## CONTRACT PROPOSAL

After having viewed the property, Troy Sidebottom, owner of ALL PHASE LAND CLEARING, and the landowner Downieville Elementary School have agreed that the following services be rendered:

All Phase Land Clearing, Inc will be completing a tree removal and a land clearing project. We will be removing one large pine tree, eight trees of heaven and two walnut trees. A crane will be used to remove these trees. The large pine tree will be hauled off site and the other smaller trees will be chipped. Once the trees are removed on the hillside we will clear the blackberries from the parking lot 30 wide going up the hill. The upper hillside we will perform pre-commercial thinning of trees up to 8 inches in diameter. These trees will be spaced out to a 15 foot spacing to eliminate ladder fuels. The remaining trees will be pruned to 15 feet. All of the fire hazardous underbrush will be removed and the down and dead limbs lying on the ground. There will be a section of blackberries left on the hillside. There will be a 30 foot wide path of blackberries removed on the north side of the building. The blackberries will be cut and then masticated. There are some trees of heaven that will be removed in the 30 foot wide clearance. There are some old large dead logs stacked next to the building in the blackberries this wood will be moved and placed in the dumpster provided by the school. We will be trimming one walnut tree behind the school that is over hanging the building. The tree will be trimmed away from the building. We will need a place to dump the chips from the project. A crane, chip truck, chipper and a masticator will be used to complete the project. The cost for the job is \$ \$17,000.00. The job is a prevailing wage project.

Any, and all work performed by ALL PHASE LAND CLEARING will be done in a professional manor, guaranteeing quality on all phases of this project. When completed, your property's appearance will be enhanced to resemble that of a park-like setting, as well as providing a defensible space for fire protection.

We will adhere to any and all Federal, State, Local, and C.D.F. requirements having to do with safety, health, fire, and environmental protection.

SIERRA-PLUMAS JOINT UNIFIED SCHOOL DISTRICT

RESOLUTION NO. 21-021D

IN RECOGNITION OF OUTSTANDING SERVICE

WHEREAS, Mr. Thomas Jones was more than just the principal at Loyalton High School. His total commitment to his duties could be seen in all areas of the school. His dedication to the students and their families was something he will always be remembered for. It was not just at Loyalton High School that Tom made a difference. As he was a great contributor to all things in the Sierra-Plumas District. He was always there to help out our other schools and their administrators whenever and wherever there was a need; and

WHEREAS, Tom's unfailing care for all of the students and teachers at LHS was truly something to behold. He had an uncanny sense of calm even in the most chaotic situations. When you are with him, any sense of panic or stress decreases immediately. He is calm, practiced, thoughtful, and quiet in his approach to his work and to his relationships with others, and that demeanor has won him the support and respect from his school community; and

WHEREAS, Mr. Jones' character has been defined as a giver and a contributor to making himself and all those around him better. His professionalism, empathy and commitment to his district duties and Loyalton High School as a whole have had a huge positive impact on his staff, the school and district. Tom's loyalty, energy and leadership has helped foster the success you see today at Loyalton High School.

NOW THEREFORE, BE IT RESOLVED, that the Sierra-Plumas Joint Unified School District takes great pride in recognizing Tom Jones for distinguished service and acknowledge his commitment and dedication in the field of education.
