

School Accountability Report Card

Reported Using Data from the 2010-11 School Year

Published During 2011-12

Every school in California is required by state law to publish a School Accountability Report Card (SARC), by February 1 of each year. The SARC contains information about the condition and performance of each California public school.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC webpage at <http://www.cde.ca.gov/ta/ac/sa/>.
- For additional information about the school, parents and community members should contact the school principal or the district office.

I. Data and Access

EdData Partnership Web Site

EdData is a partnership of the CDE, EdSource, and the Fiscal Crisis Management and Assistance Team (FCMAT) that provides extensive financial, demographic, and performance information about California's public kindergarten through grade twelve school districts and schools.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest webpage at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., state Academic Performance Index [API], federal Adequate Yearly Progress [AYP]), test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible. Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2010-11)

This section provides information about the school, its programs and its goals.

Downieville is located on the western slopes of the Sierra Nevada and is the county seat. Its year-round population is approximately 325, but that number swells during the summer due to tourism. Presently, the chief employers in the community are the County of Sierra, Cal-Trans, tourist-related businesses and the schools. Along with recreation, the economy was formerly based in mining and forestry, but the last decade has seen an employment decline in these areas causing an exodus of families from the region. Many homes have been purchased as second homes and are only used during the summer tourist season. This has compounded the problem, which has resulted in declining enrollment for the schools.

Downieville Elementary School is a small community of two multi-grade classrooms. The first is a Kindergarten through third grade class and the second is a fourth through sixth combination. The school is located at the same site as the Junior-Senior High school. They share their site administrator, office, special education, facility, custodial and kitchen staff. Both classrooms have paraprofessionals (aides) available to the primary teachers. This highly unique school offers the students the opportunity to receive a lot of direct attention from either their certificated instructor or the aide in the classroom. The kids have an opportunity to work at their grade level or move up or down as needed to become successful. Downieville Elementary School has an API of 851.

The attendance area includes several small communities from Bassetts to Alleghany along the Highway 49 corridor.

Opportunities for Parental Involvement (School Year 2010-11)

This section provides information on how parents can become involved in school activities, including contact information pertaining to organized opportunities for parent involvement.

Parents are a welcome asset to our school. They play a very important role through their active participation and involvement in the Site Council, Parent Teacher Organization (PTO), Sports Booster Club, and serving as volunteers in the classrooms. These services are invaluable in assisting us to meet our goal of providing a positive learning environment for our children. Our annual events include open house, back to school night, halloween carnival and sporting events. These programs and activities are what help establish our school culture. We ask that parents that wish to volunteer on a regular basis have their fingerprints cleared through the district office. Any questions, concerns or inquiries about our school and activities should be directed to Derek Cooper, Principal, at (530) 289-3473.

III. School Climate

School Safety Plan (School Year 2010-11)

This section provides information about the school's comprehensive safety plan, including the dates on which the safety plan was last reviewed, updated, and discussed with faculty; as well as a brief description of the key elements of the plan.

Downieville Elementary is situated in the small rural town of Downieville, California. Due to its small size, Downieville does not have a lot of crime that you would see in much larger suburban areas. This however does not mean that we do not take the safety of our children seriously. The Leadership team of the Sierra-Plumas Joint Unified School District has completed an update of our district/schools Safety Plan this school year.

All students are under constant adult supervision by a school employee. In their classroom, there is always a certificated teacher and or a classified aide with the children at all times. During outside activities, recess and lunch times the school provides a dedicated aide to be with the children.

Being very small and intimate, the staff is very familiar with all of the parents, guardians and other family members of our children. This unique situation allows us to keep track of who is on our campus much easier. This however does not mean that visitors do not have to check in at the front office.

The School Safety Plan has been given to all certificated staff members to be kept in a binder in their classrooms. The school runs practice "safety drills" several times a year on a surprise basis to monitor the effectiveness of each drill. This includes a week-long safety training for all staff and students.

The site administrator is in contact with the Sierra County Sheriff's Office on a regular basis. They have been invited to have an officer attend extra-curricular activities as well as have one come on campus at any time, as one is available. Their presence is and will always be welcome.

Suspensions and Expulsions

Rate	School			District		
	2008-09	2009-10	2010-11	2008-09	2009-10	2010-11
Suspensions	6.45	0	3.57	11.49	8.32	6.37
Expulsions	0	0	0	0	0.22	0

* The rate of suspensions and expulsions is calculated by dividing the total number of incidents by the total enrollment (and multiplying by 100).

IV. School Facilities

School Facility Conditions and Planned Improvements (School Year 2011-12)

This section provides information from the most recent Facility Inspection Tool (FIT) data (or equivalent), including:

- Description of the safety, cleanliness, and adequacy of the school facility
- Description of any planned or recently completed facility improvements
- The year and month in which the data were collected
- Description of any needed maintenance to ensure good repair

Year and month in which data were collected: 10/17/2011

To determine the condition of our facilities, our district sent experts from our facilities team to perform an inspection using a survey called the Facilities Inspection Tool, which is issued by the Office of Public School Construction.

Based on that survey, we've answered the questions you see on this report. Please note that the information reflects the condition of our buildings as of the date of the report. Since that time, those conditions may have changed.

School Facility Good Repair Status (School Year 2011-12)

This section provides information from the most recent Facility Inspection Tool (FIT) data (or equivalent), including:

- Determination of repair status for systems listed
- Description of any needed maintenance to ensure good repair
- The Overall Rating (bottom row)

System Inspected	Repair Status				Repair Needed and Action Taken or Planned

Teacher Misassignments and Vacant Teacher Positions

Indicator	2009-10	2010-11	2011-12
Misassignments of Teachers of English Learners	0	0	0
Total Teacher Misassignments	0	0	0
Vacant Teacher Positions	0	0	0

- * "Misassignments" refers to the number of positions filled by teachers who lack legal authorization to teach that grade level, subject area, student group, etc.
 "Vacant Teacher Positions" refer to positions not filled by a single designated teacher assigned to teach the entire course at the beginning of the school year or semester.

Core Academic Classes Taught by Highly Qualified Teachers (School Year 2010-11)

The Federal Elementary and Secondary Education Act (ESEA), also known as No Child Left Behind (NCLB), requires that core academic subjects be taught by Highly Qualified Teachers, defined as having at least a bachelor's degree, an appropriate California teaching credential, and demonstrated core academic subject area competence. For more information, see the CDE *Improving Teacher and Principal Quality* webpage at: <http://www.cde.ca.gov/nclb/sr/tq/>

Location of Classes	Percent of Classes In Core Academic Subjects Taught by	
	NCLB Compliant Teachers	Non-NCLB Compliant Teachers
This School	100	0
All Schools in District	84.81	15.19
High-Poverty Schools in District	86.21	13.79
Low-Poverty Schools in District	0	0

- * High-poverty schools are defined as those schools with student eligibility of approximately 40 percent or more in the free and reduced price meals program. Low-poverty schools are those with student eligibility of approximately 25 percent or less in the free and reduced price meals program.

VI. Support Staff

Academic Counselors and Other Support Staff (School Year 2010-11)

Title	Number of FTE Assigned to School	Average Number of Students per Academic Counselor
Academic Counselor	0.0	0
Counselor (Social/Behavioral or Career Development)	0.10	---
Library Media Teacher (Librarian)	0.0	---
Library Media Services Staff (paraprofessional)	0.20	---
Psychologist	0.10	---
Social Worker	0.0	---
Nurse	0.0	---
Speech/Language/Hearing Specialist	0.0	---
Resource Specialist (non-teaching)	0.0	---
Other	0.0	---

* One Full-Time Equivalent (FTE) equals one staff member working full-time; one FTE could also represent two staff members who each work 50 percent of full-time.

VII. Curriculum and Instructional Materials

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2011-12)

This section describes whether the textbooks and instructional materials used at the school are from the most recent adoption; whether there are sufficient textbooks and instruction materials for each student; and information about the school's use of any supplemental curriculum or non-adopted textbooks or instructional materials.

Year and month in which data were collected: 09/08/2008.

The main fact about textbooks that the Williams legislation calls for described whether schools have enough books in core classes for all students. The law also asks districts to reveal whether those books are presenting what the California Content Standards call for.

Core Curriculum Area	Textbooks and Instructional Materials/ Year of Adoption	From Most Recent Adoption?	Percent of Students Lacking Own Assigned Copy
Reading/Language Arts	SRA Open Court Reading 2nd Grade - SRA/McGraw-Hill Adopted 2002 Open Court Reading 3rd Grade - SRA/McGraw-Hill Adopted 2002 Open Court Reading 5th Grade - SRA/McGraw-Hill Adopted 2002 Open Court Reading 6th Grade - SRA/McGraw-Hill Adopted 2002	Yes	100%

VIII. School Finances

Expenditures Per Pupil and School Site Teacher Salaries (Fiscal Year 2009-10)

Level	Total Expenditures Per Pupil	Expenditures Per Pupil (Supplemental/ Restricted)	Expenditures Per Pupil (Basic/ Unrestricted)	Average Teacher Salary
School Site	18,154	6,917	11,237	56,379
District	---	---	10,695	49,185
Percent Difference: School Site and District	---	---	5.06%	14.63%
State	---	---	\$5,455	72,020
Percent Difference: School Site and State	---	---	54.06%	-21.73%

* **Supplemental/Restricted** expenditures come from money whose use is controlled by law or by a donor. Money that is designated for specific purposes by the district or governing board is not considered restricted.

Basic/Unrestricted expenditures are from money whose use, except for general guidelines, is not controlled by law or by a donor.

For detailed information on school expenditures for all districts in California, see the CDE Current Expense of Education & Per-pupil Spending webpage at <http://www.cde.ca.gov/ds/fd/ec/>. For information on teacher salaries for all districts in California, see the CDE Certificated Salaries & Benefits webpage at <http://www.cde.ca.gov/ds/fd/cs/>. To look up expenditures and salaries for a specific school district, see the Ed-Data Web site at: <http://www.ed-data.org>.

Types of Services Funded (Fiscal Year 2010-11)

This section provides specific information about the types of programs and services available at the school that support and assist students. For example, this narrative may include information about supplemental educational services related to the school's federal Program Improvement (PI) status.

Teacher and Administrative Salaries (Fiscal Year 2009-10)

Category	District Amount	State Average for Districts In Same Category
Beginning Teacher Salary	\$32,223	\$37,978
Mid-Range Teacher Salary	\$49,184	\$55,252
Highest Teacher Salary	\$66,147	\$71,674
Average Principal Salary (Elementary)	\$89,501	\$87,651
Average Principal Salary (Middle)	\$89,501	\$92,196
Average Principal Salary (High)	\$85,731	\$93,352
Superintendent Salary	\$113,300	\$116,851
Percent of Budget for Teacher Salaries	29%	34%
Percent of Budget for Administrative Salaries	6%	7%

* For detailed information on salaries, see the CDE Certificated Salaries & Benefits webpage at <http://www.cde.ca.gov/ds/fd/cs/>.

IX. Student Performance

The Standardized Testing and Reporting (STAR) Program consists of several key components, including:

- California Standards Tests (CSTs), which include English-language arts (ELA) and mathematics in grades two through eleven; science in grades five, eight, and nine through eleven; and history-social science in grades eight, and nine through eleven.
- California Modified Assessment (CMA), an alternate assessment that is based on modified achievement standards in ELA for grades three through eleven; mathematics for grades three through seven, Algebra I, and Geometry; and science in grades five and eight, and Life Science in grade ten. The CMA is designed to assess those students whose disabilities preclude them from achieving grade-level proficiency on an assessment of the California content standards with or without accommodations.
- California Alternate Performance Assessment (CAPA), includes ELA and mathematics in grades two through eleven, and science for grades five, eight, and ten. The CAPA is given to those students with significant cognitive disabilities whose disabilities prevent them from taking either the CSTs with accommodations or modifications or the CMA with accommodations.

The assessments under the STAR Program show how well students are doing in relation to the state content standards. On each of these assessments, student scores are reported as performance levels.

For detailed information regarding the STAR Program results for each grade and performance level, including the percent of students not tested, see the CDE STAR Results Web site at <http://star.cde.ca.gov>.

Standardized Testing and Reporting Results for All Students - Three-Year Comparison

* Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

California Physical Fitness Test Results (School Year 2010-11)

The California Physical Fitness Test (PFT) is administered to students in grades five, seven, and nine only. This table displays by grade level the percent of students meeting the fitness standards for the most recent testing period. For detailed information regarding this test, and comparisons of a school's test results to the district and state, see the CDE PFT webpage at <http://www.cde.ca.gov/ta/tg/pf/>.

Grade Level	Percent of Students Meeting Fitness Standards		
	Four of Six Standards	Five of Six Standards	Six of Six Standards
5	0	25	50

* Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

X. Accountability

Academic Performance Index

The Academic Performance Index (API) is an annual measure of state academic performance and progress of schools in California. API scores range from 200 to 1,000, with a statewide target of 800. For detailed information about the API, see the CDE API webpage at <http://www.cde.ca.gov/ta/ac/ap/>.

Academic Performance Index Ranks - Three-Year Comparison

This table displays the school's statewide and similar schools' API ranks. The **statewide API rank** ranges from 1 to 10. A statewide rank of 1 means that the school has an API score in the lowest ten percent of all schools in the state, while a statewide rank of 10 means that the school has an API score in the highest ten percent of all schools in the state.

The **similar schools API rank** reflects how a school compares to 100 statistically matched "similar schools." A similar schools rank of 1 means that the school's academic performance is comparable to the lowest performing ten schools of the 100 similar schools, while a similar schools rank of 10 means that the school's academic performance is better than at least 90 of the 100 similar schools.

API Rank	2008	2009	2010
Statewide	1	7	10
Similar Schools	N/A		

Academic Performance Index Growth by Student Group - Three-Year Comparison

Group	Actual API Change

* "N/D" means that no data were available to the CDE or LEA to report. "B" means the school did not have a valid API Base and there is no Growth or target information. "C" means the school had significant demographic changes and there is no Growth or target information.

Academic Performance Index Growth by Student Group - 2011 Growth API Comparison

This table displays, by student group, the number of students included in the API and the 2011 Growth API at the school, LEA, and state level.

Group	2011 Growth API					
	School		LEA		State

Adequate Yearly Progress

The federal ESEA requires that all schools and districts meet the following Adequate Yearly Progress (AYP) criteria:

- Participation rate on the state's standards-based assessments in ELA and mathematics
- Percent proficient on the state's standards-based assessments in ELA and mathematics
- API as an additional indicator
- Graduation rate (for secondary schools)

Detailed information about AYP, including participation rates and percent proficient results by student group, can be found at the CDE Adequate Yearly Progress (AYP) webpage at <http://www.cde.ca.gov/ta/ac/ay/>.

Adequate Yearly Progress Overall and by Criteria (School Year 2010-11)

AYP Criteria	School	District
Made AYP Overall	Yes	No
Met Participation Rate: English-Language Arts	Yes	Yes
Met Participation Rate: Mathematics	Yes	Yes
Met Percent Proficient: English-Language Arts	Yes	No
Met Percent Proficient: Mathematics	Yes	No
Met API Criteria	N/A	Yes
Met Graduation Rate (if applicable)	N/A	N/A

Federal Intervention Program (School Year 2011-12)

Schools and districts receiving federal Title I funding enter Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (ELA or mathematics) or on the same indicator (API or graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP. For detailed information about PI identification, see the CDE PI Status Determinations webpage: <http://www.cde.ca.gov/ta/ac/ay/tidetermine.asp>.

Percent of Schools Currently in Program Improvement	---	33.3

XI. Instructional Planning and Scheduling

Professional Development

This section provides information on the number of days provided for professional development and continuous professional growth in the most recent three year period. Questions that may be answered include:

- What are the primary/major areas of focus for staff development and specifically how were they selected? For example, were student achievement data used to determine the need for professional development in reading instruction?
- What are the methods by which professional development is delivered (e.g., after school workshops, conference attendance, individual mentoring, etc.)?
- How are teachers supported during implementation (e.g., through in-class coaching, teacher-principal meetings, student performance data reporting, etc.)?

Teachers take some time each year to improve their teaching skills and to extend their knowledge of the subjects they teach. Here you'll see the amount of time each year we set aside for their continuing education and professional development.
