School Accountability Report Card

Reported Using Data from the 2015-16 School Year

Published During 2016-17

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2016-17)

Downieville is located on the western slopes of the Sierra Nevada and is the county seat. Its year-round population is approximately 325, but that number swells during the summer due to tourism. Presently, the chief employers in the community are the County of Sierra, Cal-Trans, tourist-related businesses and the schools. Along with recreation, the economy was formerly based in mining and forestry, but the last decade has seen an employment decline in these areas causing an exodus of families from the region. Many homes have been purchased as second homes and are only used during the summer tourist season.

Downieville Junior-Senior High School is a small community of five classrooms. We have few teachers that need to wear many hats. There are four full time teachers. Four of the teachers are core instructors, mathematics, science, social science and English-language arts. In addition to their main subject matter, these teachers also provide a selection of elective offerings. We also have a part time teacher for woodshop.

The school is located at the same site as the elementary school. The schools share their site administrator, office, special education, facility, custodial and kitchen staff. This highly unique school offers the students the opportunity to receive ample direct attention from their certificated instructors. Therefore, it is very difficult for our students to “fall through the cracks”. Because of our small size and limited teachers, we are forced to offer several classes with combined grade levels. These combined classes are then rotated every other year. This allows the kids an opportunity to work at their grade level or move up or down as needed to become successful. We are very proud of our continued success in having a 100% pass rate for the previously required California High School Exit Exam. The high school had an API score of 783.

The attendance area includes several small communities from Bassetts to Alleghany along the Highway 49 corridor.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the Basic State Priority (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Teacher Credentials

Teachers	School			District
	2014-15	2015-16	2016-17	2016-17

Note: High-poverty schools are defined as those schools with student eligibility of approximately 40 percent or more in the free and reduced price meals program. Low-poverty schools are those with student eligibility of approximately 39 percent or less in the free and reduced price meals program.

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2016-17)

Year and month in which data were collected: 12/14/2010

The main fact about textbooks that the Williams legislation calls for described whether schools have enough books in core classes for all students. The law also asks districts to reveal whether those books are presenting what is required by the California Content Standards.

School Facility Conditions and Planned Improvements (Most Recent Year)

To determine the condition of our facilities, our district sent experts from our facilities team to perform an inspection using a survey called the Facilities Inspection Tool, which is issued by the Office of Public School Construction.

Based on that survey, we've answered the questions you see on this report. Please note that the information reflects the condition of our buildings as of the date of the report. Since that time, those conditions may have changed.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. The CAAs have replaced the California Alternate Performance Assessment [CAPA] for ELA and mathematics, which were eliminated in 2015. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Career Technical Education Programs (School Year 2015-16)

Our school offers courses intended to help students prepare for the world of work. These career technical education courses (CTE, formerly known as vocational education) are open to all students. These courses include but are not limited to wood and metals shop classes, a Financial Algebra course and on line career oriented courses.

Career Technical Education Participation (School Year 2015-16)

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the Other Pupil Outcomes State Priority (Priority 8):

- Pupil outcomes in the subject areas of physical education.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

Opportunities for Parental Involvement (School Year 2016-17)

Parents are a welcome asset to our school. They play a very important role through their active participation and involvement in the Site Council, Parent Teacher Organization (PTO), Sports Booster Club, and serving as volunteers in the classrooms. These services are invaluable in assisting us to meet our goal of providing a positive learning environment for our children. We provide annual events such as Open House, Back to School Night, Halloween Carnival and sporting events. These programs and activities are what help establish our school culture. We ask that parents that wish to volunteer on a regular basis have their fingerprints cleared through the district office. Any questions, concerns or inquiries about our school and activities should be directed to Dr. Merrill M. Grant, Superintendent, at (530) 289-3473.

State Priority: Pupil Engagement

The SARC provides the following information relevant to the Pupil Engagement State Priority (Priority 5):

- High school dropout rates; and
- High school graduation rates.

School Safety Plan (School Year 2016-17)

Downieville Junior-Senior High School is situated in the small rural town of Downieville, California. Although, due to its small size, Downieville does not have a lot of crime that you would see in much larger suburban areas we still consider the safety of students and staff a priority. Our Safety Plan is based on the National Emergency Management System and is reviewed by the Board of Education annually.

All students are under constant adult supervision by a school employee. In their classroom, there is always a certificated teacher and or a classified aide with the children at all times. During outside activities, recess and lunch times the school provides a dedicated aide to be with the children.

Being very small and intimate, the staff is very familiar with all of the parents, guardians and other family members of our children. This unique situation allows us to keep track of who is on our campus much easier. This, however, does not mean that visitors do not have to check in at the front office.

The School Safety Plan has been given to all certificated staff members to be kept in a binder in their classrooms. The school runs practice "safety drills" several times a year on a surprise basis to monitor the effectiveness of each drill.

The site administrator is in contact with the Sierra County Sheriff's Office on a regular basis. They have been invited to have an officer attend extra-curricular activities as well as have an officer come on campus at any time. Their presence is and will always be welcome.

Professional Development (Most Recent Three Years)

Teachers take some time each year to improve their teaching skills and to extend their knowledge of the subjects they teach. Efforts are made to identify and attend relevant workshops and conferences addressing learning in the 21st century. We also have teacher planning and improvements half day sessions 9 times throughout the school year.
