SPJUSD CAASPP RESULTS

CAASPP: ALL THE WAYS WE ASSESS LEARNING!

- Smarter Balanced Assessments
 - ELA, MATH, CAST (California Science Test)
- ELPAC
 - English Language Proficiency Assessment of California
- CAA
 - California Alternate Test (ELA, Math, Science)
- CSA
 - California Spanish Assessment
- PFT
 - Physical Fitness Test of California

WHO TESTS

- ELA & Math: All students, grades 3-8, and grade 11
- CAST: All 5th, 8th, and one year in high school when students finish science pathway
- ELPAC: All students, grades 3-12 until they are redesignated out of English language support services
- PFT: All students in grades 5, 7, and 9

WHY WE TEST: ELA, Math, Science

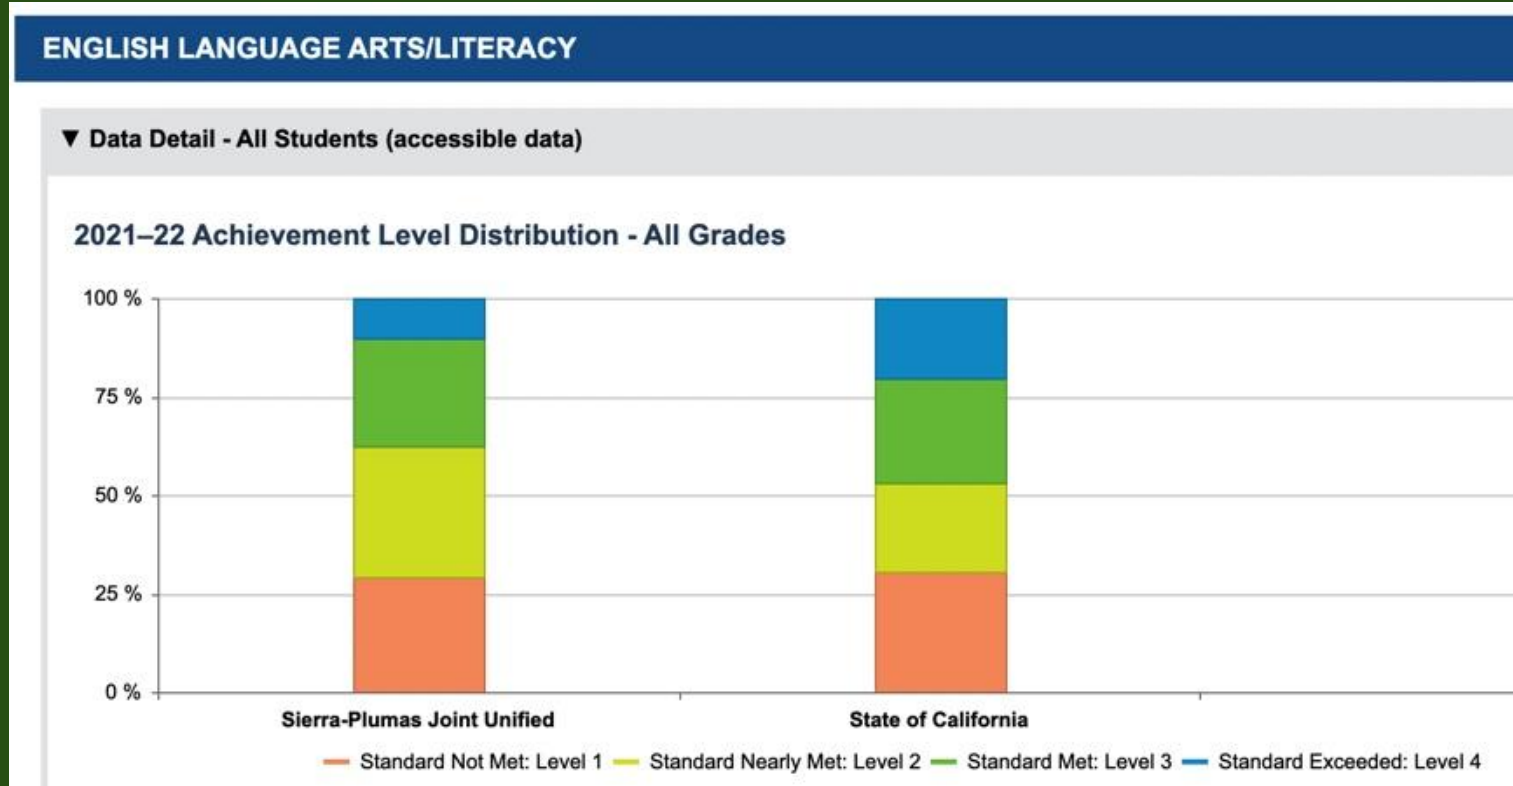

The purpose of the Smarter Balanced Summative Assessments is to assess student knowledge and skills in English language arts/literacy, mathematics, science, and English language, as well as how much students have improved since the previous year (**student growth**). These measures help identify and address gaps in knowledge or skills early on so students get the support they need for success in higher grades and become ready for college or a career.

HOW WE USE RESULTS

- To support students over time
- To identify gaps in learning so our instruction can focus on needs
- To have another piece of data to help guide instruction and support student learning
