2015 CALIFORNIA ASSESSMENT OF STUDENT PERFORMANCE AND PROGRESS (CAASPP) RESULTS

Sierra-Plumas Joint Unified School District

October 13, 2015

How the Online Smarter Balanced Assessments Are Different from Previous California Tests

The new Smarter Balanced Summative Assessments are very different from previous California tests in several ways:

They are aligned with California's new content standards for English language arts/literacy (ELA) and mathematics.

They reflect the critical thinking and problem solving skills that students will need to be ready for college and the 21st century job market.

They are taken on a computer and are adaptive, which means that during the test, the questions will become more or less difficult based on how the student performs. If the student answers a question correctly, the next question may be more challenging; if the student answers it incorrectly, the next question may be less difficult.

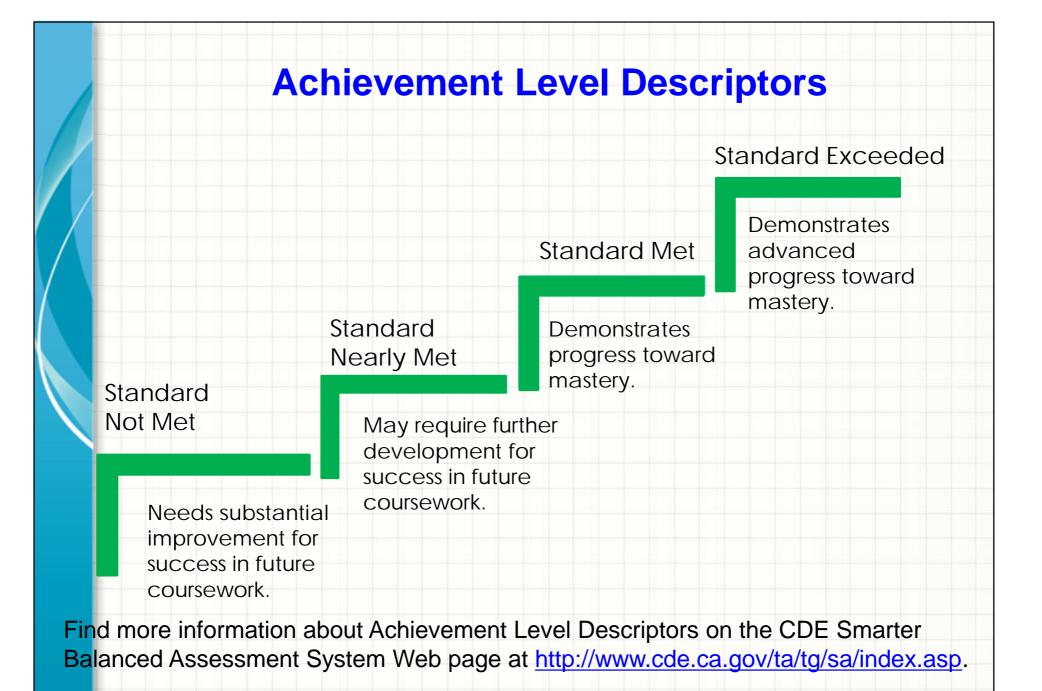

They provide many more supports for students who need them, including students learning English and students with disabilities.

New Standards and Tests: Challenging for Schools to Teach and Students to Learn

MEMORANDUM OF UNDERSTANDING <u>BETWEEN</u> SIERRA-PLUMAS JOINT UNIFIED SCHOOL DISTRICT AND WEST ED FOR THE 2015–2016 SCHOOL YEAR

SIERRA-PLUMAS JOINT UNIFIED SCHOOL DISTRICT

This agreement outlines conditions to be met by the SIERRA-PLUMAS JOINT UNIFIED SCHOOL DISTRICT (the "District") and WestEd as they relate to the administration of the CHKS. *The answer sheets will not be sent until a signed copy (sent via email, fax, or hard copy) of this Memorandum of Understanding (MOU) is received.*

DISTRICT AGREES TO THE FOLLOWING CONDITIONS:

Survey Administration (CHKS)

- » **Grades and Schools.** Plan to survey grades 5 through 12 as appropriate within the district. Provide current student enrollment figures (or target sample if you are sampling) for all schools by grade level, and provide accurate staff counts by school.
- » **Parent Consent.** Follow the active parental consent process with grades below seven, and either active or passive parental consent with grade seven and above (model consent forms will be provided).
- » Follow written school board policy for active and/or passive consent, and provide notification to parents of the approximate date(s) of survey <u>administration</u> and the availability of survey instruments for review at school and/or district offices. This is required regardless of consent type.
- » *Privacy of Students. Regardless of what survey administration method is selected, the con*ditions under which the survey is administered must preserve respondent privacy and the confidentiality of the responses. If administered to multiple people in large rooms, ensure that the set up prevents anyone from observing how the respondent is answering the question. This is particularly a concern for use of large-screen monitors in conducting the survey online.
- » Coordination. Provide one, district-level contact person for each participating district.
- » **Surveys.** Administer the Elementary survey to elementary students, and the Core Module A to secondary students. Use only the most recent, current version of the survey and the answer sheet provided by Cal-SCHLS.
- » <u>Expectations to deliver reports within eight to twelve weeks are contingent on use of correct versions</u> of the survey instrument and answer sheets. <u>Cal-SCHLS is not responsible for transferring data</u> from incorrect to correct answer sheets.
- » Read the Guidebook. Pay special attention to the section on active and passive consent procedures. In

BOTH cases, specific tasks MUST be completed to insure that the rights of parents and pupils are protected.

- » **Current enrollment.** Provide student enrollment figures (or target sample if you are sampling) for all schools by grade level, and provide accurate staff counts by school.
- » Produce questionnaires. Produce from the master copy the number of questionnaires needed.
- » **Proctors.** Provide survey proctors (teachers or assigned proctors) for each classroom.
- » Assurance of Confidentiality Agreement. Have all surveyors (teachers or proctors) sign the Assurance of Confidentiality Agreement and read the Introductory Script to students. These are available in the Guidebook and on our website.
- » **Deadline.** Answer sheets not received after June 15 will result in a longer processing and reporting time than the usual eight to 10 weeks.

Data Submission and Report Preparation

- » Provide complete information on the transmittal envelopes or online survey participation forms.
- » Complete and return the order form via email or hard copy.
- » Submit completed answer sheets and materials to your Regional Center.

Response Rates

In order for the CHKS data to be representative of the students in your district, minimally meet standards A through C and <u>either</u> standard D or E as listed below.

- A. 100% of all district schools participated, or 100% of all selected schools participated in an approved sampling plan.
- B. An appropriate class subject or class period was identified and used.
- C. 100% of selected classrooms participated.
- D. The number of completed, usable answer forms or online submissions obtained per grade was 60% or more of the selected sample, or
- E. If active parental consent is used, 70% or more parents within each grade's selected sample returned signed permission forms, either consenting or not consenting to their child's participation.

If active consent is used and less than 60 percent of parents have not consented to their child's participation two days before the scheduled administration date, the survey should be postponed until either condition D or E can be met. *Note: If less than 25 students take the survey in a specific grade, the district may not be eligible for a report in that grade.*

School Climate Survey for Staff (CSCS)

» Conduct the online California School Climate Survey for staff (CSCS) at each school and each grade participating in the district's CHKS. To facilitate planning and administration, this should be done around the same time the students are taking the CHKS.

- » The survey is anonymous and steps should be taken at the district and schools to ensure anonymity.
- » The survey should be offered to all teachers, administrators, and other certificated staff, including paraprofessionals and aides, and to all personnel working in the areas of counseling, health, prevention, and safety;
- » Other school staff at the district's discretion may also complete it.
- » Staff participation is voluntary. Staff who do not wish to participate shall not be required to do so.
- » There are no additional fees for the basic administration of the CSCS if administered with the CHKS. Additional fees will be charged for custom work. Please see the current fee schedule on our website.

School Parent Survey (CSPS)

- » Optionally, conduct the California School Parent Survey (CSPS) at each school and each grade that is participating in the district's CHKS.
- » To facilitate planning and administration, this should be done around the same time the students are taking the CHKS.
- » The survey may be offered both on paper and online, but survey materials and set up must be coordinated with Cal-SCHLS staff in the Regional Center.
- » There are additional fees for the basic administration of the CSPS. Please see the current fee schedule on our website.
- » The CSPS is generally offered to all parents, guardians, or other caregivers of students in all grades and schools in the district.
- » Only one survey should be completed for each child in a school. It can be filled out by parents together or just by one of them.
- » If a parent has more than one child at a school site, the parent is instructed to complete one survey per child.

Payment

- » See the attached fee schedule for surveying and reporting costs.
- » Postage and handling will be added to the total amount charged.
- » Additional fees apply for custom administrations and modules, answer sheet rush orders, school reports, etc. The district is always responsible for these additional fees. Contact your Regional <u>Center for these fees.</u>
- » If invoiced, the district must provide a purchase order or check prior to receipt of report.

WESTED AGREES TO THE FOLLOWING CONDITIONS:

» Ongoing technical assistance including phone consultation on module selection, sampling, and parent consent strategies.

» Surveys:

- For the student survey: master copies of CHKS elementary, middle and high school surveys (all modules) obtained from the website,
- For the staff survey: access to the CSCS online system, and
- For the Parent survey: Printed CSPS survey booklets as well as login and passwords for the online option.
- » For online administrations one login/password per school for the CHKS as well as school-specific CSCS logins and passwords, and where applicable logins and passwords for the CSPS.
- » Cal-SCHLS Guidebook is available on the website.
- » Access to the Cal-SCHLS website chks.wested.org and Listserv.
- » For paper administrations answer sheets, transmittal envelopes, and where applicable paper copies of the CSPS.
- » Scanning and online services.
- » District–level reports.
