be provided: one in June and one in August.

Curricular Area	Research Consulted	Annotation
Reading	Research includes:	Researched-based reading strategies can
	• Moats, Educational Leadership,	build a foundation for reading success in
	March 2001 pp 36-39;	students of all ages.
	Reading/Language Arts Framework	These include:

for California Public School Kindergarten Through Grad Twelve. Chapter 4, pp 98-19 • Fielding and Person, Educat Leadership, vol 51, no 5 Fel 1994, pp 62-68 (see extension bibliography of research ref	reading fluency and word recognition; vocabulary and phrase meanings; teaching comprehension; and including writing response to reading.  • Administer measures of assessment

Staff development in teaching writing has focused on teaching the writing process to all students. This strategy is based on years of research and field-testing first by California teachers, then by teachers across the country.

Curricular Area	Research Consulted	Annotation
Writing	See Gray, Thomas, D'Aoust, Willet and others, in Olson, Practical Ideas for Teaching writing as a Process at the Elementary School and Middle School Levels, 1996.  See also the bibliography, including referenced research.  Shelfelbine and others, Reading/Language Arts Framework for California Public Schools, 1999	<ul> <li>Children possess the requisite linguistic knowledge to write.</li> <li>Teachers need to use every possible means to give student confidence in their linguistic knowledge.</li> <li>Writing is a process and teaching writing is the process of helping students use and perfect their linguistic knowledge and get it on paper.</li> <li>Academic language must be taught. Four strategies are suggested: reading aloud; instructional discussions; reading by students; writing by students.</li> </ul>

# 9b. Describe the district's plans to use technology to extend or supplement the district's curriculum with rigorous academic courses and curricula, including distance-learning technologies.

A Technology Audit as well as a Curriculum Audit was conducted in preparation for writing Sierra-Plumas/Sierra COE School's Technology Plan. The results of those audits led to the goals, benchmarks and timelines of the grant. Implementation of the Tech Plan will rely heavily

on California Technology Assistance Project. Its research, models and strategies are the most accessible and reliable research-based and proven information for hardware specifications, standards aligned software, implementation models and instructional strategies. Examples of the type of research CTAP accesses follow:

Component Reinforcement	Page In Plan	Research Source	Research Summary
Curriculum, Reading and Writing Technology skills, Information Literacy Skills History/Social Studies	4, 5, 12, 14, 15 4, 5, 12, 14, 15	Sandholtz, Ringstaff and Dwyer, in Teaching with technology; Creating student-centered classrooms, 1997 Critical Issue: Using technology to improve students achievement, 1999 NCREL web site	"Student engagement remained highest when technology use was integrated into the larger curricular framework, rather than being an "add-on" to an already full curriculum." instruction and time allocations accordingly.  Using technology within the curricular framework can enhance important skills that will be valued in the workplace, such as locating and accessing information, organizing and displaying data, and creating persuasive arguments.
Core content, including Math and Science	4, 5, 12, 14, 15	Sivin-Kachala and Bialo, 2000 research report on the effectiveness of technology in schools, 2000	Computer-assisted instruction and drill-and- practice software can significantly improve students' scores on standardized achievement tests in all major subject areas.
Integration Strategies to Improve Teaching and Learning	4, 5, 12, 14, 15	Dwyer, ACOT: History, findings, impact. 1992	Technologies provided a conceptual environment where children could collect information in multiple formats and then organize, play, visualize, link and eventually construct new ideas about relationships among facts and events. The same technology could then be used by students to communicate their ideas to other students.
Staff Development: Adult Learning Models	12	Schacter, The impact of education technology on student achievement: What the most current research has to say. Milken Family Foundation web site, 1999	The most important staff-development features include opportunities to explore, reflect, collaborate with peers, work on authentic learning tasks, and engage in hands-on active learning.

# <u>Appendix C – Criteria for EETT Funded Technology Plans</u>

1. PLAN DURATION CRITERION	Page in District Plan	Example of Adequately Addressed	Example of Not Adequately Addressed
The plan should guide the district's use of education technology for the next three years. (For a new plan, can include technology plan development in the first year)	1	The technology plan describes the districts use of education technology for the next three to five years. (For new plan, description of technology plan development in the first year is acceptable).  Specific start and end dates are recorded (7/1/xx to 6/30/xx).	The plan is less than three years or more than five years in length.  Plan duration is 2013-2016.
2. STAKEHOLDERS CRITERION	Page in District	Example of Adequately Addressed	Not Adequately
Corresponding EETT	Plan	Addressed	Addressed
Requirement(s): 7 and 11 (Appendix D).			
Description of how a variety of stakeholders from within the school district and the community-at-large participated in the planning process.	1	The planning team consisted of representatives who will implement the plan. If a variety of stakeholders did not assist with the development of the plan, a description of why they were not involved is included.	Little evidence is included that shows that the district actively sought participation from a variety of stakeholders.

3.	CURRICULUM COMPONENT CRITERIA Corresponding EETT Requirement(s): 1, 2, 3, 8, 10, and 12 (Appendix D).	Page in District Plan	Example of Adequately Addressed	Example of Not Adequately Addressed
a.	Description of teachers' and students' current access to technology tools both during the school day and outside of school hours.	4	The plan describes the technology access available in the classrooms, library/media centers, or labs for all students and teachers.	The plan explains technology access in terms of a student-to-computer ratio, but does not explain where access is available, who has access, and when various students and teachers can use the technology.
b.	Description of the district's current use of hardware and software to support teaching and learning.	7	The plan describes the typical frequency and type of use (technology skills/information literacy/integrated into the curriculum).	The plan cites district policy regarding use of technology, but provides no information about its actual use.
C.	Summary of the district's curricular goals that are supported by this tech plan.	8	The plan summarizes the district's curricular goals that are supported by the plan and referenced in district document(s).	The plan does not summarize district curricular goals.
d.	List of clear goals, measurable objectives, annual benchmarks, and an implementation plan for using technology to improve teaching and learning by supporting the district curricular goals.	9	The plan delineates clear goals, measurable objectives, annual benchmarks, and a clear implementation plan for using technology to support the district's curriculum goals and academic content standards to improve learning.	The plan suggests how technology will be used, but is not specific enough to know what action needs to be taken to accomplish the goals.
e.	· · · · · · · · · · · · · · · · · · ·	10	The plan delineates clear goal(s), measurable objective(s), annual benchmarks, and an implementation plan detailing how and when students will acquire technology skills and information literacy skills.	The plan suggests how students will acquire technology skills, but is not specific enough to determine what action needs to be taken to accomplish the goals.

	List of clear goals, measurable objectives, annual benchmarks, and an implementation plan to use technology to make student record keeping and assessment more efficient and supportive of teachers' efforts to meet individual student academic needs.	14	The plan delineates clear goal(s), measurable objective(s), annual benchmarks, and an implementation plan for using technology to support the district's student record-keeping and assessment efforts.	The plan suggests how technology will be used, but is not specific enough to know what action needs to be taken to accomplish the goals.
	List of clear goals, measurable objectives, annual benchmarks, and an implementation plan to use technology to improve two-way communication between home and school.	15	The plan delineates clear goal(s), measurable objective(s), annual benchmarks, and an implementation plan for using technology to improve two-way communication between home and school.	The plan suggests how technology will be used, but is not specific enough to know what action needs to be taken to accomplish the goals.
	Describe the process that will be used to monitor the Curricular Component (Section 3d-3j) goals, objectives, benchmarks, and planned implementation activities including roles and responsibilities.	16	The monitoring process, roles, and responsibilities are described in sufficient detail.	The monitoring process either is absent, or lacks detail regarding procedures, roles, and responsibilities.

4. PROFESSIONAL DEVELOPMENT COMPONENT CRITERIA	Page in District Plan	Example of Adequately Addressed	Example of Not Adequately Addressed
Corresponding EETT Requirement(s): 5 and			

	12 (Appendix D).			
	Summary of the teachers' and administrators' current technology proficiency and integration skills and needs for professional development.  List of clear goals, measurable objectives, annual benchmarks, and an implementation plan for providing professional development opportunities based on your district needs assessment data (4a)	18-19	The plan provides a clear summary of the teachers' and administrators' current technology proficiency and integration skills and needs for professional development. The findings are summarized in the plan by discrete skills that include CTC Standard 9 and 16 proficiencies.  The plan delineates clear goals, measurable objectives, annual benchmarks, and an implementation plan for providing teachers and administrators with sustained, ongoing professional development necessary to reach the Curriculum Component	Description of current level of staff expertise is too general or relates only to a limited segment of the district's teachers and administrators in the focus areas or does not relate to the focus areas, i.e., only the fourth grade teachers when grades four to eight are the focus grade levels.  The plan speaks only generally of professional development and is not specific enough to ensure that teachers and administrators will have the necessary training to implement the Curriculum Component.
c.	and the Curriculum Component objectives (Sections 3d through 3j) of the plan.		objectives (sections 3d through 3j) of the plan.  The monitoring process, roles, and responsibilities are	The monitoring process either is absent, or lacks

5. INFRASTRUCTURE, HARDWARE, TECHNICAL SUPPORT, AND SOFTWARE COMPONENT CRITERIA	Page in District Plan	Example of Adequately Addressed	Example of Not Adequately Addressed
Corresponding EETT			

				<del>_</del>
	Requirement(s): 6 and			
	12 (Appendix D).			
a.	Describe the existing hardware, Internet access, electronic learning resources, and technical support already in the district that will be used to support the Curriculum and Professional Development Components (Sections 3 & 4) of the plan.	20	The plan clearly summarizes the existing technology hardware, electronic learning resources, networking and telecommunication infrastructure, and technical support to support the implementation of the Curriculum and Professional Development Components.	The inventory of equipment is so general that it is difficult to determine what must be acquired to implement the Curriculum and Professional Development Components. The summary of current technical support is missing or lacks sufficient detail.
b.	Describe the technology hardware, electronic learning resources, networking and telecommunications infrastructure, physical plant modifications, and technical support needed by the district's teachers, students, and administrators to support the activities in the Curriculum and Professional Development Components of the plan.	21	The plan provides a clear summary and list of the technology hardware, electronic learning resources, networking and telecommunications infrastructure, physical plant modifications, and technical support the district will need to support the implementation of the district's Curriculum and Professional Development Components.	The plan includes a description or list of hardware, infrastructure, and other technology necessary to implement the plan, but there doesn't seem to be any real relationship between the activities in the Curriculum and Professional Development Components and the listed equipment. Future technical support needs have not been addressed or do not relate to the needs of the Curriculum and Professional Development Components.
C.	List of clear annual benchmarks and a timeline for obtaining the hardware, infrastructure, learning resources and technical support required to support the other plan components as identified in Section 5b.	22	The annual benchmarks and timeline are specific and realistic. Teachers and administrators implementing the plan can easily discern what needs to be acquired or repurposed, by whom, and when.	The annual benchmarks and timeline are either absent or so vague that it would be difficult to determine what needs to be acquired or repurposed, by whom, and when.
d.	Describe the process that will be used to	23	The monitoring process, roles, and responsibilities are	The monitoring process either is absent, or lacks

monitor Section 5b &	descr	ibed in sufficient detail.	detail regarding who is
the annual			responsible and what is
benchmarks and			expected.
timeline of activities			
including roles and			
responsibilities.			

6.	BUDGET COMPONENT CRITERIA Corresponding EETT	Page in District Plan	Example of Adequately Addressed	Example of Not Adequately Addressed
	Requirement(s): 7 & 13, (Appendix D)			
a.	List established and potential funding sources.	23	The plan clearly describes resources that are available or could be obtained to implement the plan.	Resources to implement the plan are not clearly identified or are so general as to be useless.
b.	Estimate annual implementation costs for the term of the plan.	23	Cost estimates are reasonable and address the total cost of ownership, including the costs to implement the curricular, professional development, infrastructure, hardware, technical support, and electronic learning resource needs identified in the plan.	Cost estimates are unrealistic, lacking, or are not sufficiently detailed to determine if the total cost of ownership is addressed.
C.	Describe the district's replacement policy for obsolete equipment.	25	Plan recognizes that equipment will need to be replaced and outlines a realistic replacement plan that will support the Curriculum and Professional Development Components.	Replacement policy is either missing or vague. It is not clear that the replacement policy could be implemented.
d.	Describe the process that will be used to monitor Ed Tech funding, implementation costs and new funding opportunities and to adjust budgets as necessary.	25	The monitoring process, roles, and responsibilities are described in sufficient detail.	The monitoring process either is absent, or lacks detail regarding who is responsible and what is expected.

7.	MONITORING AND EVALUATION COMPONENT CRITERIA Corresponding EETT Requirement(s): 11 (Appendix D).	Page in District Plan	Example of Adequately Addressed	Example of Not Adequately Addressed
a.	Describe the process for evaluating the plan's overall progress and impact on teaching and learning.	25	The plan describes the process for evaluation using the goals and benchmarks of each component as the indicators of success.	No provision for an evaluation is included in the plan. How success is determined is not defined. The evaluation is defined, but the process to conduct the evaluation is missing.
b.	Schedule for evaluating the effect of plan implementation.	25	Evaluation timeline is specific and realistic.	The evaluation timeline is not included or indicates an expectation of unrealistic results that does not support the continued implementation of the plan.
C.	Describe the process and frequency of communicating evaluation results to tech plan stakeholders.	26	The plan describes the process and frequency of communicating evaluation results to tech plan stakeholders.	The plan does not provide a process for using the monitoring and evaluation results to improve the plan and/or disseminate the findings.

### NOTICE OF PUBLIC HEARING

### Notice Is Hereby Given

# Sierra County Office of Education Sierra-Plumas Joint Unified School District Governing Board

will hold a public hearing on Tuesday, September 10, 2013, at 6:00 P.M. at Sierra County Office of Education, 109 Beckwith Rd., Room 4, Loyalton, CA 96118, for the purpose of:

Receiving public comment on textbooks or instructional materials, or both, in each subject that is consistent with the content and cycles of the curriculum framework adopted by the State board.

The Governing Board will also make a determination as to the availability of laboratory science equipment as applicable to science laboratory courses offered in grades 9 to 12 inclusive (Education Code 60119).

The Sierra-Plumas Joint Unified School District will determine through a resolution that they have adhered to all laws and regulations regarding the expenditure of instructional materials funding.

August 28, 2013	
	Dr. Merrill M. Grant
	Superintendent of Schools

### SIERRA COUNTY OFFICE OF EDUCATION

### **RESOLUTION NO. 13-003**

### SUFFICIENCY OF TEXTBOOKS OR INSTRUCTIONAL MATERIALS

**WHEREAS**, the Sierra County Board of Education, in order to comply with the requirements of Education Code 60119, held a public hearing on September 10, 2013, at 6 o'clock, which is on or before the eighth week of school and which did not take place during or immediately following school hours, and;

**WHEREAS**, the Board provided at least 10 days notice of the public hearing by posting it in at least three public places within the district stating the time, place, and purpose of the hearing, and;

**WHEREAS**, the Board encouraged participation by parents/guardians, teachers, members, of the community, and bargaining unit leaders in the public hearing, and;

**WHEREAS**, information provided at the public hearing detailed the extent to which textbooks and instructional materials were provided to all students, including English learners, in the Sierra County Office of Education, and;

**WHEREAS**, the definition of "sufficient textbooks or instructional materials" means that each student, including English learners, has a textbook or instructional materials, or both, to use in class and to take home, which may include materials in a digital format but shall not include photocopied sheets from only a portion of a textbook or instructional materials copied to address a shortage, and;

**WHEREAS**, sufficient textbooks and instructional materials were provided to each student, including English learners, that are aligned to the academic content standards and consistent with the cycle and content of the curriculum frameworks in the following subjects;

**Mathematics** Saxon - Math K-4, Grades K, 1, 2, 3

Macmillan/McGraw-Hill/Glencoe - California Mathematics, Grades 4-7

Prentice Hall - <u>Geometry</u>, Grades 8-12 Prentice Hall - <u>Pre-Algebra</u>, Grades 8-12

Glencoe - <u>Algebra I</u>, Grades 8-12 Glencoe - <u>Algebra II</u>, Grades 8-12 Houghton Mifflin - <u>Pre Calculus</u> Houghton Mifflin - <u>Calculus</u>

Science Harcourt – California Edition, Grades 2-5

Writing

Prentice Hall - <u>Literature</u>

**WHEREAS**, sufficient textbooks or instructional materials were provided to each student enrolled in foreign language or health classes, and;

**WHEREAS**, laboratory science equipment was available for science laboratory classes offered in grades 9-12, inclusive:

**THEREFORE, IT IS RESOLVED THAT** for the 2013-2014 school year, the Sierra-Plumas Joint Unified School District, has provided each student with sufficient textbooks and instructional materials aligned to the academic content standards and consistent with the cycles and content of the curriculum frameworks.

PASSED AND ADOPTED at a regular meeting of the Sierra-Plumas Joint Unified School District Governing Board held on September 13, 2013, by the following vote:

AYES:	
NOES:	
ABSENT:	
ABSTAIN:	
VACANT:

### MINUTES FOR THE REGULAR MEETING OF THE GOVERNING BOARD OF THE SIERRA-PLUMAS JOINT UNIFIED SCHOOL DISTRICT

AUGUST 13, 2013

Downieville School, Downieville, California This meeting was videoconferenced to Sierra County Office of Education, 109 Beckwith Rd., Room 4, Loyalton, CA 96118

#### A. CALL TO ORDER

President Mike Moore called the meeting to order at 6:30 pm.

#### B. ROLL CALL

PRESENT: Mr. Mike Moore, President

Mr. Tim Driscoll. Vice President Ms. Sharon Dryden, Clerk Ms. Patty Hall, Member Mr. Allen Wright, Member

ABSENT: None

VACANT: None

STAFF: Dr. Merrill M. Grant, Superintendent

Ms. Rose Asquith, Business Manager

Ms. Hannah Tomatis, Administrative Assistant

Ms. Marla Stock, Site Administrator - via videoconference

Mr. Derek Cooper, Site Administrator

Ms. Marlene Mongolo, SELPA Director – via videoconference

### C. APPROVAL OF THE AGENDA

WRIGHT motioned to approve the agenda with Item 1314-037 tabled until September.

MSCU/WRIGHT/HALL

### D. INFORMATION / DISCUSSION ITEMS

### 1. SUPERINTENDENT'S REPORT

- a. Dr. Grant stated that he met with staff, worked with the Leadership Team and toured the district sites and boundaries. He invited the board to the August 22 Back to School Inservice day in Loyalton.
- b. Downieville school leadership coverage will include Mr. Cooper on site on Tuesdays and Thursdays. Dr. Grant will be there Wednesdays and Marlene Mongolo on Fridays. A lead teacher will also be assigned. Dr. Grant will be available to the Loyalton Elementary school on the days Mr. Cooper is in Downieville.
- c. At the September Board meeting Dr. Grant will present his observations including common core, technology and professional development.
- d. A Weekly Update will be emailed to the Board.
- e. Facilities
  - i. Pliocene Ridge Property Escrow closed July 19, 2013.

- ii. Old Loyalton Middle School Restroom Project. The project is near completion; the railings are left to be installed.
- iii. Loyalton High School Roof Project on schedule to finish before school begins on August 26.
- f. Local Control Funding Formula handout was reviewed
- g. 2011-12 No Child Left Behind Requirements met

### 2. BUSINESS REPORT

There were no comments on the Board Report-Expenditures by Object 07/01/12 to 7/13/13.

### 3. STAFF REPORTS

Derek Cooper, Site Administrator for Loyalton Elementary and Downieville School, stated that so far seven new students enrolled in LES and 2 new students enrolled in DVL. Interviews are complete and a secretary will be selected for Downieville School. Interviews for the math and science teacher will be conducted on Thursday, August 15.

Marla Stock, Site Administrator for Loyalton Jr/Sr High School reported that an orientation for the 7<sup>th</sup> and 8<sup>th</sup> grade students' parents was held.

### 4. SPTA REPORTS

There were no reports.

### 5. BOARD MEMBERS' REPORTS

Allen thanked Bernadette Manning for her work in preparing Downieville School for the students. He thanked the Superintendent Search Committee, Sue Roberts and Mike Filippini for their work in securing a superintendent.

### **PUBLIC COMMENT**

**6.** The Public Hearing to receive comment on the Loyalton Jr/Sr High School's block schedule per Education Codes §46160-46162 was opened at 6:52 pm.

Marla Stock explained that the reason for the public hearing was to inform and listen to parents, staff and the public regarding the middle school/high school combination as it introduces the 7<sup>th</sup> and 8<sup>th</sup> grade students to a block schedule.

DRISCOLL commented that the schedule would benefit students in sports. Camille Alfred, 7<sup>th</sup> and 8<sup>th</sup> grade teacher, stated that the students will adapt to the block schedule quickly. She believes that the students will benefit by receiving more elective opportunities.

Rose Asquith thanked Marla Stock for her numerous hours of work creating a functioning schedule.

The public hearing closed at 6:55 pm.

President Moore opened the meeting for public comment at 6:55 pm.

Bernadette Manning, Downieville School custodian, implored the board to hire an evening custodian.

Mary Davey, parent, stated that she agreed with Mrs. Manning and added that security is another benefit of having an evening custodian, in addition to keeping the school sanitized. She expressed concern about the buses running in winter weather. She asked the Board to promote the Downieville community to the public in order for families to move and stay here.

Amber Baca-Sainsbury also supported Bernadette Manning and agreed with her statements.

Ms. Baca-Sainsbury introduced herself as a member of the Sierra Arts Council and stated that they are working on the arts in schools trying to remedy the program's lost funding.

Marla Stock clarified that the "Arts in the Schools" grant was not funded. She informed the public that the Sierra Schools Foundation is committed to support art in the Downieville and the Loyalton schools. A proposed music period at Loyalton High was forfeited for so the money could go toward maintaining the same programs provided by the arts council last year. Seven thousand dollars in matching funding is needed.

Janet McHenry stated a reminder that if any teacher wishes a grant from the Sierra Schools Foundation, they must apply.

Mary Davey asked the Board if the revenue from Pliocene School's sale could fund a custodian at Downieville.

President Moore closed the meeting for public comment at 7:05 pm.

#### E. CONSENT CALENDAR

The following items were included on the consent calendar:

- 1. Approval of the minutes of the Regular Board meeting held July 9, 2013
- 2. Approval of the minutes of the Special Board meeting held July 10, 2013
- 3. Approval of the minutes of the Special Board meeting held July 16, 2013
- 4. Approval of the bill warrants for the month of July 2013
- 5. Assignment of Judith Guidotti to 2013-2014 Junior Varsity Volleyball Coach, LHS
- 6. Assignment of Rhonda McBride to 2013-2014 Cheerleading Advisor, Semester 1 and Semester 2, Loyalton High School
- 7. Assignment of Steve Fillo to Athletic Director, Downieville School
- 8. Assignment of Steve Fillo as California Interscholastic Federation representative
- 9. Approval of Assignment to teach core subjects outside of credential area for 2013-2014 school year (Ed Code 44258.3)
  - Megan Meschery, Loyalton Jr/Sr High School, Grade 9-10 English, 3 sections
  - b. Joanne Nunes, Loyalton Jr/Sr High School, History Grade 7-8; World History, US History Grade 9-12, 6 sections

- c. Clara Schumacher, Sierra Pass Continuation School, English, History, Math, Science, 4 sections
- d. Augustine Corcoran, Downieville High School, Spanish I & II, 1 section WRIGHT motioned that the consent calendar be approved, with the following corrections: July 9, 2013 Regular Board meeting, Public Comment/to reflect MOORE as the president. Item 1314-15 corrected to reflect HALL and MOORE on the Transportation Committee/HALL seconded to approve the Consent Calendar as corrected.

#### F. ACTION ITEMS

### **Old Business**

1314-019 Response to Grand Jury Report

http://www.sierracounty.ca.gov/DocumentCenter/View/431

District Superintendent, Dr. Merrill Grant reviewed the Grand Jury Report and states that the District responds and agrees with the findings. Dr. Grant also commented that the issues of communication are something

that school districts struggle with and stated that he will work to get the public well informed and involved utilizing our technological resources.

### Sierra County/Sierra-Plumas Joint USD **Board Policy**

Vision

BP 0000

Philosophy, Goals, Objectives and Comprehensive Plans

We envision schools where all children succeed, where all children feel safe, and where their curiosity is cultivated. We will provide an educational environment that encourages productive, responsible citizens.

It is our goal to equip students with the tools to live and to contribute successfully in a rapidly changing world.

Our schools will offer a challenging, meaningful, and relevant curriculum that values creativity, critical thinking, and effective communication.

Our students will be able to apply knowledge to new contexts and do so with honesty and integrity.

Our students will learn to appreciate beauty and care for the environment as well as each other and ultimately understand that their actions can make a difference.

(cf. 0100 - Philosophy) (cf. 0200 - Goals for the School District) (cf. 0400 - Comprehensive Plans) (cf. 9000 - Role of the Board)

The Superintendent or designee shall recommend an appropriate process for establishing and/or reviewing the district's vision statement which is inclusive of parents/guardians, students, staff and community members.

The Board of Education shall review the district vision statements at least every three years or whenever a new Board member or Superintendent joins the district. Following these reviews the Board may revise or reaffirm the direction it has established for the district.

The Superintendent or designee shall communicate the district's vision to staff, parents/guardians and the community and shall regularly report to the Board regarding district progress toward the vision.

(cf. 0500 - Accountability) (cf. 1100 - Communication with the Public)

# SIERRA COUNTY OFFICE OF EDUCATION RESOLUTION NO. 13-004

#### **Resolution for Adopting the Gann Limit**

**WHEREAS**, in November of 1979, the California electorate did adopt Proposition 4, commonly called the Gann Amendment, which added Article XIII-B to the California Constitution; and

**WHEREAS**, the provisions of that Article establish maximum appropriation limitations, commonly called "Gann Limits," for public agencies, including school districts; and

**WHEREAS**, the County must establish a revised Gann Limit for the 2012 – 2013 fiscal year and a projected Gann Limit for the 2013 – 2014 fiscal year in accordance with the provisions of Article XIII-B and applicable statutory law;

**NOW, THEREFORE, BE IT RESOLVED**, that this Board does provide public notice that the attached calculations and documentation of the Gann Limits for the 2012 – 2013 and 2013 – 2014 fiscal years are made in accord with applicable constitutional and statutory law; and

**BE IT FURTHER RESOLVED**, that this Board does hereby declare that the appropriations in the Budget for the 2012 – 2013 and 2013 – 2014 years do not exceed the limitations imposed by Proposition 4; and

**BE IT FURTHER RESOLVED**, that the Superintendent provides copies of this resolution along with the appropriate attachments to interested citizens of this district.

#### SCHOOL PLANS/SITE COUNCILS

Note: The following optional policy may be revised to reflect district practice.

The Governing Board believes that comprehensive planning at each district school is necessary in order to focus school improvement efforts on student academic achievement and facilitate the effective use of district resources. The Superintendent or designee shall ensure that school plans provide clear direction and identify cohesive strategies aligned with school and district goals.

(cf. 0000 - Vision)

(cf. 0200 - Goals for the School District)

(cf. 0400 - Comprehensive Plans)

Note: School site councils or other schoolwide advisory committees are required to develop a single plan for student achievement (SPSA) to consolidate the school plans required for the state and federal categorical programs included in the state's consolidated application (Education Code 64000-64001) and the Quality Education Investment Act (Education Code 52055.700-52055.770). School plans formerly required for the Pupil Retention Block Grant (Education Code 41505-41508) and School and Library Improvement Block Grant (Education Code 41571-41573) may no longer be applicable since the funding for those programs is now included in the Local Control Funding Formula pursuant to AB 97 (Ch. 47, Statutes of 2013). For additional information regarding the development and content of the SPSA, see the accompanying administrative regulation and the California Department of Education's (CDE) publication A Guide for Developing the Single Plan for Student Achievement: A Resource for the School Site Council, available on its web site.

For any school that participates in specified state and/or federal categorical programs, the Superinterschool site council or other schoolwide advisory committee shall consolidate the plans required for those categorical programs into a single plan for student achievement (SPSA). (Education Code 52055.755, 64001)

Ravisad

(in current )?

As appropriate, a school may incorporate any other school plan into the SPSA. (Education Code 64001)

Note: The following optional paragraph may be revised to reflect district practice.

The Superintendent or designee shall review each school's SPSA to ensure that it meets the content requirements for all programs included, is based on an analysis of current practices and student academic performance, and reasonably links improvement strategies to identified needs of the school and students. He/she shall submit to the Board his/her recommendations for plan approval or revision.

The Board shall review and approve each school's SPSA and any subsequent material revisions affecting the academic programs for students participating in the categorical programs addressed in the SPSA. The Board shall certify that, to the extent allowable under federal law, the SPSA is consistent with district local improvement plans required as a condition of receiving federal funding. Any such review and approval shall be at a regularly scheduled Board meeting. (Education Code 64001)

Note: The CDE's publication A Guide for Developing the Single Plan for Student Achievement: A Resource for the School Site Council indicates that, as with plans required for School-Based Program Coordination pursuant to Education Code 52855, the Board must communicate its reasons any time it does not approve the SPSA.

Whenever the Board does not approve a school's SPSA, it shall communicate its specific reasons for disapproval of the plan to the school site council or committee. The school site council or committee shall then revise and resubmit the SPSA to the Board for its approval.

Note: The following optional paragraph may be revised to reflect district practice.

The Superintendent or designee shall ensure that school administrators and school site council members receive training on the roles and responsibilities of the site council.

#### SCHOOL PLANS/SITE COUNCILS

#### **School Site Councils**

Note: Education Code 52852 requires the establishment of a school site council at each school that participates in School-Based Program Coordination. In addition, Education Code 64001 requires that each school have a school site council, or other advisory committee that meets the requirements of Education Code 52852, to develop and review the school's single plan for student achievement (SPSA) for any categorical programs included in the state's consolidated application; see section "Single Plan for Student Achievement" below.

For information about the organization of the school site council, including sample school site council bylaws that address duties, membership, officers, subcommittees, and meetings, see the California Department of Education's (CDE) publication A Guide for Developing the Single Plan for Student Achievement: A Resource for the School Site Council, available on the CDE's web site.

School site councils shall be established when required for participation in a categorical program. (Education Code 52852, 64001)

(cf. 0420.1 - School-Based Program Coordination)

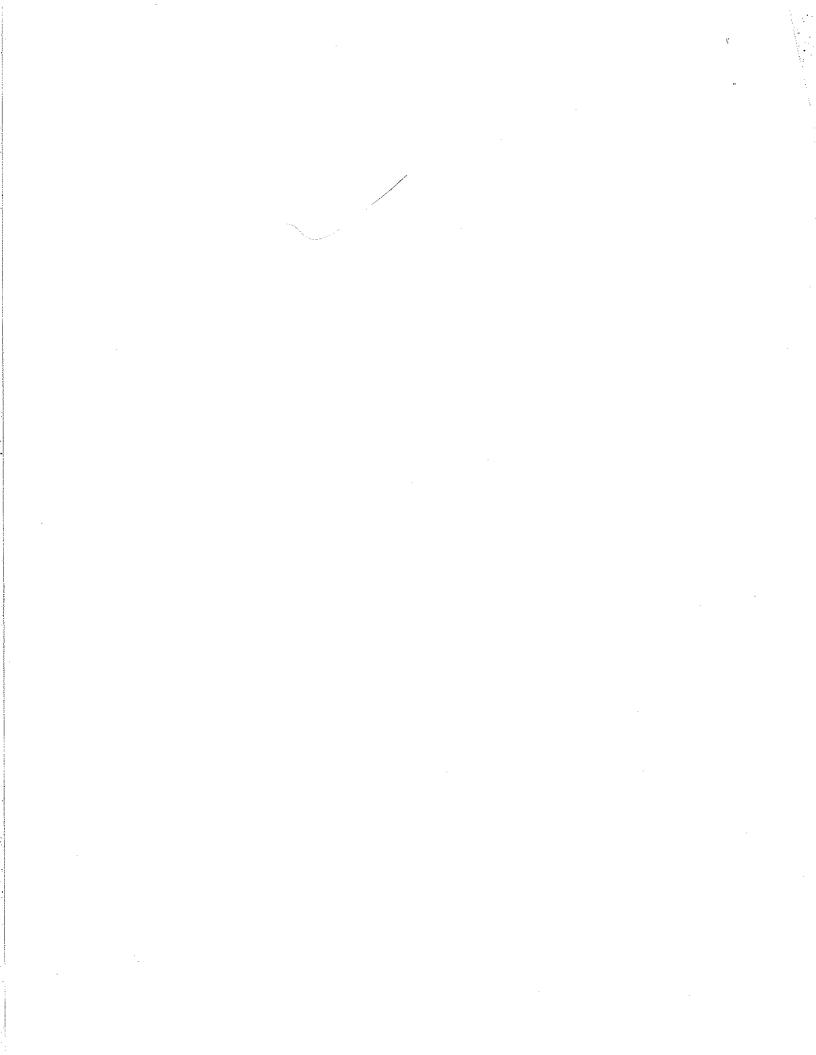

The school site council shall be composed of the following: (Education Code 52852)

- 1. The principal
- 2. Teachers selected by the school's teachers
- 3. Other school personnel selected by the school's other personnel
- 4. Parent/guardian representatives, who may include parents/guardians of students attending the school and/or community members, selected by parents/guardians of students attending the school

Note: Education Code 52852 requires that secondary schools include students on their school site council. Pursuant to Education Code 52 and 53, secondary schools include high schools and junior high schools. The CDE's publication A Guide for Developing the Single Plan for Student Achievement: A Resource for the School Site Council advises that middle schools may include student representation on the school site council at the district's discretion. If the district does determine that middle schools should include students on their school site council, then such councils must meet the composition required of secondary schools as noted in the paragraph below item #5.

5. In secondary schools, students attending the school selected by other such students

Half of the school site council membership shall consist of school staff, the majority of whom shall be classroom teachers. For elementary school site councils, the remaining half shall be parent/guardian representatives. For secondary school site councils, the remaining half shall be equal numbers of parent/guardian representatives and students. (Education Code 52852)

A district employee may serve as a parent/guardian representative on the school site council of the school his/her child attends, provided the employee does not work at that school. (Education Code 52852)

Note: The method of selecting members of school site councils is not specified in law, except that members must be chosen by peers as noted above. No additional membership qualifications may be required. The CDE's publication A Guide for Developing the Single Plan for Student Achievement: A Resource for the School Site Council suggests that the selection process may be addressed in Board policy or in bylaws of the school site council. The following optional paragraph may be revised to reflect district practice.

New

The bylaws of each school site council shall include the method of selecting members and officers, terms of office, responsibilities of council members, time commitment, and a policy of nondiscrimination.

School site councils may function on behalf of other committees in accordance with law. (Education Code 52176, 52870, 54425; 5 CCR 3932)

Note: Pursuant to Education Code 35147, school site councils and some advisory committees are exempt from open meeting law requirements (the Brown Act), but must comply with other, less complex procedural requirements as specified; see AR 1220 - Citizen Advisory Committees.

School site councils shall operate in accordance with procedural meeting requirements established in Education Code 35147.

(cf. 1220 - Citizen Advisory Committees)

#### Single Plan for Student Achievement

Note: The following section reflects requirements pertaining to the development of the SPSA required for the state and federal categorical programs included in the consolidated application (Education Code 64000-64001) and the Quality Education Investment Act (Education Code 52055.700-52055.770). The CDE has developed a template for the SPSA, available on its web site, to help schools meet plan requirements.

In order for a school to participate in any state or federal categorical program specified in Education Code 52055.700 or 64000 on an ongoing basis, the school site council shall approve and annually review and update a single plan for student achievement (SPSA). If the school does not have a school site council, these responsibilities shall be fulfilled by a schoolwide advisory group or school support group conforming to the composition requirements of the school site council listed in the section "School Site Councils" above. (Education Code 52055.755, 64001)

(cf. 0450 - Comprehensive Safety Plan)

(cf. 0520.4 - Quality Education Investment Schools)

(cf. 1431 - Waivers)

```
(cf. 3513.3 - Tobacco-Free Schools)
(cf. 4131 - Staff Development)
(cf. 5147 - Dropout Prevention)
(cf. 6020 - Parent Involvement)
(cf. 6142.91 - Reading/Language Arts Instruction)
(cf. 6151 - Class Size)
(cf. 6164.2 - Counseling/Guidance Services)
(cf. 6171 - Title I Programs)
(cf. 6174 - Education for English Language Learners)
(cf. 6184 - Continuation Education)
```

The SPSA shall be developed with the review, advice, and certification of any applicable school advisory committees. (Education Code 64001)

Note: The following optional paragraph may be revised to reflect district practice.

Such groups may include, but are not limited to, advisory committees established for categorical programs such as English learner, special education, gifted and talented education, and Economic Impact Aid programs; Western Association of Schools and Colleges leadership teams; district or school liaison teams for schools identified for program improvement; and other committees established by the school or district.

```
(cf. 0520.2 - Title I Program Improvement Schools)
(cf. 6172 - Gifted and Talented Student Program)
(cf. 6190 - Evaluation of the Instructional Program)
```

Note: Pursuant to Education Code 64001, the SPSA must be based upon an analysis of verifiable state data, including the Academic Performance Index and the California English Language Development Test, and may include other district data on student achievement. The CDE's publication A Guide for Developing the Single Plan for Student Achievement: A Resource for the School Site Council recommends that such data could include results of other state assessments, "adequate yearly progress" as measured pursuant to 20 USC 6311, and local benchmark and curriculum-embedded assessments. The following paragraph may be revised to include any additional measures required by the district.

The SPSA shall be aligned with school goals for improving student achievement. School goals shall be based on an analysis of verifiable state data, including the Academic Performance Index (API) and the California English Language Development Test, and may consider any other data developed by the district to measure student achievement. (Education Code 64001)

```
(cf. 0500 - Accountability)
(cf. 6162.5 - Student Assessment)
(cf. 6162.51 - Standardized Testing and Reporting Program)
(cf. 6162.52 - High School Exit Examination)
```

The SPSA shall, at a minimum: (Education Code 64001)

- 1. Address how funds provided to the school through specified categorical programs will be used to improve the academic performance of all students to the level of the performance goals established by the API
- 2. Identify the means of evaluating the school's progress toward accomplishing those goals
- 3. Identify how state and federal law governing the categorical programs will be implemented

Note: The CDE's publication A Guide for Developing the Single Plan for Student Achievement: A Resource for the School Site Council clarifies that the SPSA must address all plan components required for individual categorical programs covered by the SPSA. For example, the SPSA for a school that participates in School-Based Program Coordination must include the plan requirements for that program as specified in AR 0420.1 - School-Based Program Coordination.

In addition to meeting the requirements common to all applicable school plans, the SPSA shall address any content required by law for each individual categorical program in which the school participates.

Note: The remainder of this section reflects steps recommended in the CDE's publication <u>A Guide for Developing the Single Plan for Student Achievement: A Resource for the School Site Council</u> and may be revised to reflect district practice.

In developing or revising the SPSA, the school site council or other schoolwide advisory group or school support group shall:

1. Analyze student achievement data. Using measures of student academic performance, the school shall identify significant patterns of low performance in particular content areas, student groups, and/or individual students and determine which data summaries to include in the plan as most informative and relevant to school goals.

(cf. 6011 - Academic Standards)

Note: To measure the effectiveness of the school's current instructional program, as provided in item #2 below, the CDE's publication A Guide for Developing the Single Plan for Student Achievement: A Resource for the School Site Council recommends a number of state tools available on the CDE web site, including, but not limited to, the Academic Program Survey, District Assistance Survey, Inventory for School Services, and English Learner Subgroup Self-Assessment. In addition, the California School Climate Survey and California Healthy Kids Survey, available on WestEd's web site, are recommended to help assess the need for support services.

Revised

- Assess the effectiveness of the school's instructional program in relation to the analysis of student data.
- Identify a limited number of achievement goals and key improvement strategies to achieve the goals. School goals shall reflect the needs identified at the school site while aligning with goals identified in federally required district plans. The school shall specify the student group(s) on which each goal is focused, the methods or practices that will be used to reach the goal, and the criteria that will be used to determine if the goal is achieved.

Note: The CDE has developed a budget planning tool to assist schools with projecting the estimated expenditures of their SPSA goals against the school's allocations from the consolidated application. The budget planning tool is available on the CDE's web site and is included in the publication A Guide for Developing the Single Plan for Student Achievement: A Resource for the School Site Council.

4. Define timelines, personnel responsible, proposed expenditures, and funding sources to implement the SPSA.

John Strand

The school site council or other schoolwide group shall approve the proposed SPSA at a meeting for which public notice has been posted and then submit the SPSA to the Governing Board for approval. (Education Code 35147, 64001)

Note: The CDE's publication A Guide for Developing the Single Plan for Student Achievement: A Resource for the School Site Council states that it is the responsibility of the school site council to monitor the effectiveness of the SPSA and modify activities when needed. The guide contains an annual evaluation tool to assist school site councils in assessing the effectiveness of the plan.

Superintendent or descence,

The school site council or other schoolwide group shall regularly monitor the implementation and effectiveness of the SPSA and modify any activities that prove ineffective. At least once per year, the school shall evaluate results of improvement efforts and report to the Board. advisory committees, and other interested parties regarding progress toward school goals.

The school site council or other schoolwide group may amend the SPSA at any time. Any revisions that would substantively change the academic programs funded through the consolidated application shall be submitted to the Board for approval.

Regulation 4/10/07 approved: 9/10/13

CSBA MANUAL MAINTENANCE SERVICE August 2013

#### ADVERTISING AND PROMOTION

Note: The following **optional** policy addresses the distribution of commercial and noncommercial materials as well as advertising in school-sponsored publications and on school facilities by outside/nonschool-groups. Student speech, including the distribution of printed materials by students, is addressed in BP/AR 5145.2 - Freedom of Speech/Expression.

The Governing Board establishes this policy to ensure effective and consistent implementation of its directions related to advertisements and promotions by nonschool groups in school-sponsored publications, web sites, and social media and on school facilities. Student speech shall be regulated in accordance with BP/AR 5145.2 - Freedom of Speech/Expression.

News

- (cf. 1113 District and School Web Sites)
- (cf. 1114 District-Sponsored Social Media)
- (cf. 1330 Use of School Facilities)
- (cf. 5145.2 Freedom of Speech/Expression)
- (cf. 6145.5 Student Organizations and Equal Access)

Note: School facilities and school-sponsored publications are public property and are subject to freedom of expression rights granted by the First Amendment to the United States Constitution and Article 1, Section 2 of the California State Constitution. However, because school facilities and school-sponsored publications are generally for school purposes, they are regarded as "nonpublic fora" and the Governing Board has extensive authority to regulate them. In exercising this authority, the Board may decide not to accept any form of advertising or distribution of materials (nonpublic forum), as stated in Option 1 below, or to accept some advertising and/or distribution of materials, but only from certain groups or on certain topics (limited public forum), as provided in Option 2. In addition, the Board may maintain a "nonpublic forum" for advertising in school publications or on school facilities while designating a "limited public forum" for distribution of materials at district schools, or a "nonpublic forum" at its elementary schools and a "limited public forum" at its high schools.

Whichever option the district chooses, school officials should ensure that they enforce the policy in a consistent manner, as courts look beyond the district's intent as stated in its policy and look to the actual practice of school officials in determining whether a district facility or publication is a "nonpublic" or "limited public" forum (Board of Education of the Westside Community Schools v. Mergens). Because this area of law is complex, it is strongly recommended that legal counsel be consulted prior to the adoption of policy in this area.

#### **OPTION 1: Nonpublic Forum**

The Board believes that in order to maintain focus on academic achievement in district schools, students' exposure to the persuasive influence of marketing should be minimized. The Superintendent or designee shall not allow any advertisement from any nonschool group to be included in any district- or school-sponsored publication, web site, or social media, or to be posted on any school property such as scoreboards and billboards. In addition, no nonschool group's announcement, flyer, or other promotional material shall be disseminated by the district or distributed at any school facility or grounds.

Note: Districts that have created a "nonpublic forum" must delete the remainder of this policy in order to ensure that their "nonpublic forum" status is maintained.

# **OPTION 2:)**Limited Public Forum

Note: When the Board chooses Option 2, it may adopt any rules that are reasonable to achieve its intended purpose for the forum, as long as the rules do not discriminate against members of the public based on their viewpoints. In <u>Hills v. Scottsdale Unified School District 48</u>, the Ninth Circuit Court of Appeals held that the district discriminated against the plaintiff on the basis of his religious viewpoint and violated his First Amendment right when the district refused to distribute the plaintiff's brochure for summer camps because it included some religious classes, though it permitted the distribution of similar literature by secular groups.

The Board desires to promote positive relationships between district schools and the community in order to enhance community support and involvement in the schools. The Superintendent or designee may approve:

Note: The Board may select any or all of optional items #1-5 below to reflect the types of materials and/or advertising that it will allow.)

1. Distribution of noncommercial materials that publicize services, special events, public meetings, or other gatherings of interest to students or parents/guardians

(cf. 1400 - Relations Between Other Governmental Agencies and the Schools) (cf. 6162.8 - Research)

2. Distribution of promotional materials of a commercial nature to students or parents/guardians

(cf. 1700 - Relations Between Private Industry and the Schools)

- 3. Paid advertisements on school property, including, but not limited to, advertisements on billboards and scoreboards
- 4. Paid advertisements in school-sponsored publications, yearbooks, announcements, and other school communications, including web sites and social media
- 5. Products and materials donated by commercial enterprises for <u>educational use</u>, including those that bear the name and/or logo of the donor, as long as they do not unduly promote the donor or any commercial activity or product

(cf. 3290 - Gifts, Grants and Bequests) (cf. 6161.11 - Supplementary Instructional Materials)

Note: Generally, courts have upheld procedures that place reasonable "time, place, and manner" restrictions on materials to be distributed, as long as the same restrictions were placed on all materials (<u>Hemry v. School Board of Colorado Springs</u>). The district might want to consider developing procedures that limit the "time, place, and manner" of distributions, such as limiting distribution to before or after school hours or creating a central location for the distribution of all materials. Legal counsel should be consulted as appropriate.

Chres

Prior to the distribution, posting, or publishing of any nonschool group's promotional materials or advertisement, the Superintendent, principal, or designee shall review the materials or advertisement based on the criteria listed below. He/she may not disapprove materials or advertisement in an arbitrary or capricious manner or in a way that discriminates against a particular viewpoint on a subject that is otherwise allowed by Board policy.

All materials to be distributed shall bear the name and contact information of the sponsoring entity.

Note: The district might also consider requiring sponsoring entities to include a disclaimer on all materials to be distributed. For example, a disclaimer might state that "this event is not school-sponsored or approved" or that "opinions are not necessarily those of the school district or school personnel." The district should consult legal counsel as appropriate.

previously 'schools are encouraged to include.

As necessary, the Superintendent, principal, or designee shall require a disclaimer on any nonschool group's promotional materials to be distributed, posted, or published, stating that the distribution, posting, or publishing of the materials does not imply district endorsement of the group's activities, products, or services. District- and school-sponsored publications shall include a disclaimer stating that the district or school does not endorse any advertised products or services.

# Criteria for Approval

Note: The following **optional** section is for use by districts that select Option 2 (limited public forum) above and may be revised to reflect criteria established by the Board.

The Superintendent, principal, or designee shall not accept for distribution any materials or advertisements that:

- 1. Are <u>lewd</u>, obscene, libelous, or slanderous
- 2. Incite students to commit unlawful acts, violate school rules, or disrupt the orderly operation of the schools

Note: **Optional** item #3 below prohibits the distribution of political materials or political advertising except under certain circumstances. Pursuant to Education Code 7058, the Board may conduct a political forum if it is made available to all sides on an equitable basis.

3. Promote any particular political interest, candidate, party, or ballot measure, unless the candidates or advocates from all sides are provided the opportunity to present their views to the students during school hours or during events scheduled pursuant to the Civic Center Act

(cf. 1160 - Political Processes) (cf. 4119.25/4219.25/4319.25 - Political Activities of Employees)

Redad was

Note: In <u>DiLoreto v. Downey Unified School District</u>, the Ninth Circuit Court of Appeals held that a district's refusal to post a paid religious advertisement featuring the Ten Commandments on an athletic field fence reserved for commercial advertising was a reasonable way for the district to avoid being placed on one side of a controversial issue. The court concluded that, as a nonpublic forum, the district had the right to regulate content since it did not open the forum (the fence) to all expressive activities but, in fact, had reserved it for commercial speech. Districts wishing to establish policy dealing with the distribution of religious materials should consult legal counsel.

New

4. Proselytize or position the district on any side of a controversial issue

(cf. 6144 - Controversial Issues)

5. Discriminate against, attack, or denigrate any group on account of any unlawful consideration

(cf. 0410 - Nondiscrimination in District Programs and Activities)

6. Promote the use or sale of materials or services that are illegal or inconsistent with school objectives, including, but not limited to, materials or advertisements for tobacco, intoxicants, non-nutritious foods and beverages, and movies or products unsuitable for children

```
(cf. 5030 - Student Wellness)
(cf. 5131.6 - Alcohol and Other Drugs)
(cf. 5131.62 - Tobacco)
```

7. Solicit funds or services for an organization, with the exception of solicitations authorized in Board policy

(cf. 1321 - Solicitation of Funds from and by Students)

8. Distribute unsolicited merchandise for which an ensuing payment is requested

The Superintendent or designee also may consider the educational value of the materials or advertisements, the age or maturity of the students in the intended audience, and whether the materials or advertisements support the basic educational mission of the district, directly benefit the students, or are of intrinsic value to the students or their parents/guardians.

(cf. 0000 - Vision)

Schools may establish additional criteria pertaining to the content of advertisements in school publications and yearbooks, as deemed appropriate by the Superintendent or designee in accordance with law and Board policy.

Policy 4/10/07 adopted: 4/10/07

#### WAIVERS

Note: The following optional policy covers waiver requests which the State Board of Education (SBE) generally has legal authority to grant (general waivers). In order to provide districts with flexibility without undermining the basic intent of the law, Education Code 33050-33053 permit districts to request that the SBE waive sections of the Education Code, Title 5 of the California Code of Regulations, or any applicable federal law, including portions of the No Child Left Behind Act. Education Code 33050 exempts certain sections of the Education Code from the authority of the SBE to grant waivers.

However, this policy does not address waivers expressly authorized by law for specific programs and situations (specific waivers) such as the waiver of Education Code 56101 for students with disabilities and waivers that may be granted by the Commission on Teacher Credentialing or the Superintendent of Public Instruction, such as waivers for alternative schools. See BP 6181 - Alternative Schools/Programs of Choice. For any such waiver, the process for obtaining the waiver would be as specified in the provision of law governing the program. In addition, this policy does not cover waiver requests that a district's governing board is authorized to grant, such as (1) parent/guardian requests for waivers regarding the sheltered English language immersion program for English learners offered pursuant to Education Code 305, or (2) the requirement for a student with disabilities to successfully pass the high school exit examination. See BP/AR 6174 - Education for English Language Learners and AR 6162.52 - High School Exit Examination for the procedures for these waiver requests.

The Governing Board recognizes that strict compliance with the law may sometimes hinder the district's ability to provide its students with an effective, well-rounded educational program. When it is in the interest of district students, the Board may request that the State Board of Education (SBE) waive any provision of state or federal law or regulation which it has authority to waive pursuant to Education Code 33050.

Note: The California Department of Education (CDE) has instituted an online waiver request system which it encourages districts to use. In addition, CDE has updated guidance and Frequently Asked Questions on its web site to help expedite the waiver submission process. Prior to submitting a waiver request, the district should confirm that it has gathered all the data required and complied with all the legal requirements for the request. The district should also review Education Code 33051 which specifies the reasons for which the SBE may deny the request. For example, a request to waive a provision of law regarding a program that requires the existence of a site council must be approved by that site council; otherwise the request will be denied by the SBE.

Any waiver request to be submitted to the SBE shall first be approved by the Board. The Superintendent or designee shall ensure that each proposed waiver request includes all information necessary for the Board to analyze the need for the waiver and make an informed decision.

Prior to presenting the proposed request for Board approval, the Superintendent or designee shall consult with and obtain the approval of any advisory committee or site council when required by law.

(cf. 0420 - School Plans/Site Councils)

(cf. 0420.1 - School-Based Program Coordination)

(cf. 1220 - Citizen Advisory Committees)

#### WAIVERS (continued)

Note: The following **optional** paragraph is for districts with an employee organization certified to represent the district's employees in negotiations with the district.

## Previously an option

In addition, the Superintendent or designee <u>shall</u> involve the exclusive representative of district employees in the development of the waiver request, and shall include in the request the exclusive representative's position regarding the waiver. (Education Code 33050)

(cf. 4140/4240/4340 - Bargaining Units)

To receive public testimony on each waiver request proposal, the Board shall hold a properly noticed public hearing during a Board meeting. (Education Code 33050)

Note: Education Code 33050 does not specify the length of the advanced notice required for the public hearing described above. However, CSBA believes that the notice must allow sufficient time to enable members of the public adequate opportunity to participate in the waiver request process. The following **optional** paragraph may be revised to specify the length of the notice, in accordance with district practice.

The notice, which shall state the time, date, location, and subject of the public hearing, may be printed in a newspaper of general circulation or posted at each school and three public places in the district.

(cf. 9320 - Meetings and Notices)

Note: The following optional paragraph addresses renewal of general waivers which have been granted by the SBE. According to CDE's <u>State Board of Education - CalEd Facts</u> issued in January 2013, pursuant to Education Code 33051, any general waiver which has been granted for two consecutive years, or which is initially granted for two years, may be regarded as "permanent" for as long as the information on the waiver request remains current. However, the SBE may require updated information for a general waiver whenever it determines that information to be necessary. The SBE may also rescind a waiver if additional information supporting a recession is made available to the SBE. Additionally, a district is required to apply annually for the renewal of any waiver regarding teacher credentialing.

When the district has requested and received the same general waiver from the SBE for two consecutive years, the Board is not required to reapply annually if the information contained on the request remains current. However, the district shall apply annually for the renewal of any waiver regarding teacher credentialing. (Education Code 33051)

# Administrative Regulation

**School-Sponsored Trips** 

AR 6153 Instruction

#### Supervision

Students on school-sponsored trips are under the jurisdiction of the district and shall be subject to district and school rules and regulations.

(cf. 5131 - Conduct) (cf. 5131.1 - Bus Conduct) (cf. 5144 - Discipline) (cf. 5144.1 - Suspension and Expulsion/Due Process)

The Superintendent or designee shall ensure that adequate supervision is provided on all school-sponsored trips and that there is an appropriate ratio of adults to students present on the trip. If the trip involves water activities, this ratio shall be revised as necessary.

#### Parent/Guardian Permission

Before a student can participate in a school-sponsored trip, the teacher shall obtain parent/guardian permission for the trip. Whenever a trip involves water activities, the parent/guardian shall provide specific permission for his/her child to participate in the water activities. The district shall provide an alternative educational experience for students whose parents/guardians do not wish them to participate in a trip.

All persons making the field trip or excursion shall be deemed to have waived all claims against the district or the State of California for injury, accident, illness, or death occurring during or by reason of the field trip or excursion. All adults taking out-of-state field trips or excursions and all parents/guardians of students taking out-of-state field trips or excursions shall sign a statement waiving such claims. (Education Code 35330)

Out of State field trip requests (with the exception of neighboring Reno/Sparks, Nevada), must be in the Superintendent's office for approval six weeks in advance of the field trip for Governing Board approval. Sierra-Plumas Joint Unified School District Board Meetings are held on the second Tuesday of every month.

International field trip requests must be in the Superintendent's office for approval three months in advance of the field trip for Governing Board approval.

#### Safety Issues

1. While conducting a trip, the teacher, employee, or agent of the school shall have the school's first aid kit in his/her possession or immediately available. (Education Code 32041)

Whenever trips are conducted in areas known to be infested with poisonous snakes, the first aid kit taken on the trip shall contain medically accepted snakebite remedies. In addition, a teacher, employee, or agent of the school who has completed a first aid course which is certified by the American Red Cross and which emphasizes the treatment of snakebites shall participate in the trip. (Education Code 32043)

2. The district shall provide or make available medical and/or hospital insurance for students injured while participating in any excursion or field trip. (Education Code 35331)

```
(cf. 3541.1 - Transportation for School-Related Trips) (cf. 5143 - Insurance)
```

3. If the Superintendent or designee receives threat level warnings from the Homeland Security Advisory System pertaining to the destination of a school-sponsored trip, he/she shall implement precautions necessary to protect the safety of students and staff.

```
(cf. 0450 - Comprehensive Safety Plan)
(cf. 3516 - Emergencies and Disaster Preparedness Plan)
```

4. Lifeguards are required for all swimming activities. If the activity is at a private pool, the owner of the pool shall provide a certificate of insurance, designating the district as an additional insured, for not less than \$500,000 in liability coverage. Staff shall determine supervisory responsibilities for all chaperones.

```
(cf. 3530 - Risk Management/Insurance)
(cf. 5141.7 - Sun Safety)
```

5. Before trips of more than one day, the principal or designee may hold a meeting for staff, chaperones, parents/guardians, and students to discuss safety and the importance of safety-related rules for the trip.

```
(cf. 5142 - Safety)
```

Regulation SIERRA-PLUMAS JOINT UNIFIED SCHOOL DISTRICT approved: April 10, 2007 Sierraville, California

# Sierra County/Sierra-Plumas Joint USD

# **Board Bylaw**

**Public Statements** 

BB 9010 Board Bylaws

\*\*\*Note: Pursuant to Government Code 54960, the district attorney or any interested person can sue the Governing Board in order to stop or prevent violations of the Brown Act or to determine whether any Board rule or action which penalizes or otherwise discourages the expression of one or more of its members is valid or invalid under law. The following optional bylaw may be modified as appropriate.\*\*\*

Revised

The Governing Board recognizes the responsibility of Board members in their role as community leaders to participate in public discourse on matters of civic or community interest, including those involving the district, and their right to freely express their personal views. However, to ensure communication of a consistent, unified message regarding district issues, Board members are expected to respect the authority of the Board to choose its representatives to communicate its positions and to abide by established protocols.

All public statements authorized to be made on behalf of the Board shall be made by the Board president or, if appropriate, by the Superintendent or other designated representative.

(cf. 2110 - Superintendent Responsibilities and Duties)

(cf. 9121 - President)

(cf. 9200 - Limits of Board Member Authority)

When speaking for the district, the Board encourages its spokespersons to exercise restraint and tact and to communicate the message in a manner that promotes public confidence in the Board's leadership.

Board spokespersons shall not disclose confidential information or information received in closed session except when authorized by a majority of the Board. (Government Code 54963)

(cf. 9005 - Governance Standards)

(cf. 9011 - Disclosure of Confidential/Privileged Information)

When speaking to community groups, members of the public, or the media, individual Board members should recognize that their statements may be perceived as reflecting the views and positions of the Board. Board members have a responsibility to identify personal viewpoints as such and not as the viewpoint of the Board.

(cf. 1100 - Communication with the Public)

(cf. 1112 - Media Relations)

In addition, the Board encourages members who participate on social networking sites, blogs, or other discussion or informational sites to conduct themselves in a respectful, courteous, and professional manner and to model good behavior for district students and the community. Such electronic communications are subject to the same standards and protocols established for other forms of communication, and the disclosure requirements of the California Public Records Act may likewise apply to them.

(cf. 1113 - District and School Web Sites)

(cf. 1114 - District-Sponsored Social Media)

(cf. 1340 - Access to District Records)

(cf. 9012 - Board Member Electronic Communications)

Regulation approved: April 10, 2007 SIERRA COUNTY OFFICE OF EDUCATION

Revised: December 13, 2011 SIERRA-PLUMAS JOINT UNIFIED SCHOOL DISTRICT

Revised: August 13, 2013 Loyalton, California

#### **BOARD COMMITTEES**

Note: The following optional bylaw may be revised to reflect district practice. This bylaw addresses the establishment and operation of Governing Board subcommittees consisting of less than a quorum of the Board and other standing and advisory committees created by the Board. See BP/AR 1220 - Citizen Advisory Committees for further information about committees that include members of the community and/or stakeholder groups, including examples of citizen advisory committees that are generally created by formal Board action. For information about committees created by the Superintendent or designee to advise the administration, see BP 2230 - Representative and Deliberative Groups.

Nons

The Governing Board may establish a committee whenever it determines that such a committee would benefit the district by providing diverse viewpoints, specialized knowledge or expertise, or increased efficiency. Such committees may be subcommittees of the Board or committees that include members of the community, staff, or other stakeholder groups.

(cf. 1220 - Citizen Advisory Committees)

(cf. 2230 - Representative and Deliberative Groups)

(cf. 9140 - Board Representatives)

100

Upon establishing a committee, the Board shall clearly define the committee's purpose, any timeline for completion of assigned responsibilities, any stakeholder groups or individuals to be represented on the committee, length of time that committee members are expected to serve, and expectations for reporting to the Board and/or the Superintendent or designee. Unless specifically authorized by the Board to act on its behalf, the committee shall act in an advisory capacity.

Except for subcommittees of the Board, committee members shall, as appropriate, be recommended by the Superintendent or designee and appointed by the Board president, subject to Board approval.

(cf. 9121 - President)

The Superintendent or designee shall provide committee members with information and assistance necessary for the fulfillment of the committee's charges, and may serve as a non-voting advisor to the committee at the discretion of the Board.

Whenever so charged, committees may actively seek input and participation by parents/guardians, staff, community, and students and may consult with local public boards and agencies.

Any committee not required by law may be dissolved when its duties or term has been completed or whenever the Board deems necessary.

#### **BOARD COMMITTEES** (continued)

#### **Committee Meetings**

Note: Unless otherwise exempted by law, Government Code 54952 provides that open meeting laws (the Brown Act) apply to any commission, committee, board, or other legislative body created by formal action of the Board, regardless of whether that body is permanent or temporary, decision making or advisory; also see BP/AR 1220 - Citizen Advisory Committees. These requirements include posting a meeting notice or agenda at least 72 hours before a regular meeting or 24 hours before a special meeting pursuant to Government Code 54954.2 and 54956; see BB 9320 - Meetings and Notices.

In <u>Frazer v. Dixon Unified School District</u>, the court held that the adoption of a Board policy that required the appointment of a curriculum committee to advise the Superintendent, and in turn the Board, was a committee created by "formal Board action" within the meaning of Government Code 54952. Therefore, the committee's meetings were subject to the Brown Act.

The district should consult legal counsel when questions arise regarding the applicability of Brown Act requirements to district or school committees.

Unless otherwise exempted by law, Board-created committees shall provide public notice of their meetings and conduct meetings in accordance with Government Code 54950-54963 (the Brown Act).

(cf. 9320 - Meetings and Notices) (cf. 9322 - Agenda/Meeting Materials)

However, Board subcommittees composed solely of less than a quorum of the members of the Board are not subject to open meeting laws unless they are standing committees. Standing committees of the Board, irrespective of membership, are those that have a continuing subject matter jurisdiction or a meeting schedule established by action of the Board. (Government Code 54952)

Note: In 79 Ops.Cal.Atty.Gen. 69 (1996), the Attorney General has clarified that open meeting laws apply if the standing committee has the responsibility of providing advice at the Board's request on budgets, audits, contracts, and personnel matters.

Standing committees with a continuing subject matter jurisdiction include, but are not limited to, those responsible for providing advice on budgets, audits, Board policy, contracts, and personnel matters at the Board's request.

(cf. 3100 - Budget) (cf. 3430 - Investing) (cf. 9310 - Board Policies)

Note: Pursuant to Government Code 54952.2, the Brown Act is not violated if Board members who are not members of a standing committee attend the committee meeting only as "observers." In 81 Ops.Cal.Atty.Gen. 156 (1998), the Attorney General clarified that those Board members attending the meeting as "observers" may not ask questions or make statements at the meeting and that they must sit in the areas designated for members of the public.

#### **BOARD COMMITTEES** (continued)

When a majority of the members of the Board attend an open and noticed meeting of a standing committee, the Board members who are not members of the standing committee shall attend only as observers. (Government Code 54952.2)

Whenever any advisory or standing committee, including a committee not otherwise subject to the Brown Act, posts a meeting agenda at least 72 hours in advance of the meeting, that meeting shall be considered as a regular meeting of the Board for purposes of the Brown Act and therefore must be held within district boundaries unless otherwise authorized by law. (Government Code 54954)

Note: In 80 Ops.Cal.Atty.Gen. 308 (1997), the Attorney General determined that sessions of a district liaison council that was formed by the board to interview candidates for district superintendent and to make a recommendation to the board were not required to be open to the public. The Attorney General concluded that, because a legislative body is authorized under Government Code 54957 to hold closed sessions during a regular or special meeting to consider the appointment or employment of a public employee (see BB 9321 - Closed Session Purposes and Agendas), that authority also extends to committees that are delegated by the legislative body to perform related duties. The following paragraph reflects this opinion.

In addition, in 92 Ops.Cal.Atty.Gen. 102, the Attorney General concluded that a joint labor management benefits committee that is a product of the collective bargaining process between labor and management and is implemented in a collective bargaining agreement is not a committee created by the board. Therefore, such a committee is not required to comply with the Brown Act and is authorized to hold closed sessions.

Committees may meet in a closed session during a regular or special meeting only for those purposes specifically authorized by law for closed sessions held by the Board.

# **Board Bylaw**

**Governing Board Elections** 

BB 9220 Board Bylaws

\*\*\*Note: Pursuant to Elections Code 20, as added by AB 2410 (Ch. 160, Statutes of 2012), any person who has been convicted of a felony involving bribery, offering of a bribe, embezzlement or theft of public funds, extortion, perjury, or of conspiracy to commit any of these crimes, under California law or the law of any other state, the federal government, or a foreign government or country, is ineligible to be elected or to hold state or local public office unless he/she has received a pardon from the Governor or other authority as specified.\*\*\*

\*\*\*Note: In addition, a person is ineligible to hold public office if he/she is not registered to vote. Elections Code 2201 lists the causes for cancelling an individual's voter registration and making him/her ineligible to hold public office as including legally established mental incompetency, proof that the person is presently imprisoned or on parole for conviction of a felony, or official notification that the voter is registered in another country or state.\*\*\*

Any person is eligible to be a member of the Governing Board, without further qualifications, if he/she is 18 years of age or older, a citizen of California, a resident of the school district, a registered voter, and not legally disqualified from holding civil office. Any person who has been convicted of a felony involving the giving, accepting, or offering of a bribe, embezzlement or theft of public funds, extortion, perjury, or conspiracy to commit any such crime, under California law or the law of another state, the United States of America, or another country, is not eligible to be a candidate for office or be a Board member except when he/she has been granted a pardon in accordance with law. (Education Code 35107; Elections Code 20)

A district employee elected to the Board shall resign his/her employment before being sworn in or shall have his/her employment automatically terminated upon being sworn into office. (Education Code 35107)

(cf. 9224 - Oath of Affirmation) (cf. 9270 - Conflict of Interest)

To reduce costs associated with conducting elections, the Board may consolidate Board elections with the local municipal or statewide primary or general election. Board election procedures shall be conducted in accordance with state and federal law.

(cf. 9110 - Terms of Office)

#### **Electing Board Members**

Each Board member shall reside within the trustee area that he/she represents but shall be elected by all voters in the district.

To ensure ongoing compliance with the California and federal Voting Rights Acts, the Board may review the district's Board election method to determine whether any modification is necessary due to changes in the district's population or any of its racial, color, or language minority group composition. The review shall be based on the Superintendent or designee's report to the Board after the release of each decennial federal census.

If the Board determines that a change is necessary, it shall adopt a resolution at an open meeting specifying the change(s) and shall, in accordance with Education Code 5019 or other applicable provisions of law, obtain approval from the county committee on school district organization having jurisdiction over the district.

(cf. 9320 - Meetings and Notices)

### Campaign Conduct

In order to help protect the public's trust in the electoral process as well as the public's confidence in the Board and district, the Board encourages all candidates to sign and adhere to the principles in the Code of Fair Campaign Practices pursuant to Elections Code 20440.

(cf. 0410 - Nondiscrimination in District Programs and Activities) (cf. 9005 - Governance Standards)

#### Statement of Qualifications

The district shall assume no part of the cost of printing, handling, translating, or mailing of candidate statements filed pursuant to Elections Code 13307. As a condition of having candidate statements included in the voter's pamphlet, the district may require candidates to pay their estimated pro rata share of these costs to the district in advance pursuant to Elections Code 13307.

On the 125th day prior to the day fixed for the general district election, the Board secretary or his/her designee shall deliver a notice, bearing the secretary's signature and district seal, to the county elections official describing both of the following: (Elections Code 10509)

- 1. The elective offices of the district to be filled at the general election and which offices, if any, are for the balance of an unexpired term
- 2. Whether the district or the candidate is to pay for the publication of a statement of qualifications pursuant to Elections Code 13307

(cf. 9223 - Filling Vacancies)

Candidate statements shall be limited to no more than 200 words. (Elections Code 13307)

Tie Votes in Board Member Elections

Before each election, the Board shall establish whether a potential tie is to be resolved by lot or with a runoff election. (Education Code 5016)

After an election for which the Board has decided to resolve a tie by lot, the Board shall immediately notify the candidates who received the tie votes of the time and place where the candidates or their representatives should appear before the Board. The Board at that time shall determine the winner by lot. (Education Code 5016)

After an election for which the Board has decided to resolve a tie with a runoff election, the Board shall schedule the runoff election in accordance with law. (Education Code 5016)

April 10, 2007 Loyalton, California

Revised: January 13, 2009 Revised:

Policy adopted:

September 10, 2013

# Sierra County/Sierra-Plumas Joint USD **Board Policy**

Vision

BP 0000

Philosophy, Goals, Objectives and Comprehensive Plans

We envision schools where all children succeed, where all children feel safe, and where their curiosity is cultivated. We will provide an educational environment that encourages productive, responsible citizens.

It is our goal to equip students with the tools to live and to contribute successfully in a rapidly changing world.

Our schools will offer a challenging, meaningful, and relevant curriculum that values creativity, critical thinking, and effective communication.

Our students will be able to apply knowledge to new contexts and do so with honesty and integrity.

Our students will learn to appreciate beauty and care for the environment as well as each other and ultimately understand that their actions can make a difference.

(cf. 0100 - Philosophy) (cf. 0200 - Goals for the School District) (cf. 0400 - Comprehensive Plans) (cf. 9000 - Role of the Board)

The Superintendent or designee shall recommend an appropriate process for establishing and/or reviewing the district's vision statement which is inclusive of parents/guardians, students, staff and community members.

The Board of Education shall review the district vision statements at least every three years or whenever a new Board member or Superintendent joins the district. Following these reviews the Board may revise or reaffirm the direction it has established for the district.

The Superintendent or designee shall communicate the district's vision to staff, parents/guardians and the community and shall regularly report to the Board regarding district progress toward the vision.

(cf. 0500 - Accountability) (cf. 1100 - Communication with the Public)

Policy adopted: April 10, 2007 Revised: July 14, 2009 Reviewed: September 10, 2013

# SIERRA COUNTY OFFICE OF EDUCATION RESOLUTION NO. 13-004

# **Resolution for Adopting the Gann Limit**

**WHEREAS**, in November of 1979, the California electorate did adopt Proposition 4, commonly called the Gann Amendment, which added Article XIII-B to the California Constitution; and

**WHEREAS**, the provisions of that Article establish maximum appropriation limitations, commonly called "Gann Limits," for public agencies, including school districts; and

**WHEREAS**, the County must establish a revised Gann Limit for the 2012 – 2013 fiscal year and a projected Gann Limit for the 2013 – 2014 fiscal year in accordance with the provisions of Article XIII-B and applicable statutory law;

**NOW, THEREFORE, BE IT RESOLVED**, that this Board does provide public notice that the attached calculations and documentation of the Gann Limits for the 2012 – 2013 and 2013 – 2014 fiscal years are made in accord with applicable constitutional and statutory law; and

**BE IT FURTHER RESOLVED**, that this Board does hereby declare that the appropriations in the Budget for the 2012 – 2013 and 2013 – 2014 years do not exceed the limitations imposed by Proposition 4; and

**BE IT FURTHER RESOLVED**, that the Superintendent provides copies of this resolution along with the appropriate attachments to interested citizens of this district.

Passed and adopted at a regular meeting of the Sierra County Board of Education held September 10, 2013 by the following vote:

# SIERRA COUNTY OFFICE OF EDUCATION RESOLUTION NO. 13-004

# Resolution for Adopting the Gann Limit

**WHEREAS**, in November of 1979, the California electorate did adopt Proposition 4, commonly called the Gann Amendment, which added Article XIII-B to the California Constitution; and

**WHEREAS**, the provisions of that Article establish maximum appropriation limitations, commonly called "Gann Limits," for public agencies, including school districts; and

**WHEREAS**, the County must establish a revised Gann Limit for the 2012 – 2013 fiscal year and a projected Gann Limit for the 2013 – 2014 fiscal year in accordance with the provisions of Article XIII-B and applicable statutory law;

**NOW, THEREFORE, BE IT RESOLVED**, that this Board does provide public notice that the attached calculations and documentation of the Gann Limits for the 2012 – 2013 and 2013 – 2014 fiscal years are made in accord with applicable constitutional and statutory law; and

**BE IT FURTHER RESOLVED**, that this Board does hereby declare that the appropriations in the Budget for the 2012 – 2013 and 2013 – 2014 years do not exceed the limitations imposed by Proposition 4; and

**BE IT FURTHER RESOLVED**, that the Superintendent provides copies of this resolution along with the appropriate attachments to interested citizens of this district.

Passed and adopted at a regular meeting of the Sierra County Board of Education held September 10, 2013 by the following vote:

# SCHOOL PLANS/SITE COUNCILS

Note: The following optional policy may be revised to reflect district practice.

The Governing Board believes that comprehensive planning at each district school is necessary in order to focus school improvement efforts on student academic achievement and facilitate the effective use of district resources. The Superintendent or designee shall ensure that school plans provide clear direction and identify cohesive strategies aligned with school and district goals.

(cf. 0000 - Vision)

(cf. 0200 - Goals for the School District)

(cf. 0400 - Comprehensive Plans)

Note: School site councils or other schoolwide advisory committees are required to develop a single plan for student achievement (SPSA) to consolidate the school plans required for the state and federal categorical programs included in the state's consolidated application (Education Code 64000-64001) and the Quality Education Investment Act (Education Code 52055.700-52055.770). School plans formerly required for the Pupil Retention Block Grant (Education Code 41505-41508) and School and Library Improvement Block Grant (Education Code 41571-41573) may no longer be applicable since the funding for those programs is now included in the Local Control Funding Formula pursuant to AB 97 (Ch. 47, Statutes of 2013). For additional information regarding the development and content of the SPSA, see the accompanying administrative regulation and the California Department of Education's (CDE) publication A Guide for Developing the Single Plan for Student Achievement: A Resource for the School Site Council, available on its web site.

For any school that participates in specified state and/or federal categorical programs, the Successive school site council or other schoolwide advisory committee shall consolidate the plans required for those categorical programs into a single plan for student achievement (SPSA). (Education Code 52055.755, 64001)

(cf. 0420.1 - School-Based Program Coordination)

(cf. 0450 - Comprehensive Safety Plan)

# SCHOOL PLANS/SITE COUNCILS (continued)

As appropriate, a school may incorporate any other school plan into the SPSA. (Education Code 64001)

Note: The following optional paragraph may be revised to reflect district practice.

The Superintendent or designee shall review each school's SPSA to ensure that it meets the content requirements for all programs included, is based on an analysis of current practices and student academic performance, and reasonably links improvement strategies to identified needs of the school and students. He/she shall submit to the Board his/her recommendations for plan approval or revision.

The Board shall review and approve each school's SPSA and any subsequent material revisions affecting the academic programs for students participating in the categorical programs addressed in the SPSA. The Board shall certify that, to the extent allowable under federal law, the SPSA is consistent with district local improvement plans required as a condition of receiving federal funding. Any such review and approval shall be at a regularly scheduled Board meeting. (Education Code 64001)

Note: The CDE's publication A Guide for Developing the Single Plan for Student Achievement: A Resource for the School Site Council indicates that, as with plans required for School-Based Program Coordination pursuant to Education Code 52855, the Board must communicate its reasons any time it does not approve the SPSA.

Whenever the Board does not approve a school's SPSA, it shall communicate its specific reasons for disapproval of the plan to the school site council or committee. The school site council or committee shall then revise and resubmit the SPSA to the Board for its approval.

Note: The following optional paragraph may be revised to reflect district practice.

The Superintendent or designee shall ensure that school administrators and school site council members receive training on the roles and responsibilities of the site council.

#### **School Site Councils**

Note: Education Code 52852 requires the establishment of a school site council at each school that participates in School-Based Program Coordination. In addition, Education Code 64001 requires that each school have a school site council, or other advisory committee that meets the requirements of Education Code 52852, to develop and review the school's single plan for student achievement (SPSA) for any categorical programs included in the state's consolidated application; see section "Single Plan for Student Achievement" below.

For information about the organization of the school site council, including sample school site council bylaws that address duties, membership, officers, subcommittees, and meetings, see the California Department of Education's (CDE) publication A Guide for Developing the Single Plan for Student Achievement: A Resource for the School Site Council, available on the CDE's web site.

School site councils shall be established when required for participation in a categorical program. (Education Code 52852, 64001)

(cf. 0420.1 - School-Based Program Coordination)

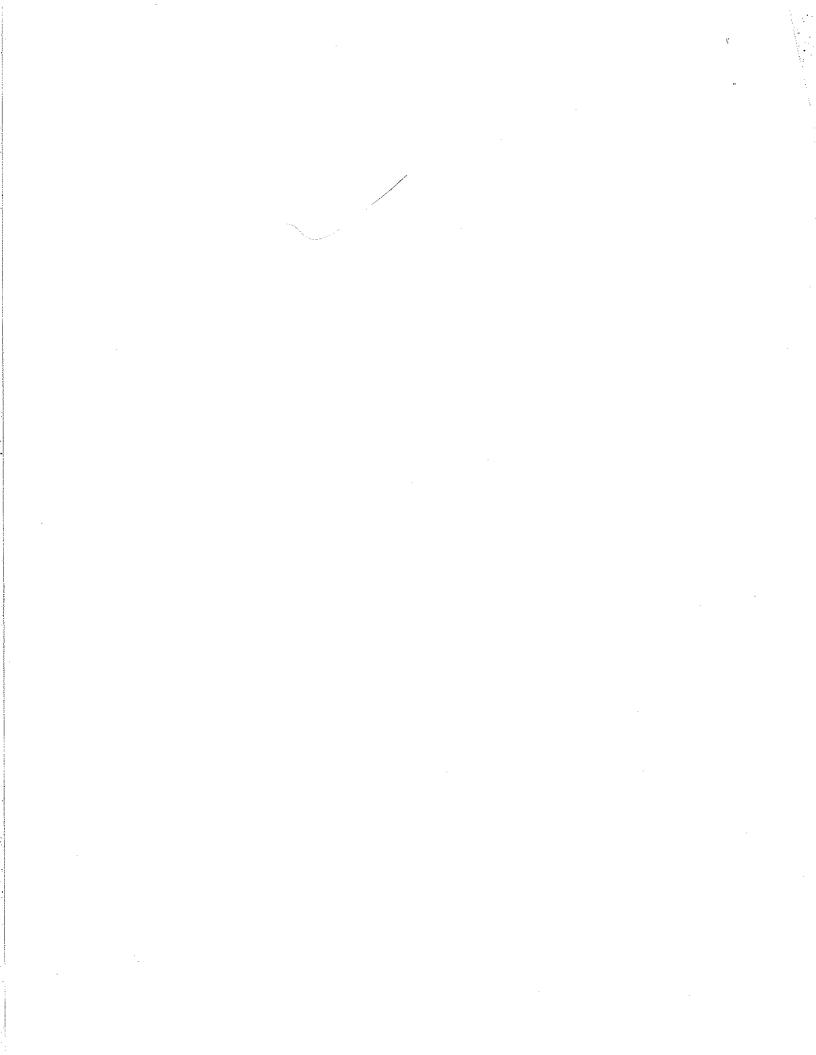

The school site council shall be composed of the following: (Education Code 52852)

- 1. The principal
- 2. Teachers selected by the school's teachers
- 3. Other school personnel selected by the school's other personnel
- 4. Parent/guardian representatives, who may include parents/guardians of students attending the school and/or community members, selected by parents/guardians of students attending the school

Note: Education Code 52852 requires that secondary schools include students on their school site council. Pursuant to Education Code 52 and 53, secondary schools include high schools and junior high schools. The CDE's publication A Guide for Developing the Single Plan for Student Achievement: A Resource for the School Site Council advises that middle schools may include student representation on the school site council at the district's discretion. If the district does determine that middle schools should include students on their school site council, then such councils must meet the composition required of secondary schools as noted in the paragraph below item #5.

5. In secondary schools, students attending the school selected by other such students

Half of the school site council membership shall consist of school staff, the majority of whom shall be classroom teachers. For elementary school site councils, the remaining half shall be parent/guardian representatives. For secondary school site councils, the remaining half shall be equal numbers of parent/guardian representatives and students. (Education Code 52852)

A district employee may serve as a parent/guardian representative on the school site council of the school his/her child attends, provided the employee does not work at that school. (Education Code 52852)

Note: The method of selecting members of school site councils is not specified in law, except that members must be chosen by peers as noted above. No additional membership qualifications may be required. The CDE's publication A Guide for Developing the Single Plan for Student Achievement: A Resource for the School Site Council suggests that the selection process may be addressed in Board policy or in bylaws of the school site council. The following optional paragraph may be revised to reflect district practice.

New

The bylaws of each school site council shall include the method of selecting members and officers, terms of office, responsibilities of council members, time commitment, and a policy of nondiscrimination.

School site councils may function on behalf of other committees in accordance with law. (Education Code 52176, 52870, 54425; 5 CCR 3932)

Note: Pursuant to Education Code 35147, school site councils and some advisory committees are exempt from open meeting law requirements (the Brown Act), but must comply with other, less complex procedural requirements as specified; see AR 1220 - Citizen Advisory Committees.

School site councils shall operate in accordance with procedural meeting requirements established in Education Code 35147.

(cf. 1220 - Citizen Advisory Committees)

### Single Plan for Student Achievement

Note: The following section reflects requirements pertaining to the development of the SPSA required for the state and federal categorical programs included in the consolidated application (Education Code 64000-64001) and the Quality Education Investment Act (Education Code 52055.700-52055.770). The CDE has developed a template for the SPSA, available on its web site, to help schools meet plan requirements.

In order for a school to participate in any state or federal categorical program specified in Education Code 52055.700 or 64000 on an ongoing basis, the school site council shall approve and annually review and update a single plan for student achievement (SPSA). If the school does not have a school site council, these responsibilities shall be fulfilled by a schoolwide advisory group or school support group conforming to the composition requirements of the school site council listed in the section "School Site Councils" above. (Education Code 52055.755, 64001)

(cf. 0450 - Comprehensive Safety Plan)

(cf. 0520.4 - Quality Education Investment Schools)

(cf. 1431 - Waivers)

```
(cf. 3513.3 - Tobacco-Free Schools)
(cf. 4131 - Staff Development)
(cf. 5147 - Dropout Prevention)
(cf. 6020 - Parent Involvement)
(cf. 6142.91 - Reading/Language Arts Instruction)
(cf. 6151 - Class Size)
(cf. 6164.2 - Counseling/Guidance Services)
(cf. 6171 - Title I Programs)
(cf. 6174 - Education for English Language Learners)
(cf. 6184 - Continuation Education)
```

The SPSA shall be developed with the review, advice, and certification of any applicable school advisory committees. (Education Code 64001)

Note: The following optional paragraph may be revised to reflect district practice.

Such groups may include, but are not limited to, advisory committees established for categorical programs such as English learner, special education, gifted and talented education, and Economic Impact Aid programs; Western Association of Schools and Colleges leadership teams; district or school liaison teams for schools identified for program improvement; and other committees established by the school or district.

```
(cf. 0520.2 - Title I Program Improvement Schools)
(cf. 6172 - Gifted and Talented Student Program)
(cf. 6190 - Evaluation of the Instructional Program)
```

Note: Pursuant to Education Code 64001, the SPSA must be based upon an analysis of verifiable state data, including the Academic Performance Index and the California English Language Development Test, and may include other district data on student achievement. The CDE's publication A Guide for Developing the Single Plan for Student Achievement: A Resource for the School Site Council recommends that such data could include results of other state assessments, "adequate yearly progress" as measured pursuant to 20 USC 6311, and local benchmark and curriculum-embedded assessments. The following paragraph may be revised to include any additional measures required by the district.

The SPSA shall be aligned with school goals for improving student achievement. School goals shall be based on an analysis of verifiable state data, including the Academic Performance Index (API) and the California English Language Development Test, and may consider any other data developed by the district to measure student achievement. (Education Code 64001)

```
(cf. 0500 - Accountability)
(cf. 6162.5 - Student Assessment)
(cf. 6162.51 - Standardized Testing and Reporting Program)
(cf. 6162.52 - High School Exit Examination)
```

The SPSA shall, at a minimum: (Education Code 64001)

- 1. Address how funds provided to the school through specified categorical programs will be used to improve the academic performance of all students to the level of the performance goals established by the API
- 2. Identify the means of evaluating the school's progress toward accomplishing those goals
- 3. Identify how state and federal law governing the categorical programs will be implemented

Note: The CDE's publication A Guide for Developing the Single Plan for Student Achievement: A Resource for the School Site Council clarifies that the SPSA must address all plan components required for individual categorical programs covered by the SPSA. For example, the SPSA for a school that participates in School-Based Program Coordination must include the plan requirements for that program as specified in AR 0420.1 - School-Based Program Coordination.

In addition to meeting the requirements common to all applicable school plans, the SPSA shall address any content required by law for each individual categorical program in which the school participates.

Note: The remainder of this section reflects steps recommended in the CDE's publication <u>A Guide for Developing the Single Plan for Student Achievement: A Resource for the School Site Council</u> and may be revised to reflect district practice.

In developing or revising the SPSA, the school site council or other schoolwide advisory group or school support group shall:

1. Analyze student achievement data. Using measures of student academic performance, the school shall identify significant patterns of low performance in particular content areas, student groups, and/or individual students and determine which data summaries to include in the plan as most informative and relevant to school goals.

(cf. 6011 - Academic Standards)

Note: To measure the effectiveness of the school's current instructional program, as provided in item #2 below, the CDE's publication A Guide for Developing the Single Plan for Student Achievement: A Resource for the School Site Council recommends a number of state tools available on the CDE web site, including, but not limited to, the Academic Program Survey, District Assistance Survey, Inventory for School Services, and English Learner Subgroup Self-Assessment. In addition, the California School Climate Survey and California Healthy Kids Survey, available on WestEd's web site, are recommended to help assess the need for support services.

Revised

- Assess the effectiveness of the school's instructional program in relation to the analysis of student data.
- Identify a limited number of achievement goals and key improvement strategies to achieve the goals. School goals shall reflect the needs identified at the school site while aligning with goals identified in federally required district plans. The school shall specify the student group(s) on which each goal is focused, the methods or practices that will be used to reach the goal, and the criteria that will be used to determine if the goal is achieved.

Note: The CDE has developed a budget planning tool to assist schools with projecting the estimated expenditures of their SPSA goals against the school's allocations from the consolidated application. The budget planning tool is available on the CDE's web site and is included in the publication A Guide for Developing the Single Plan for Student Achievement: A Resource for the School Site Council.

4. Define timelines, personnel responsible, proposed expenditures, and funding sources to implement the SPSA.

John Strand

The school site council or other schoolwide group shall approve the proposed SPSA at a meeting for which public notice has been posted and then submit the SPSA to the Governing Board for approval. (Education Code 35147, 64001)

Note: The CDE's publication A Guide for Developing the Single Plan for Student Achievement: A Resource for the School Site Council states that it is the responsibility of the school site council to monitor the effectiveness of the SPSA and modify activities when needed. The guide contains an annual evaluation tool to assist school site councils in assessing the effectiveness of the plan.

Superintendent or descence,

The school site council or other schoolwide group shall regularly monitor the implementation and effectiveness of the SPSA and modify any activities that prove ineffective. At least once per year, the school shall evaluate results of improvement efforts and report to the Board. advisory committees, and other interested parties regarding progress toward school goals.

The school site council or other schoolwide group may amend the SPSA at any time. Any revisions that would substantively change the academic programs funded through the consolidated application shall be submitted to the Board for approval.

Regulation 4/10/07 approved: 9/10/13

CSBA MANUAL MAINTENANCE SERVICE August 2013

### ADVERTISING AND PROMOTION

Note: The following **optional** policy addresses the distribution of commercial and noncommercial materials as well as advertising in school-sponsored publications and on school facilities by outside/nonschool-groups. Student speech, including the distribution of printed materials by students, is addressed in BP/AR 5145.2 - Freedom of Speech/Expression.

The Governing Board establishes this policy to ensure effective and consistent implementation of its directions related to advertisements and promotions by nonschool groups in school-sponsored publications, web sites, and social media and on school facilities. Student speech shall be regulated in accordance with BP/AR 5145.2 - Freedom of Speech/Expression.

News

- (cf. 1113 District and School Web Sites)
- (cf. 1114 District-Sponsored Social Media)
- (cf. 1330 Use of School Facilities)
- (cf. 5145.2 Freedom of Speech/Expression)
- (cf. 6145.5 Student Organizations and Equal Access)

Note: School facilities and school-sponsored publications are public property and are subject to freedom of expression rights granted by the First Amendment to the United States Constitution and Article 1, Section 2 of the California State Constitution. However, because school facilities and school-sponsored publications are generally for school purposes, they are regarded as "nonpublic fora" and the Governing Board has extensive authority to regulate them. In exercising this authority, the Board may decide not to accept any form of advertising or distribution of materials (nonpublic forum), as stated in Option 1 below, or to accept some advertising and/or distribution of materials, but only from certain groups or on certain topics (limited public forum), as provided in Option 2. In addition, the Board may maintain a "nonpublic forum" for advertising in school publications or on school facilities while designating a "limited public forum" for distribution of materials at district schools, or a "nonpublic forum" at its elementary schools and a "limited public forum" at its high schools.

Whichever option the district chooses, school officials should ensure that they enforce the policy in a consistent manner, as courts look beyond the district's intent as stated in its policy and look to the actual practice of school officials in determining whether a district facility or publication is a "nonpublic" or "limited public" forum (Board of Education of the Westside Community Schools v. Mergens). Because this area of law is complex, it is strongly recommended that legal counsel be consulted prior to the adoption of policy in this area.

### **OPTION 1: Nonpublic Forum**

The Board believes that in order to maintain focus on academic achievement in district schools, students' exposure to the persuasive influence of marketing should be minimized. The Superintendent or designee shall not allow any advertisement from any nonschool group to be included in any district- or school-sponsored publication, web site, or social media, or to be posted on any school property such as scoreboards and billboards. In addition, no nonschool group's announcement, flyer, or other promotional material shall be disseminated by the district or distributed at any school facility or grounds.

Note: Districts that have created a "nonpublic forum" must delete the remainder of this policy in order to ensure that their "nonpublic forum" status is maintained.

# **OPTION 2:)**Limited Public Forum

Note: When the Board chooses Option 2, it may adopt any rules that are reasonable to achieve its intended purpose for the forum, as long as the rules do not discriminate against members of the public based on their viewpoints. In <u>Hills v. Scottsdale Unified School District 48</u>, the Ninth Circuit Court of Appeals held that the district discriminated against the plaintiff on the basis of his religious viewpoint and violated his First Amendment right when the district refused to distribute the plaintiff's brochure for summer camps because it included some religious classes, though it permitted the distribution of similar literature by secular groups.

The Board desires to promote positive relationships between district schools and the community in order to enhance community support and involvement in the schools. The Superintendent or designee may approve:

Note: The Board may select any or all of optional items #1-5 below to reflect the types of materials and/or advertising that it will allow.)

1. Distribution of noncommercial materials that publicize services, special events, public meetings, or other gatherings of interest to students or parents/guardians

(cf. 1400 - Relations Between Other Governmental Agencies and the Schools) (cf. 6162.8 - Research)

2. Distribution of promotional materials of a commercial nature to students or parents/guardians

(cf. 1700 - Relations Between Private Industry and the Schools)

- 3. Paid advertisements on school property, including, but not limited to, advertisements on billboards and scoreboards
- 4. Paid advertisements in school-sponsored publications, yearbooks, announcements, and other school communications, including web sites and social media
- 5. Products and materials donated by commercial enterprises for <u>educational use</u>, including those that bear the name and/or logo of the donor, as long as they do not unduly promote the donor or any commercial activity or product

(cf. 3290 - Gifts, Grants and Bequests) (cf. 6161.11 - Supplementary Instructional Materials)

Note: Generally, courts have upheld procedures that place reasonable "time, place, and manner" restrictions on materials to be distributed, as long as the same restrictions were placed on all materials (<u>Hemry v. School Board of Colorado Springs</u>). The district might want to consider developing procedures that limit the "time, place, and manner" of distributions, such as limiting distribution to before or after school hours or creating a central location for the distribution of all materials. Legal counsel should be consulted as appropriate.

Chres

Prior to the distribution, posting, or publishing of any nonschool group's promotional materials or advertisement, the Superintendent, principal, or designee shall review the materials or advertisement based on the criteria listed below. He/she may not disapprove materials or advertisement in an arbitrary or capricious manner or in a way that discriminates against a particular viewpoint on a subject that is otherwise allowed by Board policy.

All materials to be distributed shall bear the name and contact information of the sponsoring entity.

Note: The district might also consider requiring sponsoring entities to include a disclaimer on all materials to be distributed. For example, a disclaimer might state that "this event is not school-sponsored or approved" or that "opinions are not necessarily those of the school district or school personnel." The district should consult legal counsel as appropriate.

previously 'schools are encouraged to include.

As necessary, the Superintendent, principal, or designee shall require a disclaimer on any nonschool group's promotional materials to be distributed, posted, or published, stating that the distribution, posting, or publishing of the materials does not imply district endorsement of the group's activities, products, or services. District- and school-sponsored publications shall include a disclaimer stating that the district or school does not endorse any advertised products or services.

# Criteria for Approval

Note: The following **optional** section is for use by districts that select Option 2 (limited public forum) above and may be revised to reflect criteria established by the Board.

The Superintendent, principal, or designee shall not accept for distribution any materials or advertisements that:

- 1. Are <u>lewd</u>, obscene, libelous, or slanderous
- 2. Incite students to commit unlawful acts, violate school rules, or disrupt the orderly operation of the schools

Note: **Optional** item #3 below prohibits the distribution of political materials or political advertising except under certain circumstances. Pursuant to Education Code 7058, the Board may conduct a political forum if it is made available to all sides on an equitable basis.

3. Promote any particular political interest, candidate, party, or ballot measure, unless the candidates or advocates from all sides are provided the opportunity to present their views to the students during school hours or during events scheduled pursuant to the Civic Center Act

(cf. 1160 - Political Processes) (cf. 4119.25/4219.25/4319.25 - Political Activities of Employees)

Redad was

Note: In <u>DiLoreto v. Downey Unified School District</u>, the Ninth Circuit Court of Appeals held that a district's refusal to post a paid religious advertisement featuring the Ten Commandments on an athletic field fence reserved for commercial advertising was a reasonable way for the district to avoid being placed on one side of a controversial issue. The court concluded that, as a nonpublic forum, the district had the right to regulate content since it did not open the forum (the fence) to all expressive activities but, in fact, had reserved it for commercial speech. Districts wishing to establish policy dealing with the distribution of religious materials should consult legal counsel.

New

4. Proselytize or position the district on any side of a controversial issue

(cf. 6144 - Controversial Issues)

5. Discriminate against, attack, or denigrate any group on account of any unlawful consideration

(cf. 0410 - Nondiscrimination in District Programs and Activities)

6. Promote the use or sale of materials or services that are illegal or inconsistent with school objectives, including, but not limited to, materials or advertisements for tobacco, intoxicants, non-nutritious foods and beverages, and movies or products unsuitable for children

```
(cf. 5030 - Student Wellness)
(cf. 5131.6 - Alcohol and Other Drugs)
(cf. 5131.62 - Tobacco)
```

7. Solicit funds or services for an organization, with the exception of solicitations authorized in Board policy

(cf. 1321 - Solicitation of Funds from and by Students)

8. Distribute unsolicited merchandise for which an ensuing payment is requested

The Superintendent or designee also may consider the educational value of the materials or advertisements, the age or maturity of the students in the intended audience, and whether the materials or advertisements support the basic educational mission of the district, directly benefit the students, or are of intrinsic value to the students or their parents/guardians.

(cf. 0000 - Vision)

Schools may establish additional criteria pertaining to the content of advertisements in school publications and yearbooks, as deemed appropriate by the Superintendent or designee in accordance with law and Board policy.

Policy 4/10/07 adopted: 4/10/07

#### WAIVERS

Note: The following optional policy covers waiver requests which the State Board of Education (SBE) generally has legal authority to grant (general waivers). In order to provide districts with flexibility without undermining the basic intent of the law, Education Code 33050-33053 permit districts to request that the SBE waive sections of the Education Code, Title 5 of the California Code of Regulations, or any applicable federal law, including portions of the No Child Left Behind Act. Education Code 33050 exempts certain sections of the Education Code from the authority of the SBE to grant waivers.

However, this policy does not address waivers expressly authorized by law for specific programs and situations (specific waivers) such as the waiver of Education Code 56101 for students with disabilities and waivers that may be granted by the Commission on Teacher Credentialing or the Superintendent of Public Instruction, such as waivers for alternative schools. See BP 6181 - Alternative Schools/Programs of Choice. For any such waiver, the process for obtaining the waiver would be as specified in the provision of law governing the program. In addition, this policy does not cover waiver requests that a district's governing board is authorized to grant, such as (1) parent/guardian requests for waivers regarding the sheltered English language immersion program for English learners offered pursuant to Education Code 305, or (2) the requirement for a student with disabilities to successfully pass the high school exit examination. See BP/AR 6174 - Education for English Language Learners and AR 6162.52 - High School Exit Examination for the procedures for these waiver requests.

The Governing Board recognizes that strict compliance with the law may sometimes hinder the district's ability to provide its students with an effective, well-rounded educational program. When it is in the interest of district students, the Board may request that the State Board of Education (SBE) waive any provision of state or federal law or regulation which it has authority to waive pursuant to Education Code 33050.

Note: The California Department of Education (CDE) has instituted an online waiver request system which it encourages districts to use. In addition, CDE has updated guidance and Frequently Asked Questions on its web site to help expedite the waiver submission process. Prior to submitting a waiver request, the district should confirm that it has gathered all the data required and complied with all the legal requirements for the request. The district should also review Education Code 33051 which specifies the reasons for which the SBE may deny the request. For example, a request to waive a provision of law regarding a program that requires the existence of a site council must be approved by that site council; otherwise the request will be denied by the SBE.

Any waiver request to be submitted to the SBE shall first be approved by the Board. The Superintendent or designee shall ensure that each proposed waiver request includes all information necessary for the Board to analyze the need for the waiver and make an informed decision.

Prior to presenting the proposed request for Board approval, the Superintendent or designee shall consult with and obtain the approval of any advisory committee or site council when required by law.

(cf. 0420 - School Plans/Site Councils)

(cf. 0420.1 - School-Based Program Coordination)

(cf. 1220 - Citizen Advisory Committees)

### WAIVERS (continued)

Note: The following **optional** paragraph is for districts with an employee organization certified to represent the district's employees in negotiations with the district.

## Previously an option

In addition, the Superintendent or designee <u>shall</u> involve the exclusive representative of district employees in the development of the waiver request, and shall include in the request the exclusive representative's position regarding the waiver. (Education Code 33050)

(cf. 4140/4240/4340 - Bargaining Units)

To receive public testimony on each waiver request proposal, the Board shall hold a properly noticed public hearing during a Board meeting. (Education Code 33050)

Note: Education Code 33050 does not specify the length of the advanced notice required for the public hearing described above. However, CSBA believes that the notice must allow sufficient time to enable members of the public adequate opportunity to participate in the waiver request process. The following **optional** paragraph may be revised to specify the length of the notice, in accordance with district practice.

The notice, which shall state the time, date, location, and subject of the public hearing, may be printed in a newspaper of general circulation or posted at each school and three public places in the district.

(cf. 9320 - Meetings and Notices)

Note: The following optional paragraph addresses renewal of general waivers which have been granted by the SBE. According to CDE's <u>State Board of Education - CalEd Facts</u> issued in January 2013, pursuant to Education Code 33051, any general waiver which has been granted for two consecutive years, or which is initially granted for two years, may be regarded as "permanent" for as long as the information on the waiver request remains current. However, the SBE may require updated information for a general waiver whenever it determines that information to be necessary. The SBE may also rescind a waiver if additional information supporting a recession is made available to the SBE. Additionally, a district is required to apply annually for the renewal of any waiver regarding teacher credentialing.

When the district has requested and received the same general waiver from the SBE for two consecutive years, the Board is not required to reapply annually if the information contained on the request remains current. However, the district shall apply annually for the renewal of any waiver regarding teacher credentialing. (Education Code 33051)

# Administrative Regulation

**School-Sponsored Trips** 

AR 6153 Instruction

### Supervision

Students on school-sponsored trips are under the jurisdiction of the district and shall be subject to district and school rules and regulations.

(cf. 5131 - Conduct) (cf. 5131.1 - Bus Conduct) (cf. 5144 - Discipline) (cf. 5144.1 - Suspension and Expulsion/Due Process)

The Superintendent or designee shall ensure that adequate supervision is provided on all school-sponsored trips and that there is an appropriate ratio of adults to students present on the trip. If the trip involves water activities, this ratio shall be revised as necessary.

#### Parent/Guardian Permission

Before a student can participate in a school-sponsored trip, the teacher shall obtain parent/guardian permission for the trip. Whenever a trip involves water activities, the parent/guardian shall provide specific permission for his/her child to participate in the water activities. The district shall provide an alternative educational experience for students whose parents/guardians do not wish them to participate in a trip.

All persons making the field trip or excursion shall be deemed to have waived all claims against the district or the State of California for injury, accident, illness, or death occurring during or by reason of the field trip or excursion. All adults taking out-of-state field trips or excursions and all parents/guardians of students taking out-of-state field trips or excursions shall sign a statement waiving such claims. (Education Code 35330)

Out of State field trip requests (with the exception of neighboring Reno/Sparks, Nevada), must be in the Superintendent's office for approval six weeks in advance of the field trip for Governing Board approval. Sierra-Plumas Joint Unified School District Board Meetings are held on the second Tuesday of every month.

International field trip requests must be in the Superintendent's office for approval three months in advance of the field trip for Governing Board approval.

### Safety Issues

1. While conducting a trip, the teacher, employee, or agent of the school shall have the school's first aid kit in his/her possession or immediately available. (Education Code 32041)

Whenever trips are conducted in areas known to be infested with poisonous snakes, the first aid kit taken on the trip shall contain medically accepted snakebite remedies. In addition, a teacher, employee, or agent of the school who has completed a first aid course which is certified by the American Red Cross and which emphasizes the treatment of snakebites shall participate in the trip. (Education Code 32043)

2. The district shall provide or make available medical and/or hospital insurance for students injured while participating in any excursion or field trip. (Education Code 35331)

```
(cf. 3541.1 - Transportation for School-Related Trips) (cf. 5143 - Insurance)
```

3. If the Superintendent or designee receives threat level warnings from the Homeland Security Advisory System pertaining to the destination of a school-sponsored trip, he/she shall implement precautions necessary to protect the safety of students and staff.

```
(cf. 0450 - Comprehensive Safety Plan)
(cf. 3516 - Emergencies and Disaster Preparedness Plan)
```

4. Lifeguards are required for all swimming activities. If the activity is at a private pool, the owner of the pool shall provide a certificate of insurance, designating the district as an additional insured, for not less than \$500,000 in liability coverage. Staff shall determine supervisory responsibilities for all chaperones.

```
(cf. 3530 - Risk Management/Insurance)
(cf. 5141.7 - Sun Safety)
```

5. Before trips of more than one day, the principal or designee may hold a meeting for staff, chaperones, parents/guardians, and students to discuss safety and the importance of safety-related rules for the trip.

```
(cf. 5142 - Safety)
```

Regulation SIERRA-PLUMAS JOINT UNIFIED SCHOOL DISTRICT approved: April 10, 2007 Sierraville, California

# Sierra County/Sierra-Plumas Joint USD

# **Board Bylaw**

**Public Statements** 

BB 9010 Board Bylaws

\*\*\*Note: Pursuant to Government Code 54960, the district attorney or any interested person can sue the Governing Board in order to stop or prevent violations of the Brown Act or to determine whether any Board rule or action which penalizes or otherwise discourages the expression of one or more of its members is valid or invalid under law. The following optional bylaw may be modified as appropriate.\*\*\*

Revised

The Governing Board recognizes the responsibility of Board members in their role as community leaders to participate in public discourse on matters of civic or community interest, including those involving the district, and their right to freely express their personal views. However, to ensure communication of a consistent, unified message regarding district issues, Board members are expected to respect the authority of the Board to choose its representatives to communicate its positions and to abide by established protocols.

All public statements authorized to be made on behalf of the Board shall be made by the Board president or, if appropriate, by the Superintendent or other designated representative.

(cf. 2110 - Superintendent Responsibilities and Duties)

(cf. 9121 - President)

(cf. 9200 - Limits of Board Member Authority)

When speaking for the district, the Board encourages its spokespersons to exercise restraint and tact and to communicate the message in a manner that promotes public confidence in the Board's leadership.

Board spokespersons shall not disclose confidential information or information received in closed session except when authorized by a majority of the Board. (Government Code 54963)

(cf. 9005 - Governance Standards)

(cf. 9011 - Disclosure of Confidential/Privileged Information)

When speaking to community groups, members of the public, or the media, individual Board members should recognize that their statements may be perceived as reflecting the views and positions of the Board. Board members have a responsibility to identify personal viewpoints as such and not as the viewpoint of the Board.

(cf. 1100 - Communication with the Public)

(cf. 1112 - Media Relations)

In addition, the Board encourages members who participate on social networking sites, blogs, or other discussion or informational sites to conduct themselves in a respectful, courteous, and professional manner and to model good behavior for district students and the community. Such electronic communications are subject to the same standards and protocols established for other forms of communication, and the disclosure requirements of the California Public Records Act may likewise apply to them.

(cf. 1113 - District and School Web Sites)

(cf. 1114 - District-Sponsored Social Media)

(cf. 1340 - Access to District Records)

(cf. 9012 - Board Member Electronic Communications)

CSBA: http://www.csba.org

Regulation approved: April 10, 2007 SIERRA COUNTY OFFICE OF EDUCATION

Revised: December 13, 2011 SIERRA-PLUMAS JOINT UNIFIED SCHOOL DISTRICT

Revised: August 13, 2013 Loyalton, California

#### **BOARD COMMITTEES**

Note: The following optional bylaw may be revised to reflect district practice. This bylaw addresses the establishment and operation of Governing Board subcommittees consisting of less than a quorum of the Board and other standing and advisory committees created by the Board. See BP/AR 1220 - Citizen Advisory Committees for further information about committees that include members of the community and/or stakeholder groups, including examples of citizen advisory committees that are generally created by formal Board action. For information about committees created by the Superintendent or designee to advise the administration, see BP 2230 - Representative and Deliberative Groups.

Nons

The Governing Board may establish a committee whenever it determines that such a committee would benefit the district by providing diverse viewpoints, specialized knowledge or expertise, or increased efficiency. Such committees may be subcommittees of the Board or committees that include members of the community, staff, or other stakeholder groups.

(cf. 1220 - Citizen Advisory Committees)

(cf. 2230 - Representative and Deliberative Groups)

(cf. 9140 - Board Representatives)

100

Upon establishing a committee, the Board shall clearly define the committee's purpose, any timeline for completion of assigned responsibilities, any stakeholder groups or individuals to be represented on the committee, length of time that committee members are expected to serve, and expectations for reporting to the Board and/or the Superintendent or designee. Unless specifically authorized by the Board to act on its behalf, the committee shall act in an advisory capacity.

Except for subcommittees of the Board, committee members shall, as appropriate, be recommended by the Superintendent or designee and appointed by the Board president, subject to Board approval.

(cf. 9121 - President)

The Superintendent or designee shall provide committee members with information and assistance necessary for the fulfillment of the committee's charges, and may serve as a non-voting advisor to the committee at the discretion of the Board.

Whenever so charged, committees may actively seek input and participation by parents/guardians, staff, community, and students and may consult with local public boards and agencies.

Any committee not required by law may be dissolved when its duties or term has been completed or whenever the Board deems necessary.

### **BOARD COMMITTEES** (continued)

### **Committee Meetings**

Note: Unless otherwise exempted by law, Government Code 54952 provides that open meeting laws (the Brown Act) apply to any commission, committee, board, or other legislative body created by formal action of the Board, regardless of whether that body is permanent or temporary, decision making or advisory; also see BP/AR 1220 - Citizen Advisory Committees. These requirements include posting a meeting notice or agenda at least 72 hours before a regular meeting or 24 hours before a special meeting pursuant to Government Code 54954.2 and 54956; see BB 9320 - Meetings and Notices.

In <u>Frazer v. Dixon Unified School District</u>, the court held that the adoption of a Board policy that required the appointment of a curriculum committee to advise the Superintendent, and in turn the Board, was a committee created by "formal Board action" within the meaning of Government Code 54952. Therefore, the committee's meetings were subject to the Brown Act.

The district should consult legal counsel when questions arise regarding the applicability of Brown Act requirements to district or school committees.

Unless otherwise exempted by law, Board-created committees shall provide public notice of their meetings and conduct meetings in accordance with Government Code 54950-54963 (the Brown Act).

(cf. 9320 - Meetings and Notices) (cf. 9322 - Agenda/Meeting Materials)

However, Board subcommittees composed solely of less than a quorum of the members of the Board are not subject to open meeting laws unless they are standing committees. Standing committees of the Board, irrespective of membership, are those that have a continuing subject matter jurisdiction or a meeting schedule established by action of the Board. (Government Code 54952)

Note: In 79 Ops.Cal.Atty.Gen. 69 (1996), the Attorney General has clarified that open meeting laws apply if the standing committee has the responsibility of providing advice at the Board's request on budgets, audits, contracts, and personnel matters.

Standing committees with a continuing subject matter jurisdiction include, but are not limited to, those responsible for providing advice on budgets, audits, Board policy, contracts, and personnel matters at the Board's request.

(cf. 3100 - Budget) (cf. 3430 - Investing) (cf. 9310 - Board Policies)

Note: Pursuant to Government Code 54952.2, the Brown Act is not violated if Board members who are not members of a standing committee attend the committee meeting only as "observers." In 81 Ops.Cal.Atty.Gen. 156 (1998), the Attorney General clarified that those Board members attending the meeting as "observers" may not ask questions or make statements at the meeting and that they must sit in the areas designated for members of the public.

### **BOARD COMMITTEES** (continued)

When a majority of the members of the Board attend an open and noticed meeting of a standing committee, the Board members who are not members of the standing committee shall attend only as observers. (Government Code 54952.2)

Whenever any advisory or standing committee, including a committee not otherwise subject to the Brown Act, posts a meeting agenda at least 72 hours in advance of the meeting, that meeting shall be considered as a regular meeting of the Board for purposes of the Brown Act and therefore must be held within district boundaries unless otherwise authorized by law. (Government Code 54954)

Note: In 80 Ops.Cal.Atty.Gen. 308 (1997), the Attorney General determined that sessions of a district liaison council that was formed by the board to interview candidates for district superintendent and to make a recommendation to the board were not required to be open to the public. The Attorney General concluded that, because a legislative body is authorized under Government Code 54957 to hold closed sessions during a regular or special meeting to consider the appointment or employment of a public employee (see BB 9321 - Closed Session Purposes and Agendas), that authority also extends to committees that are delegated by the legislative body to perform related duties. The following paragraph reflects this opinion.

In addition, in 92 Ops.Cal.Atty.Gen. 102, the Attorney General concluded that a joint labor management benefits committee that is a product of the collective bargaining process between labor and management and is implemented in a collective bargaining agreement is not a committee created by the board. Therefore, such a committee is not required to comply with the Brown Act and is authorized to hold closed sessions.

Committees may meet in a closed session during a regular or special meeting only for those purposes specifically authorized by law for closed sessions held by the Board.

(cf. 9321 - Closed Session Purposes and Agendas)

# **Board Bylaw**

**Governing Board Elections** 

BB 9220 Board Bylaws

\*\*\*Note: Pursuant to Elections Code 20, as added by AB 2410 (Ch. 160, Statutes of 2012), any person who has been convicted of a felony involving bribery, offering of a bribe, embezzlement or theft of public funds, extortion, perjury, or of conspiracy to commit any of these crimes, under California law or the law of any other state, the federal government, or a foreign government or country, is ineligible to be elected or to hold state or local public office unless he/she has received a pardon from the Governor or other authority as specified.\*\*\*

\*\*\*Note: In addition, a person is ineligible to hold public office if he/she is not registered to vote. Elections Code 2201 lists the causes for cancelling an individual's voter registration and making him/her ineligible to hold public office as including legally established mental incompetency, proof that the person is presently imprisoned or on parole for conviction of a felony, or official notification that the voter is registered in another country or state.\*\*\*

Any person is eligible to be a member of the Governing Board, without further qualifications, if he/she is 18 years of age or older, a citizen of California, a resident of the school district, a registered voter, and not legally disqualified from holding civil office. Any person who has been convicted of a felony involving the giving, accepting, or offering of a bribe, embezzlement or theft of public funds, extortion, perjury, or conspiracy to commit any such crime, under California law or the law of another state, the United States of America, or another country, is not eligible to be a candidate for office or be a Board member except when he/she has been granted a pardon in accordance with law. (Education Code 35107; Elections Code 20)

A district employee elected to the Board shall resign his/her employment before being sworn in or shall have his/her employment automatically terminated upon being sworn into office. (Education Code 35107)

(cf. 9224 - Oath of Affirmation) (cf. 9270 - Conflict of Interest)

To reduce costs associated with conducting elections, the Board may consolidate Board elections with the local municipal or statewide primary or general election. Board election procedures shall be conducted in accordance with state and federal law.

(cf. 9110 - Terms of Office)

### **Electing Board Members**

Each Board member shall reside within the trustee area that he/she represents but shall be elected by all voters in the district.

To ensure ongoing compliance with the California and federal Voting Rights Acts, the Board may review the district's Board election method to determine whether any modification is necessary due to changes in the district's population or any of its racial, color, or language minority group composition. The review shall be based on the Superintendent or designee's report to the Board after the release of each decennial federal census.

If the Board determines that a change is necessary, it shall adopt a resolution at an open meeting specifying the change(s) and shall, in accordance with Education Code 5019 or other applicable provisions of law, obtain approval from the county committee on school district organization having jurisdiction over the district.

(cf. 9320 - Meetings and Notices)

### Campaign Conduct

In order to help protect the public's trust in the electoral process as well as the public's confidence in the Board and district, the Board encourages all candidates to sign and adhere to the principles in the Code of Fair Campaign Practices pursuant to Elections Code 20440.

(cf. 0410 - Nondiscrimination in District Programs and Activities) (cf. 9005 - Governance Standards)

### Statement of Qualifications

The district shall assume no part of the cost of printing, handling, translating, or mailing of candidate statements filed pursuant to Elections Code 13307. As a condition of having candidate statements included in the voter's pamphlet, the district may require candidates to pay their estimated pro rata share of these costs to the district in advance pursuant to Elections Code 13307.

On the 125th day prior to the day fixed for the general district election, the Board secretary or his/her designee shall deliver a notice, bearing the secretary's signature and district seal, to the county elections official describing both of the following: (Elections Code 10509)

- 1. The elective offices of the district to be filled at the general election and which offices, if any, are for the balance of an unexpired term
- 2. Whether the district or the candidate is to pay for the publication of a statement of qualifications pursuant to Elections Code 13307

(cf. 9223 - Filling Vacancies)

Candidate statements shall be limited to no more than 200 words. (Elections Code 13307)

Tie Votes in Board Member Elections

Before each election, the Board shall establish whether a potential tie is to be resolved by lot or with a runoff election. (Education Code 5016)

After an election for which the Board has decided to resolve a tie by lot, the Board shall immediately notify the candidates who received the tie votes of the time and place where the candidates or their representatives should appear before the Board. The Board at that time shall determine the winner by lot. (Education Code 5016)

After an election for which the Board has decided to resolve a tie with a runoff election, the Board shall schedule the runoff election in accordance with law. (Education Code 5016)
