# Loyalton High School
## School Accountability Report Card
## Reported Using Data from the 2012-13 School Year
### Published During 2013-14

Every school in California is required by state law to publish a School Accountability Report Card (SARC), by February 1 of each year. The SARC contains information about the condition and performance of each California public school.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC webpage at http://www.cde.ca.gov/ta/ac/sa/.
- For additional information about the school, parents and community members should contact the school principal or the district office.

## I. Data and Access

**DataQuest**
DataQuest is an online data tool located on the CDE DataQuest Web page at http://dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., state Academic Performance Index [API], federal Adequate Yearly Progress [AYP]), test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners.

**Internet Access**
Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

**Additional Information**
For further information regarding the data elements and terms used in the SARC see the 2012–13 Academic Performance Index Reports Information Guide located on the CDE API Web page at http://www.cde.ca.gov/ta/ac/ap/.

**School Description and Mission Statement (School Year 2012-13)**
This section provides information about the school, its programs and its goals.

Loyalton High School experiences similar challenges to other small schools in providing a comprehensive educational experience for our students. Students at Loyalton High School can choose from a variety of courses to help them meet academic and vocational interests. These courses range from Agriculture to Advanced Placement Calculus. Graduates of Loyalton High School have succeeded in rigorous university settings and graduated with marketable employment skills. Because of our small enrollment, students receive personalized attention in setting and achieving their academic goals. The dedicated staff provides a wide array of co- and extra-curricular activities to enrich the lives of our students.

**Opportunities for Parental Involvement (School Year 2012-13)**
This section provides information on how parents can become involved in school activities, including contact information pertaining to organized opportunities for parent involvement.

Parents are valuable contributors to the Loyalton High School learning community. As such, the staff encourages and welcomes parental involvement. Parents are invited to participate in annual four-year planning evening sessions where the academic progress of their child(ren) is discussed one-on-one with staff members. Three parents are selected each year to serve on the Loyalton High School Site Council and Loyalton Booster Club is mostly comprised of parents who provide financial and physical support to school programs. Parents are welcome to visit classrooms and are encouraged to participate in school activities. Parents are sought to serve on WASC Committees during accreditation visit years. Parents often serve as field trip chaperons and drivers to extra- and co-curricular activities.

## III. Student Performance

The Standardized Testing and Reporting (STAR) Program consists of several key components, including:

- **California Standards Tests (CSTs)**, which include English-language arts (ELA) and mathematics in grades two through eleven; science in grades five, eight, and nine through eleven; and history-social science in grades eight, and nine through eleven.

- **California Modified Assessment (CMA)**, an alternate assessment that is based on modified achievement standards in ELA for grades three through eleven; mathematics for grades three through seven, Algebra I, and Geometry; and science in grades five and eight, and Life Science in grade ten. The CMA is designed to assess those students whose disabilities preclude them from achieving grade-level proficiency on an assessment of the California content standards with or without accommodations.

- **California Alternate Performance Assessment (CAPA)**, includes ELA and mathematics in grades two through eleven, and science for grades five, eight, and ten. The CAPA is given to those students with significant cognitive disabilities whose disabilities prevent them from taking either the CSTs with accommodations or modifications or the CMA with accommodations.

The assessments under the STAR Program show how well students are doing in relation to the state content standards. On each of these assessments, student scores are reported as performance levels.

For detailed information regarding the STAR Program results for each grade and performance level, including the percent of students not tested, see the CDE STAR Results Web site at http://star.cde.ca.gov.

**California High School Exit Examination**

The California High School Exit Examination (CAHSEE) is primarily used as a graduation requirement. However, the grade ten results of this exam are also used to establish the percentages of students at three proficiency levels (not proficient, proficient, or advanced) in ELA and mathematics to compute AYP designations required by the federal Elementary and Secondary Education Act (ESEA), also known as No Child Left Behind (NCLB).

For detailed information regarding CAHSEE results, see the CDE CAHSEE Web site at http://cahsee.cde.ca.gov/.

### California Physical Fitness Test Results (School Year 2012-13)

The California Physical Fitness Test (PFT) is administered to students in grades five, seven, and nine only. This table displays by grade level the percent of students meeting the fitness standards for the most recent testing period. For detailed information regarding this test, and comparisons of a school's test results to the district and state, see the CDE PFT Web page at http://www.cde.ca.gov/ta/tg/pf/.

| Grade Level | Percent of Students Meeting Fitness Standards | | |
|---|---|---|---|
| | Four of Six Standards | Five of Six Standards | Six of Six Standards |
| 9 | 10.0 | 20.0 | 46.7 |

Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

# IV. Accountability

**Academic Performance Index**
The Academic Performance Index (API) is an annual measure of state academic performance and progress of schools in California. API scores range from 200 to 1,000, with a statewide target of 800. For detailed information about the API, see the CDE API Web page at http://www.cde.ca.gov/ta/ac/ap/.

**Academic Performance Index Ranks - Three-Year Comparison**
This table displays the school's statewide and similar schools' API ranks. The statewide API rank ranges from 1 to 10. A statewide rank of 1 means that the school has an API score in the lowest ten percent of all schools in the state, while a statewide rank of 10 means that the school has an API score in the highest ten percent of all schools in the state.

The **similar schools API rank** reflects how a school compares to 100 statistically matched "similar schools." A similar schools rank of 1 means that the school's academic performance is comparable to the lowest performing ten schools of the 100 similar schools, while a similar schools rank of 10 means that the school's academic performance is better than at least 90 of the 100 similar schools.

| API Rank | 2010 | 2011 | 2012 |
|---|---|---|---|
| Statewide | 5 | 8 | 8 |
| Similar Schools | | | |

**Academic Performance Index Growth by Student Group – Three-Year Comparison**

| Group | Actual API Change | | |
|---|---|---|---|
| | 2010-11 | 2011-12 | 2012-13 |
| All Students at the School | 76 | -13 | -21 |
| Black or African American | | | |
| American Indian or Alaska Native | | | |
| Asian | | | |
| Filipino | | | |

| White | 75 | -20 | -18 |
| Two or More Races | | | |
| Socioeconomically Disadvantaged | | | |
| English Learners | | | |
| Students with Disabilities | | | |

Note: "N/D" means that no data were available to the CDE or LEA to report. "B" means the school did not have a valid API Base and there is no Growth or target information. "C" means the school had significant demographic changes and there is no Growth or target information.

**Academic Performance Index Growth by Student Group - 2013 Growth API Comparison**

This table displays, by student group, the number of students included in the API and the 2013 Growth API at the school, LEA, and state level.

| **Students with Disabilities** | 5 | | 28 | 740 | 527,476 | 615 |

**Adequate Yearly Progress**

The federal ESEA requires that all schools and districts meet the following Adequate Yearly Progress (AYP) criteria:

• Participation rate on the state's standards-based assessments in ELA and mathematics
• Percent proficient on the state's standards-based assessments in ELA and mathematics
• API as an additional indicator
• Graduation rate (for secondary schools)

For detailed information about AYP, including participation rates and percent proficient results by student group, see the CDE AYP Web page at http://www.cde.ca.gov/ta/ac/ay/.

| **Met Graduation Rate (if applicable)** | N/A | N/A |

**Federal Intervention Program (School Year 2013-14)**

Schools and districts receiving federal Title I funding enter Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (ELA or mathematics) or on the same indicator (API or graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP. For detailed information about PI identification, see the CDE PI Status Determinations Web page: http://www.cde.ca.gov/ta/ac/ay/tidetermine.asp.

**School Safety Plan (School Year 2012-13)**
This section provides information about the school's comprehensive safety plan, including the dates on which the safety plan was last reviewed, updated, and discussed with faculty; as well as a brief description of the key elements of the plan.

Loyalton High School staff and students enjoy a safe place to work and learn. Staff members remain vigilant during school breaks and before and after school each day. All visitors are asked to check in at the school office, and regular school volunteers are screened through the district screening process. The district School Safety Plan was revised and implemented in the fall of 2008 and reviewed annually since. Monthly safety drills are performed; students are well aware of safety procedures during safety drills. District personnel are assigned to review health records and report to the staff the special health needs of students. The addition of a short, daily period in the school schedule has allowed for all students to participate in school culture activities that promote a safe school environment.

**Suspensions and Expulsions**

| Rate | School | | | District | | |

| **Expulsions** | 0 | 1 | 0 | 0 | .25 | 0 |

Note: The rate of suspensions and expulsions is calculated by dividing the total number of incidents by the total enrollment x 100.

# VI. School Facilities

**School Facility Conditions and Planned Improvements (School Year 2013-14)**
This section provides information from the most recent Facility Inspection Tool (FIT) data (or equivalent), including:

- Description of the safety, cleanliness, and adequacy of the school facility
- Description of any planned or recently completed facility improvements
- Description of any needed maintenance to ensure good repair

To determine the condition of our facilities our district performs an annual inspection using the Facilities Inspection Tool, which is issued by the Office of Public School Construction.

Based on that survey, we've answered the questions you see on this report. Please note that the information reflects the condition of our buildings as of the date of the report. Since that time, those conditions may have changed.

**School Facility Good Repair Status (School Year 2013-14)**

This section provides information from the most recent Facility Inspection Tool (FIT) data (or equivalent), including:

- Determination of repair status for systems listed
- Description of any needed maintenance to ensure good repair
- The year and month in which the data were collected
- The Overall Rating

| System Inspected | Repair Status | | | Repair Needed and Action Taken or Planned |
|---|---|---|---|---|
| **School Facility Good Repair Status (School Year 2013-14)** Year and month in which data were collected: September 2013 | | | | |
| | Good | Fair | Poor | |
| **Systems:** Gas Leaks, Mechanical/HVAC, Sewer | [X] | [ ] | [ ] | Several heaters malfunctioned during the extreme cold weather in November and December 2013. These have been replaced or repaired. |
| **Interior:** Interior Surfaces | [ ] | [X] | [ ] | New ceilings and new hall lighting was installed during the summer of 2013. This has greatly improved the overall appearance of the hallway and classrooms. Carpet and floor tiles still need to be replaced school wide. Classrooms need painting. Gym bleachers need constant repair. |
| **Cleanliness:** Overall Cleanliness, Pest/ Vermin Infestation | [X] | [ ] | [ ] | Rough athletic field surfaces and gopher problems continue in fields. |
| **Electrical:** Electrical | [X] | [ ] | [ ] | Electrical improvements and new wiring school wide were part of the roof project completed during the summer of 2013. |
| **Restrooms/Fountains:** Restrooms, Sinks/ Fountains | [X] | [ ] | [ ] | Need new stalls in student restrooms, need appropriate flooring in hallway restrooms and faculty restrooms, boys' restroom heater needs replacing. |
| **Safety:** Fire Safety, Hazardous Materials | [X] | [ ] | [ ] | With the roof construction project and new ceilings installed school wide during the summer of 2013, danger of hazardous elements and materials has been significantly reduced or totally eliminated. Safety drills are conducted once a month and fire extinguishers are serviced annually. As part of the summer of 2013 construction project, fire alarms were updated. |
| **Structural:** Structural Damage, Roofs | [X] | [ ] | [ ] | At great expense, the roof over the main school building was replaced during the summer of 2013. While this hasn't greatly affected the aesthetics of our school building, the project brought the school building to a place of security for many years ahead. The roof project did allow for the skylight in the main hallway to be updated, reopened, and secured which has added a nice touch to the interior of the school. In addition, this construction project confirmed that the structural integrity of the school building remains intact. |
| **External:** Playground/School Grounds, Windows/ Doors/Gates/Fences | [ ] | [ ] | [X] | Single-pane windows leak and are so old that many of them no longer operate as designed. Because of the age of the windows, we are unable to find replacement hardware. The front and side parking lots remain in poor condition. |

**Overall Facility Rate**

| Overall Rating | Exemplary | Good | Fair | Poor |
|---|---|---|---|---|
| | [ ] | [X] | [ ] | [ ] |

* Total Teacher Misassignments includes the number of Misassignments of Teachers of English Learners.

**Core Academic Classes Taught by Highly Qualified Teachers (School Year 2012-13)**
The federal ESEA, also known as NCLB, requires that core academic subjects be taught by Highly Qualified Teachers, defined as having at least a bachelor's degree, an appropriate California teaching credential, and demonstrated core academic subject area competence. For more information, see the CDE Improving Teacher and Principal Quality Web page at www.cde.ca.gov/nclb/sr/tq/.

# IX. Curriculum and Instructional Materials

**Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2013-14)**
This section describes whether the textbooks and instructional materials used at the school are from the most recent adoption; whether there are sufficient textbooks and instruction materials for each student; and information about the school's use of any supplemental curriculum or non-adopted textbooks or instructional materials.

**Year and month in which data were collected:** November 2013

The main fact about textbooks that the Williams legislation calls for described whether schools have enough books in core classes for all students. The law also asks districts to reveal whether those books are presenting what is required by the California Content Standards.

# XI. School Completion and Postsecondary Preparation

**Admission Requirements for California's Public Universities**

**University of California**
Admission requirements for the University of California (UC) follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work.

For general admissions requirements, please visit the UC Admissions Information Web page at http://www.universityofcalifornia.edu/admissions/.

**California State University**
Eligibility for admission to the California State University (CSU) is determined by three factors:

• Specific high school courses
• Grades in specified courses and test scores
• Graduation from high school

Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information see the CSU Web page at http://www.calstate.edu/admission/admission.shtml.

# XII. Instructional Planning and Scheduling

**Professional Development**

This section provides information on the number of days provided for professional development and continuous professional growth in the most recent three year period. Questions that may be answered include:

- What are the primary/major areas of focus for staff development and specifically how were they selected? For example, were student achievement data used to determine the need for professional development in reading instruction?
- What are the methods by which professional development is delivered (e.g., after school workshops, conference attendance, individual mentoring, etc.)?
- How are teachers supported during implementation (e.g., through in-class coaching, teacher-principal meetings, student performance, and data reporting, etc.)?

---

Teachers take some time each year to improve their teaching skills and to extend their knowledge of the subjects they teach. Here you will see the amount of time each year we set aside for continuing education and professional development. Loyalton High School has been focusing on school-wide literacy improvement for the past six years. During the past few years, we have spent time at Professional Learning Communities (PLCs) and faculty meetings on school-wide literacy systems such as note taking strategies, writing across the curriculum, academic vocabulary development, and reading. During this school year, our PLCs centered on the Common Core State Standards and teaching techniques that support the new standards and the inclusion of more technology in all classrooms. In addition, the district has promoted the use of technology by purchasing smart boards, computers, and other technology for classrooms and offering multiple in-service programs on their use and the development of classroom activities to support new standards. The PLCs continue to encourage teacher collaboration for the improvement of subject area teaching, classroom management, and student learning and the development of systems to allow for continual improvement. Teacher meetings are held twice a month on alternate Wednesday afternoons. More and more we are including teaching strategies, plans for intervention, and school planning into these meetings. Student data is the beginning point of all planning each school year. In addition to test scores, the staff looks at grades and attendance data to plan for the success of each student in meeting individual goals. This data drives the direction the school takes in professional development, support services, and school goals for each year. School funds have been available for staff to attend a variety of subject specific or general professional development programs during the school year and summers. There is a provision in the certificated contract to pay stipends to teachers for attending in-service programs during holidays or school vacations. Release time is provided for programs offered during the school year. Administration makes every effort to encourage and support professional development.
